itex® BY HÜBENTHAL:

ALL-ROUND AND SPECIALIST SOLUTIONS FOR EVERY REQUIREMENT AND AREA OF APPLICATION

For over 80 years now, Carl Hübenthal GmbH & Co. KG has been an international provider of cellulose and nonwoven wipes for industry, healthcare and hygiene. We offer you cost-effective wipe solutions specifically geared towards the demands of the respective work process and environment. Additional factors such as user-friendliness and low-cost disposal are major factors which we consistently incorporate within our product-development activities. With our wipe solutions, your employees can perform their cleaning and wiping tasks faster and more efficiently, and therefore more cost-effectively.

THE RIGHT WIPE FOR EVERY WORK PROCESS

By using a wipe which is specifically designed for the respective application, which provides the best possible product performance, and which features a dispenser solution offering greater user-friendliness and a reduction in usage, you can increase the efficiency of your work processes whilst reducing your material volumes and disposal costs.

IN YOUR COMPANY OR FOR
YOUR OWN LABEL

“Do you want a customised solution for your company?”

As a manufacturer of wipes for industry, healthcare and hygiene, Carl Hübenthal GmbH & Co. KG has over the years developed into a specialist in private labels to meet the growing demand for customised packaging. We offer you customised product designs and packaging, even on small-scale orders. If you are also interested in having your own line of wipes for industry, healthcare and hygiene, please get in touch with us. We will be happy to contact you and discuss the numerous possibilities for successfully marketing your products.

We produce the right wipe for every type and area of application in your company.

We offer you exactly the right quality and properties which are necessary and efficient for your wipe.

Formats and fold types are precision-adjusted to match the specific way the wipe is used during the respective work process.

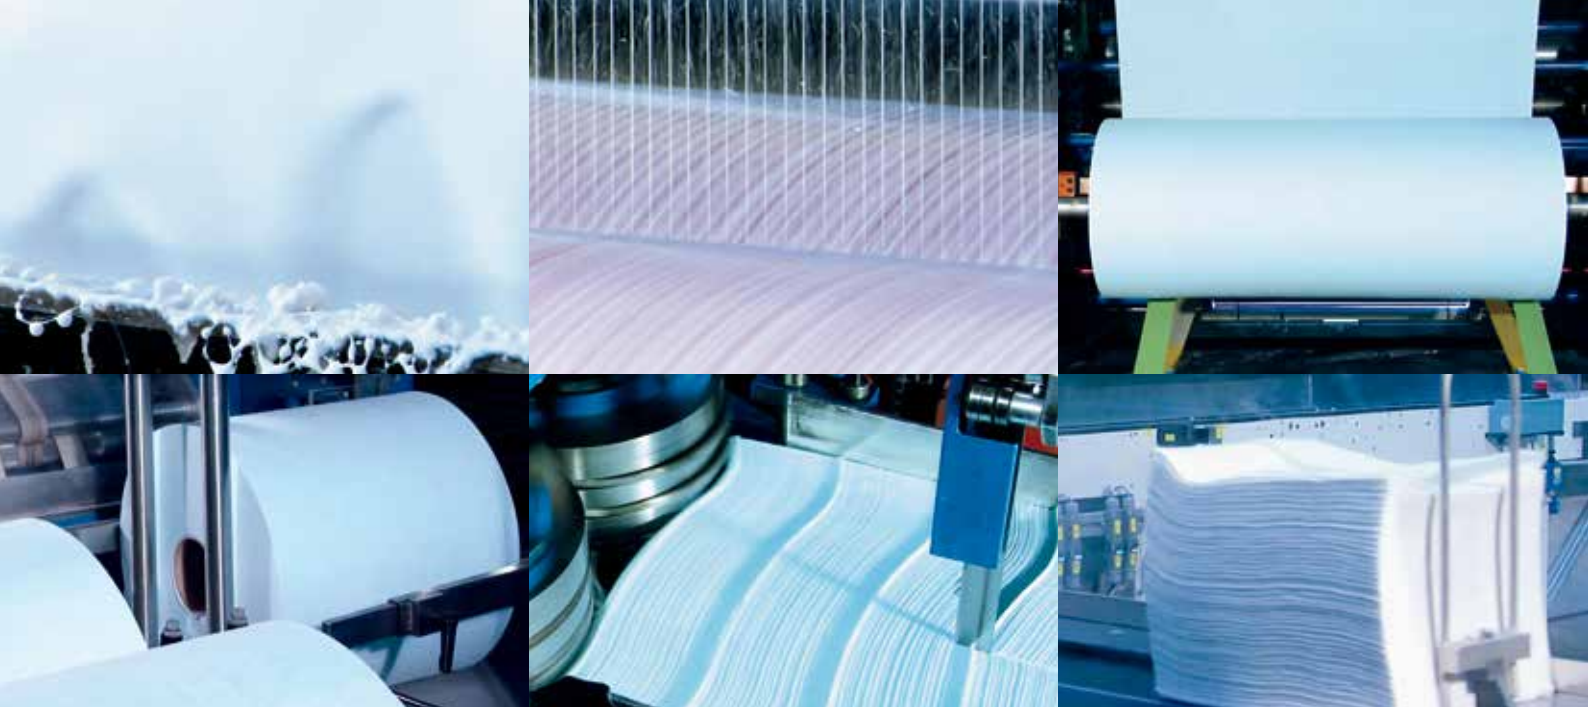

We custom-produce your packaging design and size as well as your desired packaging units.

You can also individually define the colours of your wipes, e.g. for safety reasons and to colour-code different work areas.

We offer you the optimal dispenser system to match the working environment.
