# ELFURBO MINITRACTOR

**OLIVER**  
AGRO

**ELFURBO** minitractor self-propelled and multi-purpose tool-holder, designed to perform the weeding inside of the rows with maximum practicality and with the help of a single operator.

MINITRACTOR APPLICATIONS

**ELFURBO** supports the **Rotoblizz** / **Rotovert** / **Colibri**, applications, which act directly on the transplant row without damaging the root and leaf apparatus, eradicating weeds, thus reducing the need for chemical herbicides.
