Profile

Al-Amal for Agricultural Crops (Egyptian Joint Stock Company) was founded in 1960 in Damanhour, El Behera. Al-Amal is a market leader in rice milling and packaging in addition to legumes trading in both the local and international markets.

Al-Amal is a well-established provider of milled Egyptian Rice, White Kidney Beans, Whole & Split Fava Beans, Legumes in general. Furthermore, Al-Amal has an impressive Sorting & Packaging Factory for Egyptian Dates built on 25,000 sq.m. with a 25 tons/ day production capacity.

As a result of Al-Amal successful endeavors in exporting rice and legumes, new products were added to the company's portfolio. Such products were hand picked and sourced from the local market.

Al-Amal added herbs andspices based on extensive market research and demand analysis.

Al-Amal is always eager to retain the services of foreign industry experts for the sole purpose of training and developing the full potential of its local staff.

Al-Amal is proud to hold itself to the highest European & International Standards when it comes to its entire product range and boasts a wide customer base in Egypt & abroad.
