

Up
to you

The very first
100%
recycled fabrics

 **equipo drt**

www.equipo-drt.es

Up is a quality fabric which is sensitive,
sustainable, concerned, reinvented, improved,
smart, eco-friendly, full of true luxury... and full of
life.

are you **Up**?

Up, upcycled fabrics talking about environmentally sensitive and sustainable design. Completely recycled designs made of reconverted fabrics or fabrics woven with PET yarns. Up is an improved and reconverted design, transformed into a new and original product more concerned about its environmental impact.

are you **Up**cycled?

Up Spaces / Up Project

A brand new generation of fire retardant fabrics. Design fabrics for both residential and hospitality spaces. Fabrics concerned about the future.

are you **Up Project?**

Up Spaces / Up Home

A wonderful choice of fabrics for your home decorating needs. Create pleasant and cozy modern homes with environmentally sensitive and sustainable fabrics.

are you **Up Home?**

Up is innovation, it is sustainable design. Up adds real value to your hospitality and residential schemes. Being eco-friendly is rewarded.
