

BALU

Crankshafts

Вал коленчатый • Vilebrequins • Kurbelwellen • Cigüeñales • Granks

CERTIFICATE

Management system as per

ISO/TS 16949:2009

(3rd edition, 2009-06-15)

Evidence of conformity with the above standard has been furnished and is certified for

BALU INDIA

**43-B, Kakti Industrial Area, Kakti, Belgavi,
Karnataka - 591113
India**

scope

Manufacture of Crankshafts

without product design responsibility (according to section 7.3)

IATF Registration No. 0222357
Certificate Registration No. 44 111 151192
Audit Report No. 3516 6878

Issue date: 2015-10-25
Expiry date: 2018-09-14
Audit cycle: 12 months from 2015-09-16

A handwritten signature in black ink, appearing to read "J. Br. on old", is written over the text of the certification body.

Certification body
at TÜV NORD CERT GmbH

Essen, 2015-10-25

This certification was conducted in accordance with the IATF Rules for auditing and certification and is subject to regular surveillance audits.

TÜV NORD CERT GmbH

Langemarckstrasse 20

45141 Essen

www.tuev-nord-cert.de

'Balu' has become a name symbolising quality & excellence in the field of crankshaft manufacturing since its inception in 1990. Our in-house capability & state of the art automotive engineering enables us to manufacture any type of crankshafts in a large range of applications namely Automotive, Agricultural, Marine & Industrial. We have developed a very extensive range of forged crankshafts for leading Original Equipment Manufacturers within India and the SAARC region as well as supplying crankshafts to the global after market to over 80 countries around the world.

The ISO/TS16949:2009 accreditation of our units in 2012 by TUV Nord Cert Gmbh added to our competitive edge making 'Balu' one of the very few companies to have this accreditation in the field of manufacturing crankshafts. 'Balu' is now an avant-garde manufacturer of fully finished and semi-finished forged crankshafts and guarantee to manufacture as per customer requirements & market demands. Our incremental innovation & continuous strive to improve has awarded us by making us the only company to have the capability to manufacture crankshafts confirming to EURO III / Bharat IV norms.

The machining of the crankshafts is done with the latest equipments, instruments, technologies and highly skilled work force which provide exceptional control over the entire process of manufacturing the crankshafts & strict adherence to Six Sigma & 8D disciplines. 'Balu', the supplier of choice of major OEM's not only in India but around the world due to our technological advantage and the highest standards of quality in the industry. All the crankshafts are manufactured to exact O.E specifications and on CNC Auto lines, to ensure precision at every stage.

'Balu' has continually strived to broaden our manufacturing base and with the acquisition of the state of the art machining lines from Poland in the year 2006 and as recently as 2011 from France, our capability has expanded to produce crankshafts up to 2.5 meters in length and installed capacity has increased to 30,000/ month.

Installed capability and capacity of 30000 crankshafts per annum

- ✓ Infrastructural Capacity to Manufacture 1000 Crankshafts every day
- ✓ Fully Engineered and Equipped to OEM requirements
- ✓ In House Standard Room with CMM Capability
- ✓ Facing & Geometrically Centering on Endomatic
- ✓ Mass Centring on Schenck
- ✓ PIN Milling on Heller & Journal on CNC Turning Centers
- ✓ Oil holes on Thomas Ryder & SPM for universal oil hole
- ✓ Induction Hardening on solid state AEG Elotherm
- ✓ In-house Metallogical Lab to check hardness, Case depth and Material composition
- ✓ Grinding on CNC Journal, Pin & Angular Newall / Landis Grinders
- ✓ Post Grinding operations on Makino Horizontal Machining Centers
- ✓ Dynamic Balancing on Schenk/Abro
- ✓ Super Finishing on Nagel Auto lapping
- ✓ Pressure Cleaning on Otto Durr

EXPORT AWARDS

OVER 80 COUNTRIES EXPORTS

We have been accredited with numerous awards for our achievements in crankshaft manufacturing suitable for a large range of applications namely Automobile, Agricultural, Marine and Industrial. We have a strong presence and customer base in over 80 countries worldwide.
