# Tool Racks

The tool rack, the core of the CNC Tool Storage System, is compatible with the entire Rousseau product line. The compact and sturdy rack is equipped with practical, ergonomic handles making it easy to carry. However, its greatest advantage is the protection it can offer your tools. Made of sturdy PVC, the extruded part of the tool rack protects your tools against blows while allowing for coolant drainage. The contact point between tools and the rack help prevent corrosion.

**PATENTED**

**NOTE** *The number of tools that a tool rack can hold varies according to tool diameter and the width of the tool rack.*

## THE ROUSSEAU ADVANTAGES

- Avoids accidental contact between tools;
- Prevents corrosion and premature wear due to inappropriate storage;
- Minimizes your tool acquisition and reconditioning costs;
- The identification zone allows for quick retrieval of tools.

# Mobile Carts

## Proposals and Accessories

The Rousseau mobile carts have been designed to optimize your changing workspace set-up, carry your tools efficiently, facilitate moving your tools, and all of this, while providing adequate protection.

The carts are equipped with smooth-rolling, silent, 4" polyurethane casters that glide easily even over metal fragments and greasy surfaces.

The tool rack's PVC surface ensures protection against blows, corrosion and spattering molten metal. The racks are inclined 20° for easy access during handling.

### 36" HEIGHT CART

NCW0101

8 - 30" W tool racks with ergonomic handles;  
4" polyurethane casters that do not mark floors;  
Shelf with aluminum handle.

# Stationary Storage Systems for Tools

## Proposals and Accessories

Whether for storing specialized materials for metal working, such as drill bits, collets, punches, tool holders or standard tools such as pliers, files, wrenches or various fittings and sockets, Rousseau offers a multitude of solutions: stationary stands, modular cabinets, shelving with drawers, mini-racking, etc. All of these possibilities mean that you are sure to find the storage solution that best fits your specific needs.

Our range of storage possibilities ensures ideal protection against corrosion and premature aging of your tools caused by inadequate storage. Your tools are precious; let Rousseau help you protect them!

### 54" HEIGHT STAND

NCW0248

- 8 - 30" W tool racks with ergonomic handles;
- 2 plastic bin rails (note: the red plastic bins are not sold by Rousseau);
- 2 shelves, each with 3 dividers.

Dimensions			Taper 40	Taper 50	HSK 50	HSK 63	50 KM	63 KM

### TOOL STORAGE CABINET

NCM0067

- 12 tool racks with ergonomic handles;
- 3 drawers that open 100%, 12" clearance between the drawers;
- 2" cabinet base allows the cabinet to be moved with a forklift;
- Includes the true one-at-a-time locking mechanism;
- Available without doors, with solid doors, or polycarbonate doors (standard lock included);
- The doors open 180° permitting full clearance space for easy tool handling;
- The polycarbonate surface of the doors is highly impact resistant.

# Workstation System

**"Optimize your Workspace from Top to Bottom".**

Rousseau workstations simplify your life, while increasing operator efficiency and productivity. Infinite layouts are possible, both above and below the worksurface, thanks to a versatile and sturdy line of products. The workstations evolve with your changing workspace needs by simply adding any of the easy to install accessories. Their attractive design fits well in an office type setting.

LC3002C

## BASIC WORKBENCH

WSA2031

- Basic workstations are available open, closed, single or double, etc.
- Depending on your needs, two types of cabinets are available: a compact cabinet with 100 lb capacity drawers and a heavy-duty cabinet with 400 lb capacity drawers.
- Available mobile or stationary.

## SPECIALIZED WORKBENCH

R5WL5-2003

- Whether you are installing a workbench for a production or assembly line or a custom layout for your machine tool workshop, our line of products offers you an impressive selection of accessories that are sure to meet your expectations.
- Ex.: Packaging stations, electronic, quality control and maintenance workstations.

## MULTI-PURPOSE STAND

WMA4050

WMA1032

- The multipurpose stand allows you to keep a multitude of accessories close at hand, from the simplest tools to complex computer parts, spools supports and electronic equipment.
- It increases productivity and reduces risk of injury.
- Available mobile or stationary.

## MULTI-PURPOSE FRAME

- The support may be installed on Rousseau workbenches as well as most workbench tops offered on the market.
- It offers infinite possibilities to increase efficiency and productivity. The accessories are easy to reconfigure without tools, by tightening the handles or by hooking them onto the uprights.

## THE ROUSSEAU ADVANTAGES

- Layout and position of the majority of the accessories can be changed without tools.
- Components are installed by simply tightening handles or by hooking them onto the uprights.

# Workstation System

## Proposals and Accessories.

Here are some of our most popular workbenches and multi-purpose stands. Workbenches shown are 60" W x 30" D and multi-purpose stands are 32" W x 27"D. Rousseau offers you several work surface dimensions (48", 60" and 72" wide ; 24", 30" and 36" deep) . Types of work surfaces offered are : painted steel, stainless steel, laminated and dissipative tops. Some of the proposals can be made mobile for added flexibility. Visit our website for more information on proposals and accessories.

# Spider® Shelving System

“Versatile Solutions for your Individual Storage Needs”.

With its quick assembly and sturdy construction, the Spider® Shelving System is the most complete and versatile system on the market. It is the only system that allows efficient storage of small, medium and large parts in the same unit by combining industrial shelving, Mini-Racking and drawers in shelving. Easy to assemble starter, add-on and back-to-back Spider® Shelving System units which can easily adapt and be reconfigured as your needs evolve.

SRE4515WM

SRE2155

## SPIDER® INDUSTRIAL SHELVING

SHC4001

- Assembly is simple; shelves are installed on the posts using 4 compression clips.
- Perforations on the post at every 1" c/c for easy and fast shelf adjustments.
- Standard load capacity can reach 800 lb.
- Open and closed shelving.

## SPIDER® MINI-RACKING

SRE5127S

- The steel beams are designed for several types of decking : steel, wire mesh and wood.
- Load capacity up to 1925 lb.
- Beams hook onto the front of the posts ensuring a sturdy structure and assembly in just minutes.
- Common post for Mini-Racking and industrial shelving.

## MULTI-LEVEL SHELVING

- Lack of space?
- Before building on an addition, think about Rousseau multi-level shelving.
  - It allows you to increase efficiency by using the space you already have to the maximum in height, width and depth.

## SHELVING WITH DRAWERS

R5SEE-874804

- Drawers installed in Rousseau Spider® Shelving give you high density storage, optimize your investments and get more room.
- The drawers can also be installed in over 35 brands of shelving on the market.
- Easy and quick hook-on assembly for most brands of shelving.

## THE ROUSSEAU ADVANTAGES

R5XEC-2004

Store small, medium and large parts in the same unit. By installing Rousseau modular drawers in your storage unit combined with Mini-Racking, both bulk and high-density storage can be installed in the same unit. The common post is the cornerstone of the structure. Its unique T-Shape provides up to 7 fixing zones for different applications.

# Spider® Shelving System

## Proposals and Accessories.

With quick assembly and sturdy construction, the Rousseau Spider® Shelving System can respond to all your storage needs. There is a wide range of accessories and dimensions available to adapt to your facility. Plus, by combining Mini-Racking, adding modular drawers and expanding in height with our two-level shelving system, you will have unlimited possibilities. It is the most complete offer on the market. Visit our website for more information on proposals and accessories.

### SPIDER® INDUSTRIAL SHELVING

# Accessories

Rousseau offers you a wide range of accessories for varied storage solutions.

The drawers can be equipped with accessories such as foam that is oil resistant and non absorbent (foam for tools, collets or protection), and drawer partitioning accessories such as groove trays, plastic bins, partitions and dividers.

Rousseau shelving can be customized by adding accessories such as steel or polycarbonate doors to protect stored material as well as shelf dividers, perforated panels and louvered panels for plastic bins. Drawer in shelving applications can also be equipped with a vertical security bar.

The workstation system offers a multitude of accessories both above and below the work surface. A few of these include storage shelves, tack boards, marker panels and lighting.

Here are a few of the accessories we offer. Contact us; we have the products that will respond to your specific needs.

<p>PARTITIONS <b>PATENTED</b> RG00</p>	<p>DIVIDERS RG10</p>
 <p>Our front to back and left to right partitions have dividers that are clipped in place.</p>	 <p>The layout connection system (snap-on) keeps the dividers in place (clipped without screws) and reduces noise caused by vibrations.</p>
<p>FOAM FOR PROTECTION RG41</p>	<p>GROOVE TRAYS RG35</p>
 <p>Protects material stored in the drawers.</p>	 <p>Useful in the storage and protection of long objects such as drill bits, borers, sockets, lathe parts, files, tools, etc.</p>
<p>PVC DRAWER LINER RG40</p>	<p>PLASTIC BINS <b>PATENTED</b> RG20</p>
 <p>Non-skid surface protects the material stored in the drawers.</p>	 <p>Simplify storing, moving and managing small items. The 45° angle permits fast identification of bin contents and an easy grip when removing the bins. The bins are compatible with the 3" and 4" drawers as well as the louvered panel for workstations and shelving.</p>
<p>FOAM FOR TOOLS RG42</p>	<p>SOLID AND GLASS DOORS SHELVING SH41/43/91/93</p>
 <p>This oil resistant and non-absorbent drawer foam protects your tools and allows for fast identification. Foam sold uncut.</p>	 <p>Doors open 180° with locking mechanism and built in handle. The polycarbonate surface of the doors is highly resistant to impacts.</p>
<p>FOAM FOR COLLETS RG43</p>	<p>VERTICAL SECURITY BAR RE80</p>
 <p>This oil resistant and non-absorbent drawer foam protects your collets and allows for fast identification. Foam sold uncut.</p>	 <p>Allows you to lock your items stored in drawers in shelving.</p>
