FRANCE DECOUPE (ADDEV Materials Group), European Leader in Non Woven converting invests in a Clean Room

FRANCE DECOUPE, member of the ADDEV Materials Group since 2016, has invested in a new clean room dedicated to non-woven parts manufacturing.

With more than 20 Million parts produced per year, the plant based in the Loire County has developed since 1993 a unique expertise know-how in non-woven converting dedicated to Markets such as Industry, Construction and Hygiene.

Aware of the large potential surrounding markets such as Medical, Cosmetic or Food Contact, FRANCE DECOUPE just finalized the construction of a 350sqm clean room. This new clean facility, away from pollution risks, will be used to produce non-woven wipes, Facial masks, skin patches and absorbing food pads.

This Investment highlights the goal of the company to aim at High Potential sectors. Above of its expertise in materials, of its savoir-faire and markets knowledge, FRANCE DECOUPE also offers to its clients custom packaging and logistic solutions.

"With this new investment, FRANCE DECOUPE embraces new growth perspectives in demanding markets with high added value" Arnaud Rivière, FRANCE DECOUPE Managing Director.

This plant will be the only in France to offer such a wide range of non-woven parts in a clean room environment. It is a pride for ADDEV Materials, a "French Fab" Player, to participate in jobs creation in the Auvergne Rhone-Alpes region.
