## Companies

The **Chemco Group**, which laid its foundation in January 1980, consists of the following companies:

1. Chemco Plastic Industries Private Limited
2. Gaurav Containers Limited
3. Small Wonder Industries
4. Net-guard Industries
5. CP Gulf L.L.C.

Each of these companies manufacture diverse products catered to specific requirements of their particular targeted customer base. They are all united by specialization in manufacturing excellence, quality and efficiencies that keep our customers in the lead.

---

## Manufacturing Units

Chemco has 4 Manufacturing Locations:

1. Vadodara
2. Silvassa
3. Daman
4. Ras Al Khaimah (U.A.E.)

Each manufacturing unit is designed with utmost importance on efficiency, safety, quality and future sustainable growth. They usually undergo vigorous audits both, internal and external, to re-emphasize and withhold our quality promise.

---

## Products

Chemco has various products that can be summarized into the following groups:

1. Preforms
2. FMCG
3. Bottles
4. Jars
5. Baby Feeding Bottles
6. Liquid Silicone Rubber Teats
7. Nettings
8. Loofah
9. Insulation
10. Other Injection and Blow Molded Products

Each product is manufactured using only the best in class machines and equipment while utilizing the highest quality approved raw materials. Every product has a separate team of marketing, accounts, operations, logistics, after sales and management individuals that are experts in their fields.

# Machinery

Chemco uses only the best machines that are tested and proven. Regular maintenance, good care and frequent up-gradation has been vital to our success.

## (A) Husky Injection Molding Systems

Make : Canadian  
Type:  
Hypet HPP 48 Cavity Machines  
Hypet HPP 96 Cavity Machines

## (B) Krauss Maffei Injection Molding Systems

Make : German  
Type :  
PETFORM Systems 48 Cavity

## (C) Chen Hsong Injection Molding Systems

Make : Hong Kong  
Type :  
128 Ton Injection Molding Machines  
328 Ton Injection Molding Machines  
650 Ton Injection Molding Machines

## (D) ASB Single Stage Systems

Make : Japan/ India  
Type :  
Nessai 50 MB machines  
Nessai 70 DPH machines  
Nessai 12 N machines  
Nessai 650 machines

## (E) Dr. Boy Injection Molding Systems

Make : German  
Type :  
DB 4 Cavity System for LSR  
DB 6 Cavity System for LSR

## (F) Uniloy Milacron

Make : USA/ India  
Type :  
UMS 70 (Multi and Mono Layer)  
UMS 100 (Multi and Mono Layer)

## (G) Fong Kee

Make :  
Type : FK/HBA-45/65GT04QD

In addition to these machines, Chemco also runs over 60 blowing and smaller injection molding machines.

# Quality Control Equipment and Certifications

At Chemco, where Quality is Religion, every product undergoes strict testing procedures that require very high-end equipment. Automation in Quality Control avoids human error and assures our customers of uniformity, timely service and quality.

## Highlights:

### Intravis Testing Machine

On-line testing machine that has over 50 high-speed cameras and other visual equipment that allows for quick and accurate monitoring of products.

### AA Level Analyzer

Tests the AA level of bottles and preforms, which is crucial for the performance of the product.

### Shotscope System

Monitors and keeps a record for all machine runtimes, production schedules and maintenance which is viewable and controllable online. This program runs on 2 super computers that are connected to the Internet. It allows problem solving with help of engineers and experts sitting anywhere in the world in a matter of minutes.

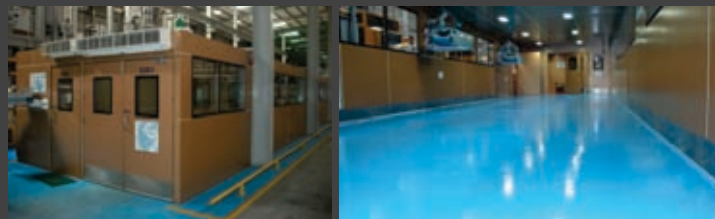

### Barcoding and Tracking

Allows for accurate tracking of products all the way from the raw material used till the delivery is made at the customer's end. Using this unique system we are able solve any problems at the root stage without disrupting the system as a whole.

## Clean room production areas

Production is only taken in pharmaceutical grade clean rooms with an extremely controlled environment that is certified every year. This assures our customers of dust free environments and zero contamination of products.

### SGP Compliant

100% SGP compliance has been achieved and re-checked every year to ensure efficiency and legality of all practices.

### ISO 9001:2008 Certified

ISO certification in addition to our unique company's unique practices allows us to run a smooth and flawless system ensuring our customers get the best service and product, always.

# Management

## CMD and Directors

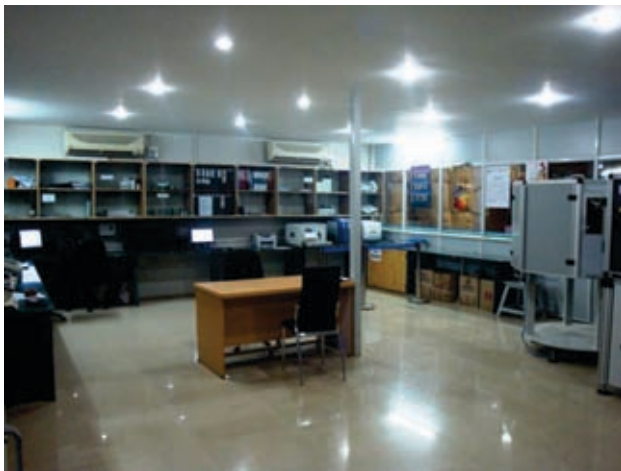

The Founder, Promoter and Chief Managing Director of the Chemco Group of Companies, **Shri Ramawatar Saraogi**, age 55, has a M.S. in Plastic Engineering, U.S.A. He holds quite a few patents in his name. His vision and technical expertise has made the group a pioneer in many products. His two sons, Mr. Gaurav Ram Saraogi (bottom left) and Mr. Vaibhav Ram Saraogi (bottom right), have also joined the business after completing their education from U.S.A, they bring a fresh approach to the operations of the group.

# Manpower

Chemco boasts one of the highest retention rates in the industry. Chemco's open door policy that allows an employee to openly express themselves to their seniors has proven to be a large success in businesses throughout the globe.

Our current strength is as follows:

Particulars	Number of Employees
Managerial, Technical and Supervisory Staff	90
Unskilled & Semi Skilled Labour	310
Total	400

# Financials, Contracts and Customers

The company has a turnover of \$65 Million that is expected to touch \$100 Million by 2015.

The primary form of business is done through long-term contracts, which enables the company to either set up new plants (if there is a substantial locational advantage) or purchase new machinery and molds for current plants, depending on the customer's requirements.

These contracts contain various specifics such as predictive quantity indications, agreed prices for the period, quantity slabs, quality requirements, statutory requirements, non – disclosure agreements, non-competitive clauses, etc.

Each contract is adhered to strictly with regular updates and changes to meet current requirements as and when the renewal period arrives. In addition, the group also spot sells from its vast product line and is always in the forefront of development.

Multi-national companies place their faith in Chemco by increasing their business every year. With over 30 years of industry experience whilst providing the highest level of service and customization to suit the needs of its customers, Chemco has evolved to become one of the best contract manufacturers in the world.
