Introduction Company

Our Customers

JADA headquartered in city of industry, NINGBO, CHINA, JADA FITNESS is a leading manufacturer of authentically certificated and highly quality fitness equipment, like treadmill, gyms products. JADA works closely with human nature design and strict quality control to produce the innovative, high quality items that our clients have come to expect.

Founded in 2003 by brother Mr Jack Lu and sister Mrs Hannah Lu, Jada fitness innovative and high quality products have lead to explosive growth over the past 12 years. The privately held company has recorded a 10 times revenue increase since 2003 and currently boasts distribution at major China retailers including METRO, CARREFOUR-ASIA, AUCHAN-ASIA....

Abroad, JADA has expanded sales globally to include Europe, Russia, South Africa, Asia Pacific, and Latin America markets.

JADA fitness wants to find more cooperaters and clients in fitness equipment field. At JADA, we strive to bring our customers the high technic, high quality products. We will be delivering over the coming decade.

We will be your best supplier choice for fitness line!

What is BSCI

BSCI is an initiative of the Foreign Trade Association [FTA]. ALL BSCI participants are also FTA members and share the FTA vision of "Free Trade, Sustainable Trade". To fulfil this vision, BSCI has been given specific governance bodies through which BSCI companies are invited to actively take part, to develop and implement an excellent system for improved working conditions in the global supply chain.

The Business Social Compliance Initiative (BSCI) is a leading business-driven initiative supporting retailers, importers and brands to improve working conditions in supplying factories and farms worldwide. Our vision is a world of free trade and sustainable global supply chains, in which factories and farms are compliant with national labour legislation as well as with ILO Conventions protecting workers' rights.

BSCI Integrates Quality Control Checks to Improve Audit Quality

BSCI has introduced as part of its Audit Integrity Programme a new Quality Control (QC) check to evaluate the performance of auditing companies conducting BSCI audits in order for these to remain high quality assessments of working conditions in factories and farms.

Based on random selection of auditing companies, these evaluations will be executed by an independent third party during BSCI audits to ensure they capture different aspects of audit quality.

The evaluations are aimed to assess the skills, knowledge and professionalism of the auditors, not the producers, and therefore the appointed Quality Control auditor will not interfere with the official audit and his observations will only be aimed at the quality of the auditing company, which would not impact the audit report or audit result.

The BSCI System Manual defines and establishes a special emergency procedure to be followed by auditors when a Zero Tolerance issue—such as flagrant human rights violations or unethical behaviour that compromises the integrity of the BSCI audit—is identified during a check. In case of Zero Tolerance issue found but missed by the auditing company, the QC executor is requested to report the case to the BSCI secretariat for further investigation.

To read more about the programme BSCI has developed to improve transparency and reliability in the BSCI monitoring process, [click here](#).

Running Surface(W*L):40*120cm
Speed Range:1-12KM/H
Power Incline:10 levels(JS-26400)
Power Incline:3 degree manual incline
(JS-26401)

Drive System

Motor:DC1.5HP drive system

Console

isplay type: 5" LCD (Blue backlit is optional)
Workout feedback: Time,Distance,Speed,
Calories,Heart rate,Incline

Programs: 15/25 pre-set programs
Contact Heart Rate: Yes
MP3 Input: Optional
USB connection: Optional
Wireless Heart Rate Receiver:Optional

Tech Specs

Dimensions(L*W*H):170*70*124cm
Folding Size:100*70*138cm
G.W/N.W:64.5kg/57.5kg(JS-26400)
G.W/N.W:58kg/52.5kg(JS-26401)

User Weight Capacity: 100kg
Carton Size:178*78*31.5cm(JS-26400)
Carton Size:174*78*31.5cm(JS-26401)
20*GP/40*HQ:80/200pcs

JS-233501

Frame

Frame Type: folding Frame
Easy Assembly (Fold In Carton): Yes

Feature

Running Surface (W*L): 34.5*104cm
Speed Range: 1-12KM/H
Incline Range: No

Drive System

Motor: DC 1.25HP drive system

Console

Display type: LCD display
Workout feedback: Time, Distance,
Speed, Calories, Heart rate
Programs: 3 pre-set programs

Tech Specs

Dimensions (L*W*H): 140*63*130cm
Folding Size: 70*63*130cm
G.W./N.W: 44.6kg/38.9kg

User Weight Capacity: 90kg
Carton Size: 145*67.5*(33+23)cm
20'GP/40'HQ: 96/225pcs

JS-233451

Frame

Frame Type: folding Frame

Feature

Running Surface (W*L): 33*102cm
Speed Range: 1-8KM/H
Incline Range: No

Drive System

Motor: DC 0.85HP drive system

Console

Display type: LCD display
Workout feedback: Time, Distance,
Speed, Calories, Heart rate
Programs: 3 pre-set programs

Tech Specs

Dimensions (L*W*H): 126*62*123.5cm
