

INNOVATION LIVES HERE.

This is where innovation lives. Where rugged craftsmanship meets next generation design and engineering. Where American ingenuity drives a thriving, global brand. At Taurus, we're bringing real-world advancements to the industry like never before. You'll find our commitment to quality, reliability and value has never been stronger as we continue to push traditional thinking to the limits. This is where innovation lives. This is our uncompromising vision. This is what makes us Taurus USA. We will never settle. We will never back down. But you can rest assured, we will Always Bring It.™

David Blenker
Taurus USA President and CEO

JESSIE HARRISON

Jessie Harrison isn't your average competitive shooter. Not by a long shot. Since she was a teenager, Jessie has been competing in five different shooting disciplines, and she's been mastering them all. Today, she is recognized as one of the most accomplished competition shooters in the world, and it's safe to say, she's only getting better.

In 2013, she accomplished a huge milestone by becoming the first-ever USPSA Female Grand Master—the highest possible ranking. Fast forward to today, and Jessie has won more than 60 major championships, including 10 titles in 2016 alone. In 2017, Jessie clinched her 8th Ladies Open National title at the U.S. Steel Nationals. She also walked away with a first place finish in the Ladies Open at the Georgia Steel Challenge Championship and the High Overall Lady title at the World Speed Shooting Championships. Later in the year, she won the Ladies Open at the U.S. IPSC Nationals — claiming this national title for the second year in a row — and captured her 20th USPSA Ladies National title at the USPSA Iron Sights Nationals.

PARTNERS

At Taurus®, we continue to align ourselves with industry partners who exemplify integrity, excellence and high standards at every turn.

GUNS&AMMO

Award-winning "Guns & Ammo TV," voted by viewers as the Best Shoot Show for four consecutive years, is one of the longest-running shooting/firearms-centric shows on cable television. Co-hosted by Craig Boddington and Eric Poole, "Guns & Ammo TV" features exclusive gun, ammo and optics range reports.

Airing on the Sportsman Channel, "Handguns & Defensive Weapons" combines the most popular features of two of the channel's most well-known shooting shows, "Handguns" and "Personal Defense." It is co-hosted by Rich Nance and James Tarr, and covers everything from competition and self-defense to pocket guns and long-distance rifles.

"American Rifleman" is the on-screen version of the National Rifle Association's American Rifleman magazine, "the world's oldest and largest firearm authority." "American Rifleman" is the pre-eminent source for accurate, compelling, authoritative information on all aspects of firearms and the shooting sports.

Fred Eichler brings over 20 years of experience and enthusiasm to the field as he extends his hunting season all year round for predators. Whether it's in the swamps of Florida or the mountains of Colorado, Fred's hunts capture the intensity that only comes from hunting species at the top of the food chain.

"Gallery of Guns TV" brings the home-shopping concept, but in this case for firearms, to the viewers. This one-of-a-kind show is designed to educate consumers on the unique features and benefits of select firearms from Davidson's GalleryofGuns.com.

With more than 5 million members, the National Rifle Association is America's longest-standing civil rights organization. While widely recognized today as a major political force and as America's foremost defender of Second Amendment rights, the NRA has, since its inception, been the premier firearms education organization in the world.

HAVA was conceived and organized in 2007 by a committee of shooting sports industry executives to help the healing and re-integration of disabled veterans and injured active military. The ultimate goal is to increase their confidence and hope for the future by reconnecting with their love of the outdoors and the American traditions of hunting and firearms.

SHAPING THE FUTURE OF EVERYDAY CARRY.™

The Taurus SPECTRUM™ is the first semi-automatic pistol equipped with soft-touch panels seamlessly integrated into the grip and slide. Its breakthrough design completely revolutionizes the concealed carry experience — delivering better comfort, better responsiveness and better control. With countless color combinations to choose from, Taurus merges fashion and function for truly distinctive firearms.

WARNING concerning ammunition marked “+P” and “+P+”.

Taurus Firearms rated for “+P” ammunition are rated for Sporting Arms and Ammunition Manufacturers Institute (SAAMI) compliant “+P” ammunition. **SAAMI does not recognize any “+P+” ammunition at all. It is DANGEROUS to fire “+P+” ammunition in any Taurus firearm and if you do so you may be seriously injured or killed.**

In addition, it seems some ammunition marked “+P” is not SAAMI compliant either. **There are only four calibers that can carry a “+P” rating from SAAMI.** They are 38 Special +P, 9mm Luger +P, 38 Super Automatic and 45 Automatic +P. **There are no other SAAMI approved “+P” loads.** Any ammunition in any other caliber marked “+P” is not SAAMI compliant, may be dangerous and should not be used.

DANGER FOR “+P+”

Never use “Plus -P -Plus” (+P+) rated ammunition in any Taurus firearm.

The Sporting Arms and Ammunition Manufacturers’ Institute (SAAMI) does not recognize such ratings and such ammunition can be very dangerous. Firing such ammunition can cause catastrophic failure in firearms resulting in serious bodily injury or death.

WARNING FOR “+P”

Only fire SAAMI rated Plus P (“+P”) ammunition in Taurus Models designated by Taurus for +P use as below. Firing +P ammunition in other Taurus products may be dangerous and can result in serious bodily injury or death.

- 85 (most models) small frame revolver in 38 Special
- 850 small frame revolver in 38 Special
- 851 small frame revolver in 38 Special
- 85 Polymer small frame revolver in 38 Special
- 82 medium frame revolver in 38 Special
- 817 medium frame revolver in 38 Special
- All firearms chambered in 38 Super Automatic
- All firearms chambered in 45 Automatic (ACP)
- All firearms chambered in 9mm Luger

WARNING

Even if your Taurus firearm is rated for Plus-P (“+P”) ammunition, such ammunition generates pressures significantly in excess of the pressures associated with standard ammunition. Such pressures may affect the useful life of the firearm or exceed the margin of safety built into many firearms. Unless you need +P ammunition, do not use it, particularly for practice.
