

LIGHT LIVING. CATALOGUE

A close-up photograph of a wooden table leg. The leg is made of light-colored wood with a prominent grain. It features a unique spiral detail in the middle section, where the wood is cut and stacked to form a series of overlapping, rounded, shell-like layers. The top of the leg is a smooth, flat wooden surface. The background is a soft, out-of-focus light gray.

## MINT. LIGHT LIVING

When we consider the possibility of moving in with someone, we are very selective and try to choose someone who shares our values, who we can imagine spending the rest of our lives with and be ourselves. Why should it be different with our furniture? With strong emphasis on the timeless design, sustainability and outstanding quality, MINT Furniture believes it shouldn't.

MINT furniture was founded in 2009 by two designers - Janis Rauza and Ieva Andzane, of North European origin, where historically the design core values are functionality and natural aesthetics. The process of creating custom-designed bespoke items gradually had to become more industrial at the same time maintaining the uniqueness and adding a personal touch to every piece made at MINT furniture factory.

The furniture collection was inspired by the world's best design examples, modern and Brutalist architecture, as well as by MINT designers' personal views on contemporary living. MINT Furniture is attractive due to its high functionality, outstanding quality, laconic shapes and incredibly light lines. This is the furniture, which never goes out of the style.

MINT back-office provides bespoke interior design solutions, convenient delivery services, simple assembly instructions and professional advice. We will happily complement the collection with stylish details to secure functionality of the space in compliance with the customer preferences.

MINT Furniture highly values ease and authenticity. Simplicity of the shape, lightness of the design and easy installation, as well as high quality of the materials and variations of colors are MINT values that will turn furnishing of the house into a pleasant experience inspiring achievement.

## SEATING

Lightness and harmony enter the room with **MINT chairs**. Ease of the 1970s French design and purity of the Northern European design meet in the shape of MINT chairs. Being in the room they dictate the mood and inspire changes. MINT chair designs show the designer's ability to combine the natural look and to use the assimilation of multicultural environment. In MINT furniture design there is a sense of a strong tradition that intrinsically transforms to such emotional qualities as calmness, tranquility and self-sufficiency.

## CHAIR AIR M9000

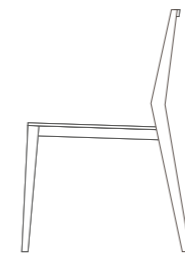

Chair Air is the design symbol of the MINT collection. The texture of the chair fabric and the synergy of its natural colors with the light, the carefully curved backrest give the impression of sophistication combined with lightness and naturalness.

## CHAIR AIR PLUS

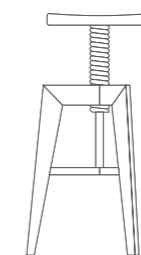

M9001 / M9002

MINT furniture is produced as the end product of a long process putting first things first. Silhouettes determine the function and the materials — the choice.

## CHAIR GHOST M1100

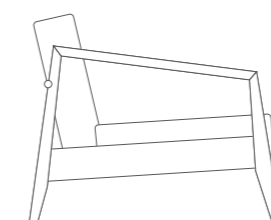

The product design is based on the imperceptible fusion of many cultures and artistic decades embodied in minimalism.

## STOOL SCREW BENCH M1301/ M1300

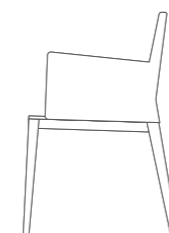

Stool Screw bench is the basis of the MINT collection design. It is marked by slanted MINT lines, quality of natural solid wood and modularity of the height adjustment. Screw stool as a design object would refine any interior, while its functionality can be useful in any room, in the kitchen or by the bar counter.

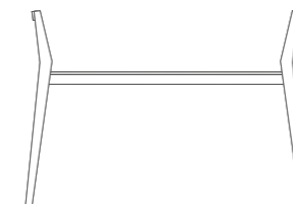

**ARMCHAIR COMFY**  
M1001

Features of the past mid-century classics in the collection cause a sense of nostalgia and respect for the past.

**CHAIR BLOOM**  
M2000 / M2001

The simple shape of the chair allows to spot the bright chair paddings made of exquisite fabric. This makes this furniture play a key role in the room.

**BENCH DEER**  
M9100

Bench Deer is a unique design element influenced by Art Deco.

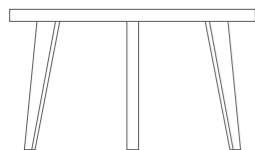

## TABLES

MINT aims at laying the foundation for the revival of the best samples of style and classics tuned to the modern living tendencies — everything is elementary and there is nothing superfluous.

**TABLE ROUND**  
M8001 / M8002 / M8003

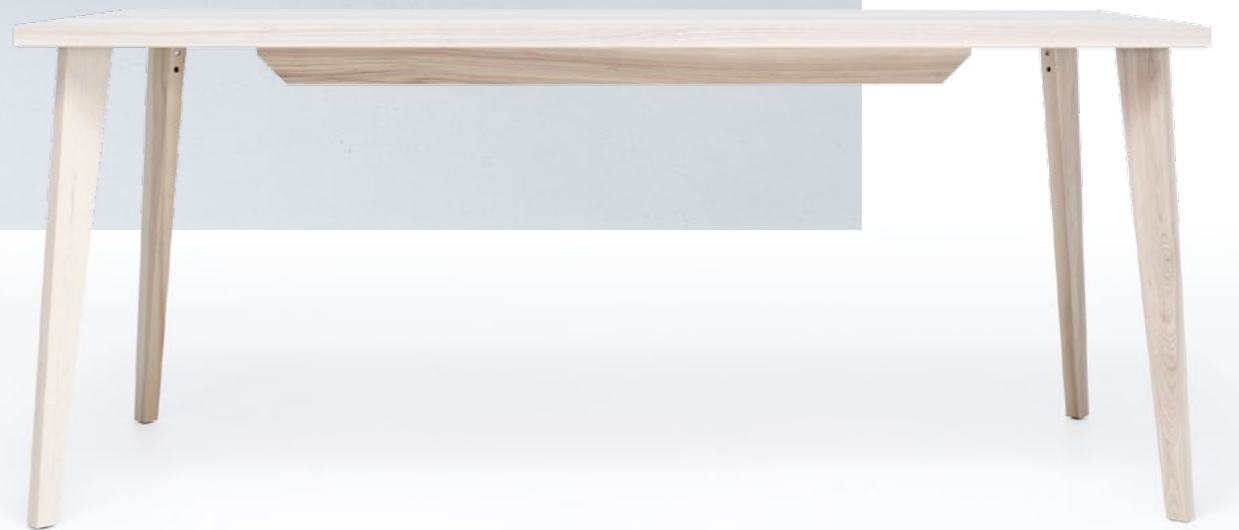

Scandinavian moderateness is also reflected in the combinations of colors and materials, as they are not competing, but serve as a background for the other interior elements - paintings, carpets and crockery.

## COFFEE TABLE

M8010 / M8011 / M8013 / M8015

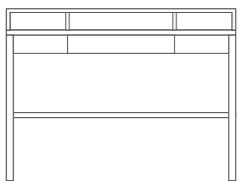

MINT coffee table is a quote from the design of the 1970s, when both the world famous film stars and the interior design trends of the time were brilliant in their simplicity.

## TABLE QUATTRO

M8005 / M8006 / M8012 / M8014 / M8013 / M8015

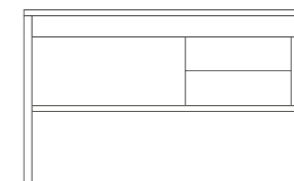

Mint is for people, who like to keep their home simple and natural, no clutter, just the things you need for everyday life.

## WRITING DESK COMPACTUS M2600

We can create only with a free and meditative mind. When there is nothing superfluous, just clarity and peace, the outcome is a piece of furniture like the writing desk COMPACTUS.

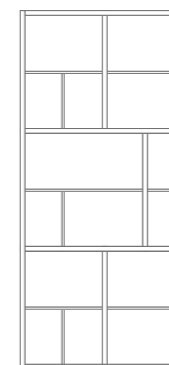

## WRITING DESK WITH STORAGE M2500

If something is merely beautiful, it conveys nothing. For this reason in our collection functionality and comfort are as essential as the quality of the materials and the outer appearance of the piece.

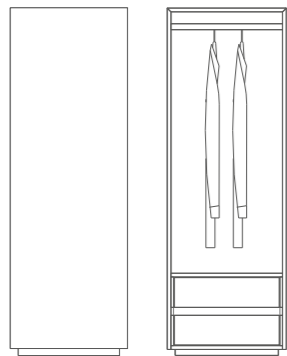

## STORAGE

MINT design collection is created using ash, black stained ash, walnut and oak. The solid material becomes light and airy during the production process.

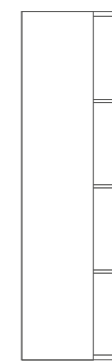

## SHELF M7770L

The MINT modular shelves are convenient for arranging various items and their image creates in the room an overall visual impression of elegantly light furniture.

## WARDROBE M7800

In our opinion, a wardrobe must be simple, compact and multifunctional. MINT wardrobe can be custom designed as a double-door or a 3-door set, all you have to do is just join two or several modules together.

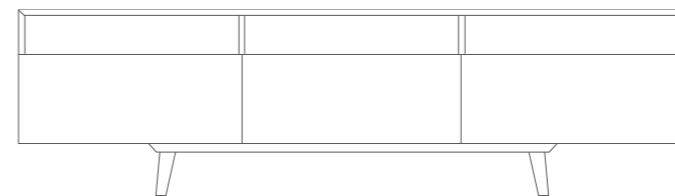

## STORAGE MEDIUM M1600

The shelf is a convincing reference to the best design traditions of Northern Europe. Natural material, compact, convenient and extremely well-thought-out shape. Available in 9 different colors to highlight the room. There are available additional shelves in two sizes in the MINT collection.

**SIDEBOARD SMALL**  
M1200 / M1210

Our wooden furniture is attractive due to its superior quality.  
It impresses without dominating – exciting in its simplicity.

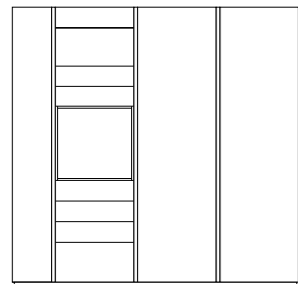

## SIDEBOARD LARGE

M1201 / M1211 / M1212

Laconic shapes free from unnecessary decorations and ornaments specific to MINT Furniture. The only thing that allows to diversify the sentiment of the room and to replenish Mint wooden furniture variations is the soft color palette that will make the interior of the room more jovial and airy.

## MODULAR WARDROBE M7900

This modular, aesthetic wardrobe can be used as a room divider, that perfectly separates two different living areas and the same time creates extra storage. It is suitable also for studio type apartments as a hallway zoning element. All over veneered finish will create a very cozy and warm atmosphere even in contemporary interior. The individual customization of the unit is available on request.

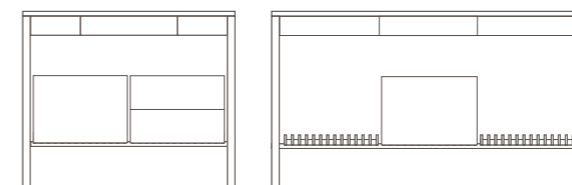

NEW /

## KITCHEN

This is the age of travelers — impressions and emotions from creating new products manifest themselves in motion.

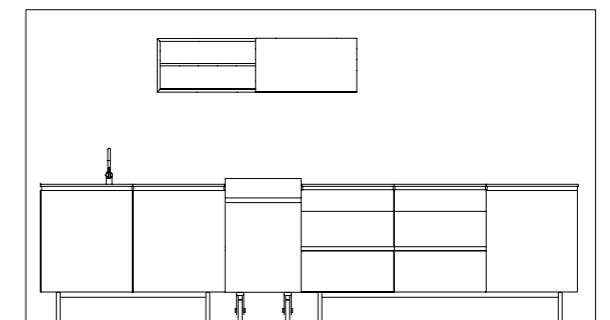

## FREESTANDING KITCHEN

M2001-M2004 / M1001-M1004

Mobility and convenience are the keynote of the modern century active individual, they take the load off his mind. Our handy freestanding kitchen incorporates all these principles.

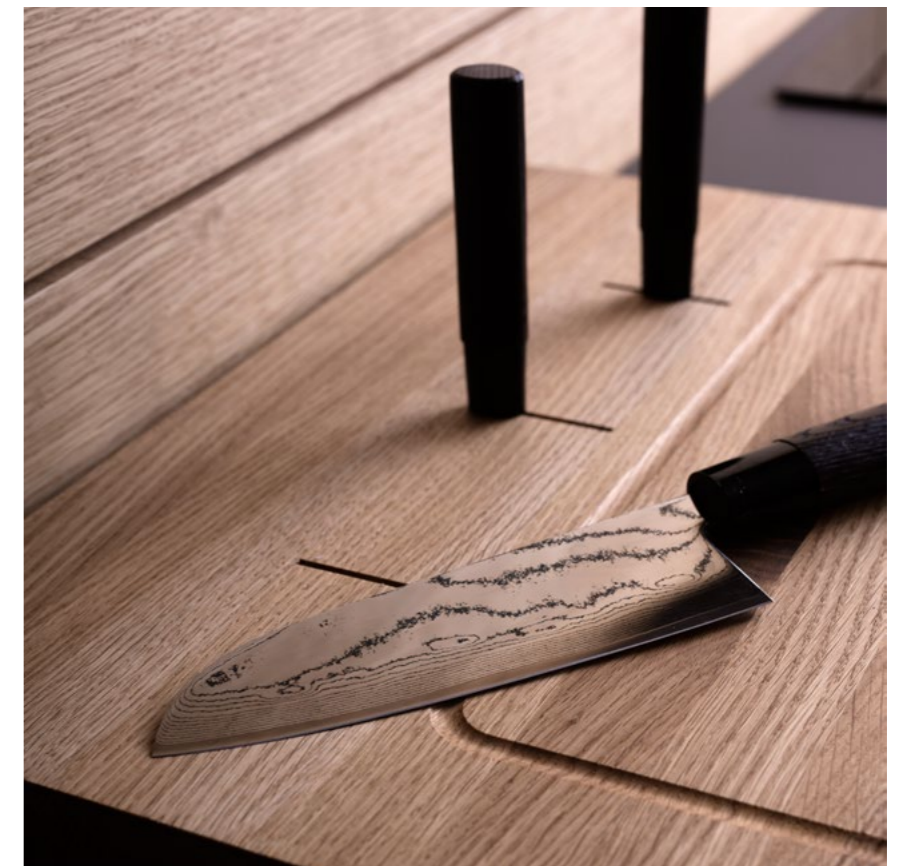

NEW /

### FREESTANDING MODULAR KITCHEN SET M3000 / M3045 / M3120 / M3180 / M3060

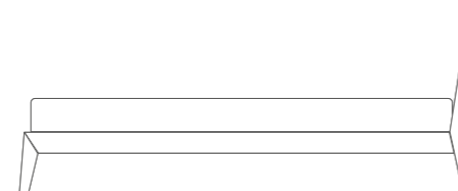

Kitchen concept with ready-made freestanding cabinets and worktops for those, who want a contemporary upgrade to their existing kitchen area without having it rebuilt. There are additional wall mounted storages by MINT in various sizes as well as portable cabinets on wheels, which go well and give extra storage space. Additional sink and cooker setup option on request.

## BEDS

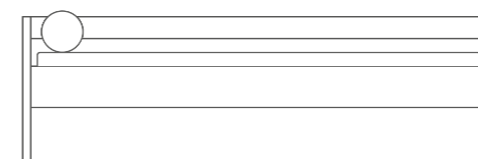

MINT bed design is characterized by calm tones, simple geometric shapes and rhythm of the elements. We would certainly have a lot to talk about with the last century artists — minimalists Jo Baer, Carl Andre and Dan Flavin.

## SINGLE BED / DOUBLE BED

M1905 / M1906 / M1901-M1904

MINT bed with the distinctive laconic shapes specific to the collection perfectly complement the interior ensemble. Bright wooden textures transform a house into a home and provide a place of resort for active, high-spirited people.

## CHILDREN'S BED / DAYBED

M1907 / M1917 / M1908 / M1918

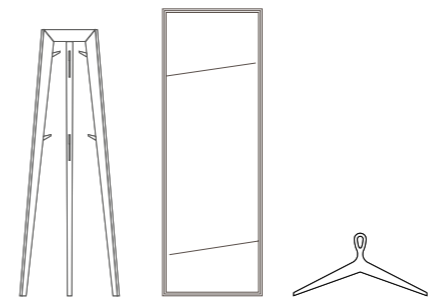

Made of the high quality materials this bed will be a perfectly suitable piece of furniture in the children's room or as a daybed in the living room. It is possible to modify every model with the two drawers that elegantly slide underneath without taking too much space. A single drawer for the spare mattress can be custom-made on request.

## ACCESSORIES

MINT is a platform for self-expression by means of replenishment of the collection items with the interior accessories that express the spirit of the owner. MINT is a stable partner with an integrated design line, however free and flexible in application.

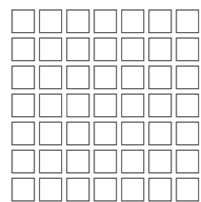

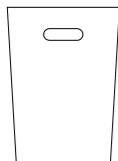

COAT STAND STORK,  
MIRROR AND  
CLOTHES HANGER  
M1802 / M1700 / M1701 / M1803

Figuratively speaking MINT Furniture interior accessories are somewhere in between classical and pop music. Functional and decorative at the same time, they are available in the particularly fine wooden "frequency".

VENEER BASKET AND  
STACKABLE FLOOR MAT  
M1800 / M1801 / M1400 / M1401

Interior accessories are the poetry of the house. They add the content to the room and tell about the dreams and lifestyle of their owner. MINT Furniture continues with the laconic and functional shapes of the furniture collection also in its accessory line.

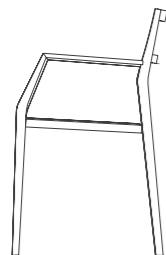

## BLACK EDITION NEW ARRIVALS

NEW Black Edition 2015 embraces the sculptural lightness, strong proportions and charismatic silhouette that have always been our company's signature. We have added black stained finish to our ash wood selection to give an elegant new look to both modern and classical interiors.

Black is not a trend – it is an eternal statement of style. For over seven years our company has produced sustainable, quality designs made of the best materials. The MINT Black Edition is a great new addition that will positively bring joy both to our time-honored and new admirers.

NEW /

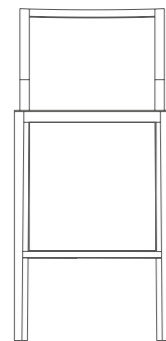

**CHAIR EMMA**  
M1105 / M1115 / M1125 / M1135

The "EMMA" chair is a comfortable armchair with chamfered accents in traditional MINT style. EMMA chair was inspired by the designer's childhood memories of his grandmother, who raised four children alone after her husband was deported during World War II, and it shows strength, independence and character.

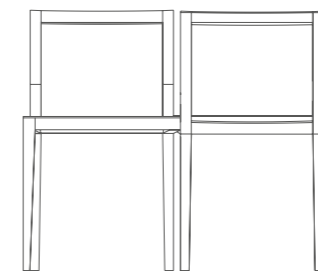

NEW /

**HIGH STOOL GHOST**  
M1103

The GHOST high stool is a perfect example of simple and minimalistic design. This enchanting bar stool is a version of the original MINT classic "Ghost" chair with lower back support and a wide seat for even more comfort.

**CHAIR GHOST-W**  
M1104

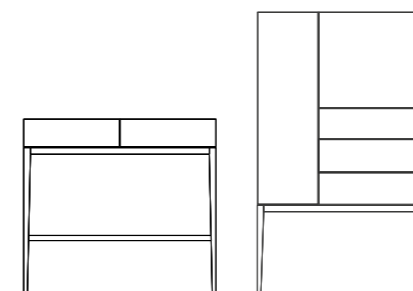

The "GHOST-W" chair is the contemporary MINT version of the 18th century "Love Seat" for two. People sit facing opposite directions and they can choose to initiate contact or stay distant. It is an ideal seating accessory for public areas like art galleries and shoe stores.

NEW /

NEW /

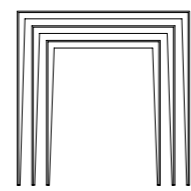

## CABINETS

M1129 / M1128 / M1108 / M1107  
M1127 / M1106 / M1126

Cabinet small with low depth drawers is the ultimate compact storage for your entrance hall. It is a practical and compact piece for storing everyday items like keys, letters and notes. Cabinet medium can be fitted with a freestanding mirror and used as a dresser in your bedroom. Cabinets can be placed next to each other to create an even more sophisticated sideboard look.

NEW

## NESTING TABLE

M8020

Mint three piece nesting table is a perfect example, how the sculptural interior element was turned into a minimalistic furniture piece. Functional coffee table or bedside accessory.

# DESIGNERS

JANIS RAUZA

Janis Rauza is the leading designer of MINT Light Living furniture collection, he inherited his family woodworking skills and transformed them into a new, innovative furniture design. This is also reflected in the furniture samples that he creates for MINT collection. Iconic screw stool became the keystone of the collection by revival of the traditional and giving it the functionality of our age. In process of time presumably the lightest chairs in Europe were created, given that the successful synergy of their shape and material gives the impression of something light and intangible, while at the same time convenient and comfortable as a seat.

It has always been essential for the designer to be involved in the production process, from receiving the timber until the delivery. MINT Light Living — Janis himself believes that it is possible to take life easily without over-complicating things.

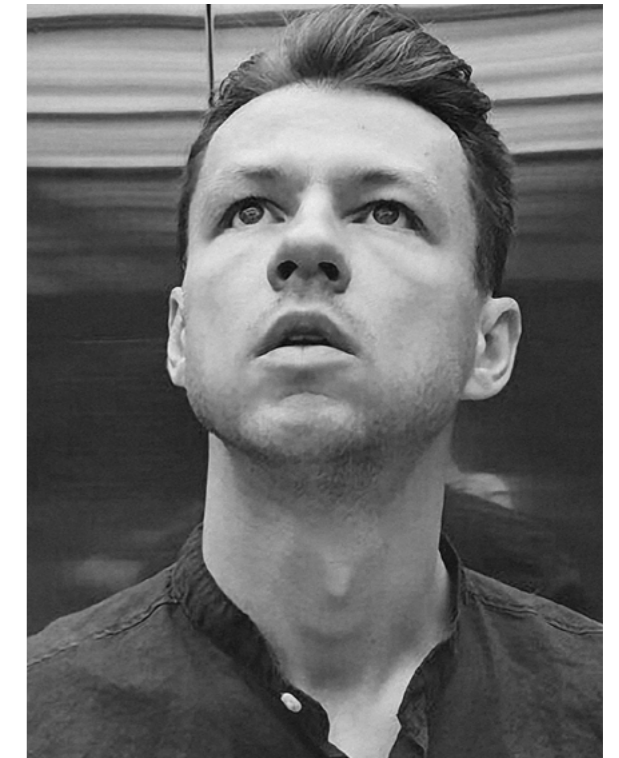

IEVA ANDZANE

Ieva Andzane is an industry professional with a degree in arts, an interior designer with a great passion for furniture design, who also participates in the creative process of the product design. She works as an industry trend analyst and designer assistant for the company. Ieva believes that good design is based on the excellent knowledge of technology combined with the impeccable taste and understanding of the material application.

JANIS STRAUPE

Janis Straupe – artist, sculptor & designer. He is known internationally for his large scale functional sculptures that reflect syntheses of unique artistic vision and technical perfection. Janis Straupe thinks that his greatest satisfaction comes from challenging the other craftsman and gravity by using geometry and deep understanding of the material.

ARMANDS MEIRANS

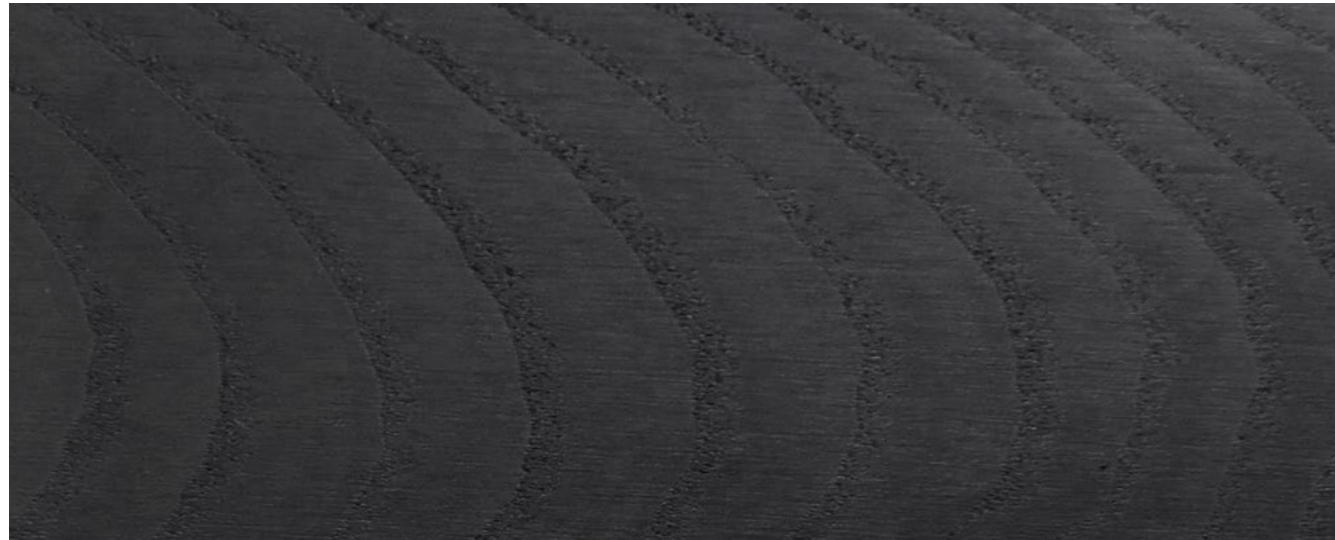

Armands Meirans is an Art Director, also working with design projects of various sectors and types, including industrial design. In the company MINT he acts as a furniture designer and consultant. He is focused on product simplification and improvement of functionality, following the industry trends and creating the products according to final user needs. "My vision of the excellent product is the balance between its function and aesthetics, sustainable and responsible attitude to the nature and materials, artisans' attitude and their hand work."

A close-up photograph of a modern chair. On the left, a thick, light-colored wooden leg is visible, showing a natural wood grain. To the right, the seat is upholstered in a light blue fabric with a fine, textured weave. The background is a soft, out-of-focus grey. The overall aesthetic is clean and minimalist.

## MATERIALS AND COLOURS

The primary material of MINT collection is wood; in some furniture units it is complemented by selected textiles produced by **Kvadrat** and laminate produced by **Abet**. MINT offers various color tone combinations making it even more fun for those who love to customize their furniture to fit the existing interior.

# TIMBER

## EUROPEAN BLACK STAINED ASH

ART. CODE: BL

We use a black stain, which is applied evenly to the ash timber followed by a matte lacquer. This gives the ash a deep luxurious black matte finish. The lacquer is impermeable to the water, however, any spillages must be immediately wiped clean. Avoid contact with hot objects by using table mats. Keep out of constant direct sunlight.

## AMERICAN OAK

ART. CODE: OZ

We use oak in Danish oiled finish followed by wax. It gives for the furniture the classic timeless design look. Danish oil finish deepens the natural color of the timber and protects the wood from damage caused by water spills. Always use a damp cloth or a sponge with clean water wiping down the entire furniture surface in one go.

## EUROPEAN ASH

ART. CODE: OS

We use traditional white oil finish evenly applied to the timber that lightens and creates a beautiful, light ashy shade for each piece of furniture. Tailored to those who love modern Nordic look in the interior.

## AMERICAN BLACK WALNUT

ART. CODE: RK

We use Danish oiled American black walnut followed by wax. Walnut has the deep brown, futuristic retro look that makes the contemporary interior enchanting. Do not use spirits, bleaches or any other chemical cleaners to clean the timber, just a damp cloth or a duster.
