

GRUPPO PEDERCINI

ENERGY AUTOMATION STEEL IRON ALUMINIUM QUARRIES

Company Profile

ALWAYS BE AT THE FOREFRONT WITH NEW TECHNOLOGIES,
WITH PASSION-INTEGRITY-RELIABILITY AND QUALITY.

MADE IN ITALY

GRUPPO PEDERCINI

“TOGETHER FOR LEADERS”

The Gruppo Pedercini is a leading manufacturer of steel and aluminium plants, industrial automation, energy and quarries. Established in 1990, we supply a wide range of plants and technological solutions to fulfill the needs of the industry.

Our emphasis is on R&D aiming at improving the quality, safety and ease of use of our plants. As a result of this, we basically carry out the development of new eco-sustainable and environmentally friendly products, revamping of existing plants, turnkey projects etc. We aim to add value to our customers by delivering the latest technologies and keeping them up to date.

Over the years, Gruppo Pedercini has implemented a quality system in conformity with ISO 9001:2008 for project engineering, installation & start-up, maintenance services, customer training for civil and industrial electrical systems in accordance with international standards.

COMBUSTION SYSTEMS

- Melting Furnace
- Reheating Furnace
- Treatment Furnace
- Forge Furnace
- Lamination Furnace
- Ladle and Tundish heaters
- Revamping of furnaces

AFTER SALES SUPPORT

- Instrument control
- Ordinary and extraordinary maintenance interventions
- Ordinary and extraordinary maintenance interventions on combustion plants
- Thermocouple control lab and temperature sensors

- Laboratory instrumentation repair and temperature sensors
- Training courses

MAINTENANCE SYSTEMS

- Calibrations
- Instrument control
- Combustion analysis

“We have the ability and resources to provide solutions tied to our customers’ unique requirements.”

PLANTS

- Board Machine Plant
- Electrical Board Wiring
- Installation of electrical cabinet
- Industrial electrical plants
- Home & building automation
- Special system plants

ANALYSIS AND CONSULTING

- Electrical-Pneumatic-Mechanical-Hydraulic construction designs

AUTOMATION

- PLC software development
- HMI/SCADA software development
- Dot.net software development

SERVICE

- 24h maintenance
- Spare parts service
