THE PIONEER IN THE MALAYSIA RUBBER GLOVE INDUSTRY

We are a pioneer in the Malaysia rubber glove industry with over 30 years manufacturing experience, and we specialized in the manufacture of unsupported rubber gloves (Natural Rubber, Nitrile, and Neoprene) for general household and industrial use. Through OEM arrangements under many international brand names, our products are widely distributed as either personal protective equipment for industrial safety or household items for consumer use in over 50 countries worldwide.

### Quality Assurance

Our company has been assessed & certified by SGS UK Ltd. System Service Certification as meeting the requirements of ISO 9001:2015, as well as the latest Regulation (EU) 2016/425 Module D. All of our products comply with US FDA CFR 21 Part 177.2600 & EC Regulation No. 1935/2004 for food contact application. Being an ISO certified company, our gloves are manufactured under stringent quality control. We strive to exceed customers' expectations, through responsiveness and product innovation and continual improvement of product range and service standard.

### Our Mission

To enable people to carry out their work safely by providing the best hand protection products.

### Our Vision

To become the trusted and preferred business partner of hand protection products globally; and to be recognized as a caring company to our employees, community and environment.

### Our Core Values

- Integrity
- Accountability
- Trust & Respect
- Gratitude & Care
- Teamwork
- Innovation
- Deliver "WOW"!
- Lifelong Learning

### Production Facilities

Our factory is located strategically on a 15,000m<sup>2</sup> site in Prai Industrial Estate in Penang, Malaysia. We adopt the latest manufacturing techniques in all our production. Modern, fully automated dipping machineries are used to ensure consistent high quality of our products and our current glove production exceeds 30 million pairs per annum.

### Our Commitment To You

- 1 | Customer Service**  
 At Nastah, delighting our customers is one of our main focus. Our dedicated and efficient sales team are ready to provide quick respond to your needs and concerns. We benchmark ourselves not just through daily experiences, but through customer surveys that convey your voice to us. We value close contact with you, and we're open to any suggestions that we can use to improve your buying experience with us.
- 2 | Selection Of Products**  
 Having difficulties in selecting products? No worries! Our highly-trained sales team will guide you through the selection process, and we strive to provide you with the best solution that match your requirements.
- 3 | Customize Your Packaging Design**  
 Looking for a unique packaging design that can make your product stand out from the crowd? Get ready to turn your creativity into reality with us today! One of our value-added service that we take pride of is our products packaging customisation, which aims to help you in your start up in promoting your brand.
- 4 | Efficient Delivery**  
 With over 30 years of manufacturing experience and happy customers in over 50 countries, we are committed to provide you with the exceptional service by offering reasonably priced quality products combined with excellent on-time delivery. We're happy to announce that, based on our customer surveys, they are very satisfied with our delivery service!

# Household Rubber Gloves

## FEATURES

- Made with premium grade natural latex compound.
- Ergonomic design ensures perfect fitting and prevent hand fatigue.
- Good tactile sensitivity and protection against animal fats, vegetable oils, mild acids and alkalis, detergent and alcohols.
- The patterned palm and fingers give excellent grip in both wet and dry conditions.
- Cotton flock-lining offers added comfort and better absorption of perspiration.
- Comply with US FDA CFR 21 Part 177.2600 & EC Regulation no.1935/2004 for food contact applications.
