

# GRIPTECH TYRE MOUNTING

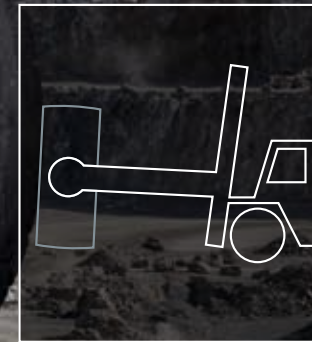

OTR TYRE HANDLING INNOVATED BY RÖSLER

# GRIPTECH TYRE MOUNTING

## SAFETY WITHOUT COMPROMISE

An incredible amount of innovation went into the design of the GRIPTECH. We cast aside every preconception and focused from the beginning on safety. We refused to rest until it's the best OTR tyre handler it can possibly be. No one has ever created anything like the GRIPTECH OTR mounting machine. And we can't wait to see how our innovation will change the industry.

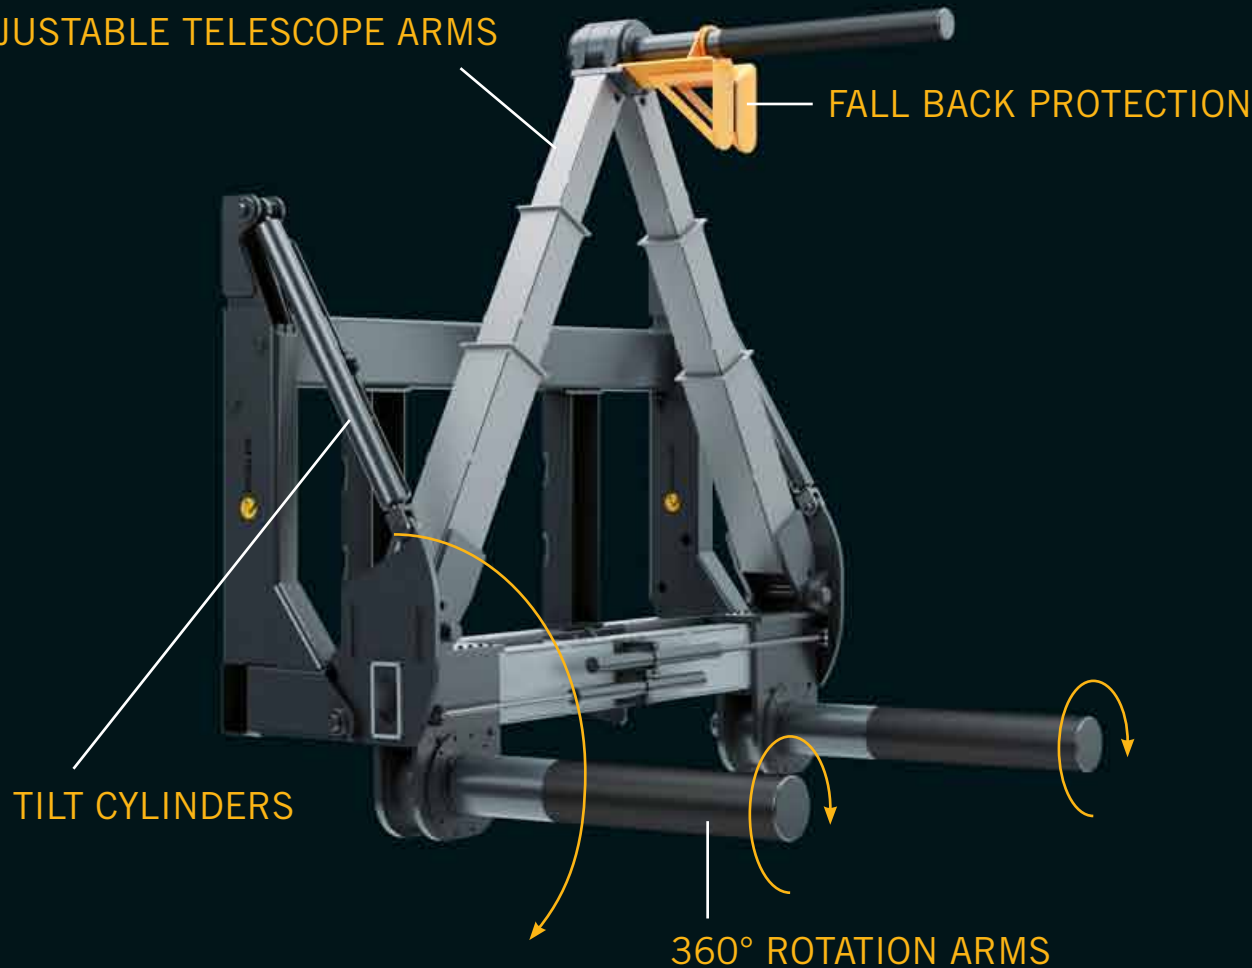

# GRIPTECH TYRE MOUNTING

TO US, EVERY LITTLE THING MATTERS

You instantly recognize that during the designing process of the GRIPTECH, safety has been our main focus. Instead of using 2 arms and deforming the tyre, the GRIPTECH fixes the tyre at 3 points and allows the operator to handle the tyre in a much safer way, than any other common tyre handler.

## ADJUSTABLE TELESCOPE ARMS

## TECHNICAL DETAILS

### Max. Tyre size

70/70-57 Loader tyre  
59/80R63 Haulage tyre

### Min. Tyre size

26.5R25

### Max. Diameter

4300 mm / 169 inch

### Min. Diameter

1600 mm / 63 inch

### Max. Last

11 ton/24250lbs

## EQUIPMENT REQUIREMENTS

### Arm reach

3100 mm

### Overall length

3450 mm

### Overall width

4346 mm

### Overall height

3469 mm
