* B3 AVAILABLE UPON REQUEST

** 4 AVAILABLE UPON REQUEST

Ultimate power

Super heavy duty high endurance battery, designed to meet the special requirements of the new technology trucks

Glass Mat Separator

Required to support the enhanced features of this battery

Maintenance free with labyrinth lid

No need to add water or service the battery

High capacity: Top of the line performance amongst all batteries

High & stable starting power: Start up of the engine under any conditions

Vibration resistance: The main reason of truck batteries failure so far, has been overcome

Long life: Much longer than the average truck battery life in the past

High charge acceptance: Easy to recharge the battery

Low self-discharge: Resulting not only in long shelf life, but also in a battery ready to start up the engine even if the truck remains idle for quite long times

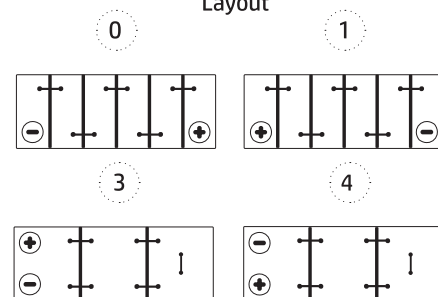

Maintenance free wet charged or hermetically sealed batteries.

Hi performance.

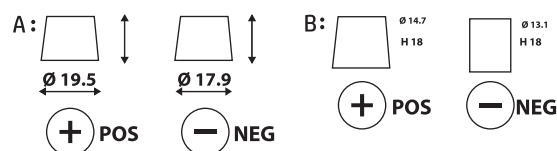

Ca-Ca or Hybrid Ca/Sb

Eco Gold SMF or Super Heavy Duty wet charged or Heavy Duty wet charged batteries

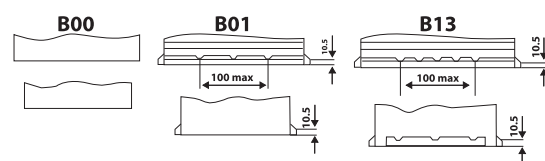

Layout

Terminal

Holddown

Eco-Gold SMF: Optimized starting performance, Vehicles with higher starting needs & heavier electronic equipment. Long shelf life & service life

Hi Performance: Suitable for all vehicles. Longer shelf life & service life

Basic: Suitable for standard use in all vehicles. Longer shelf life & service life
