COLLABORATIVE SPACES 7

INDEX 42

APPLICATION GUIDE 45

PRICE & PRODUCT GUIDE. 133

size selection

The following should be considered when selecting the size of a table.

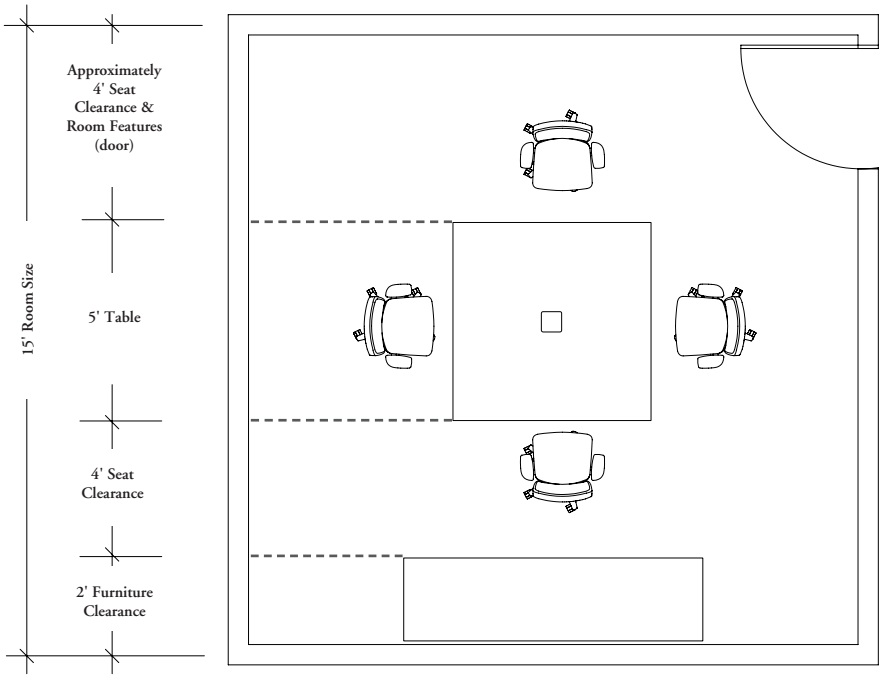
considerations for selecting a size of table

- Size of room
- Number of people to be seated

size of room:

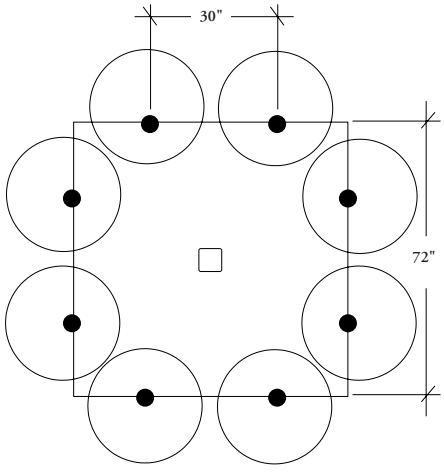
To put the largest table in a given room size you need to know the required clearance between room furniture and architectural features.

Table size =		**room size**	**-**	**furniture size**	**-**	**seat clearance**
x	**=**	**15'**	**-**	**2'**	**-**	**2 (4)**
x	**=**	**5'**				



number of people:

- Based on a 30" diameter seat width
- Values range between how many can sit around the table and how many can squeeze in



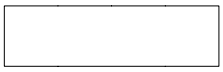
seating quantity

The chart below outlines the quantity of seats suitable for each table size and shape.

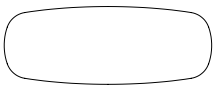
Square Tables

Round Tables

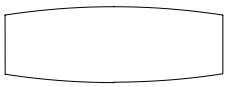
Table Top Dimensions	Seating Capacity
66	8
72	8
78	8
84	8
90	12
96	12



Rectangular Tables



Oval Tables



Boat Tables

Table Top Dimensions	Seating Capacity
42 x 96	6-8
42 x 108	6-8
42 x 120	8-10
48 x 96	6-8
48 x 108	6-8
48 x 120	8-10
48 x 132	8-10
48 x 144	8-10
42 x 156	10-12
48 x 168	10-12
48 x 180	12-14
54 x 108	6-8
54 x 120	8-10
54 x 132	8-10
54 x 144	8-10

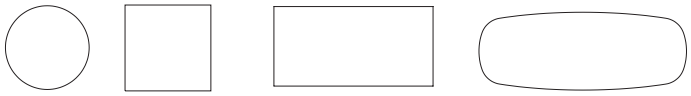
Table Top Dimensions	Seating Capacity
54 x 156	10-12
54 x 168	10-12
54 x 180	12-14
54 x 192	12-14
54 x 204	12-14
54 x 216	14-16
54 x 228	14-16
60 x 144	8-10
60 x 156	10-12
60 x 168	10-12
60 x 180	12-14
60 x 192	12-14
60 x 204	12-14
60 x 216	14-16
60 x 228	14-16

shapes

The following chart outlines the available shapes for each table category.

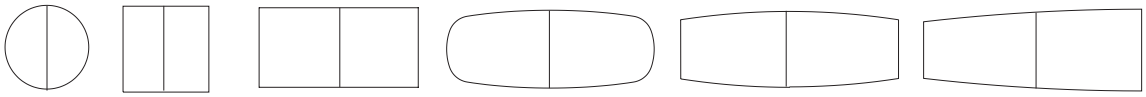
Certain smaller tables are offered only in select sizes and shapes to be functionally appropriate.

work tables

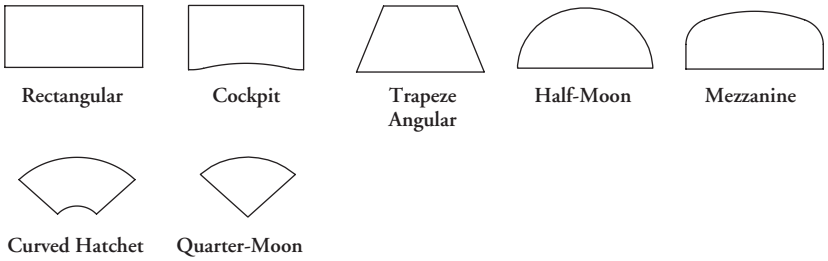


meeting tables

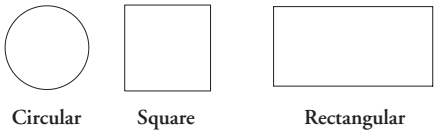
boardroom tables



training tables

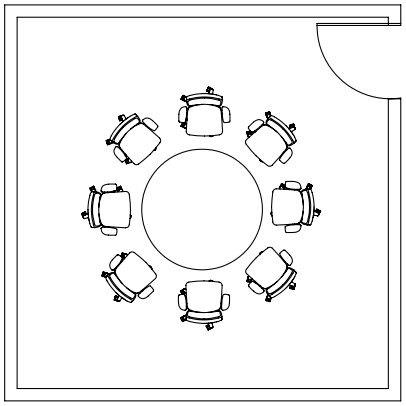


casual tables



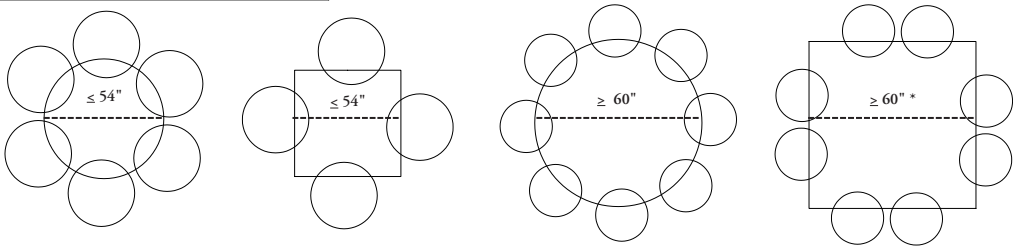
shapes selection

The following should be considered when selecting a shape of table.

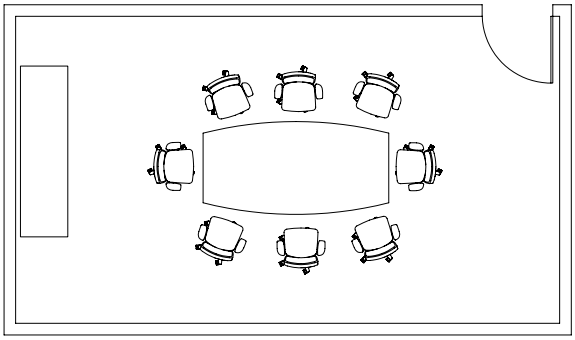


Circular or Square Tables

- Fit better in square rooms
- Circular tables offer equality and collaboration with better circulation around the table
- Square tables above 60" can seat more than one person comfortably along a side
- Circular tables under 54" will comfortably fit more people than square of the same size
- Above 60" square and circular tables fit the same number of people
- Square tables have more surface area than circular tables of the same size

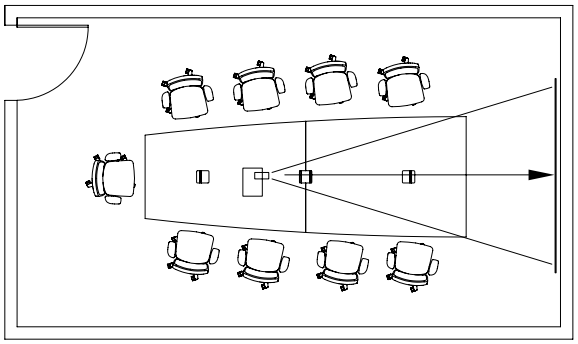


* Above 90", 3 people will comfortably fit on each side



Rectangular Boat or Oval Tables

- Work better in larger rectangular shaped rooms
- Boat and Oval tables allow better circulation around the tables
- They Instill a 'head of the table' effect
- Rectangular tables offer the most surface area



Things to consider for video conference room layouts:

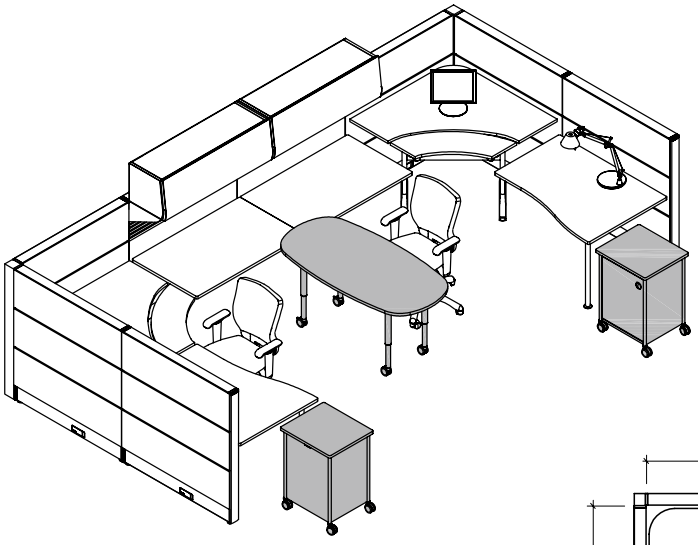
- Orient a table with the wide end facing a clean wall for a presentation board or wall (focus) board
- Have the door to access the room behind the table or at the narrow end of the table
- Pedestal bases may be more appropriate for video conference tables due to the electronics and A.V. equipment wire management
- Video conference shaped tables are directional, for optimized-viewing angle, of a presentation surface
- Normally people do not sit at the wide end of a video conference table during a presentation

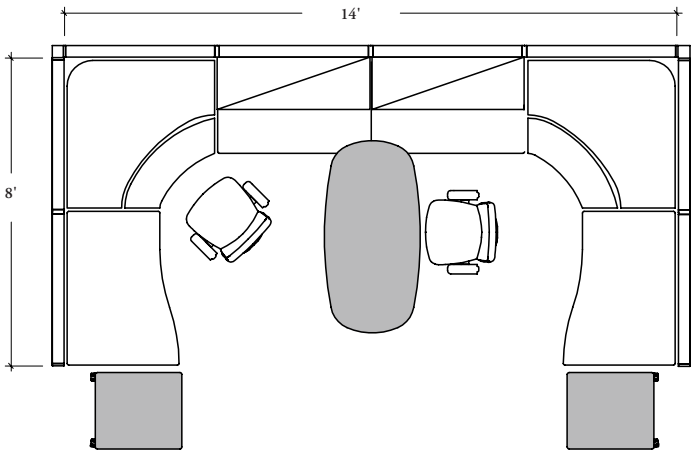
planning applications – collaborative workstation

- **Work Tables are ideally designed to support static and mobile table needs within a system environment. The variety of leg options and surface finishes available ensures that Work Tables can be used to support secondary table needs within all Teknion systems environments.**
- **Project Carts can be used in workstation environments in addition to collaborative environments to provide non-traditional storage needs.**

Other Products Shown:

- Transit Workstation 51" high, (2 times 7' x 8' workstations), Rectangular (TWRR) & Transition (TWST) Worksurfaces, with xm Fixed Post Legs (TXPL_1).
- Corner with Split Surface (AQCS) (Ability Quickshift Table)
- Universal Upmount Overhead Cabinet (LUSU)
- Savara Task Chair (NSAY)





Quantity	Code	Name	Price 1	Price 2	Price 3
1	ATWV_3060_ _ _ _ CNN	Oval Work Table/Casters	$868	$1935	$2910
2	AFASD _	Small Project Cart with Doors	$800	$1148	$1148
			$2468	**$4231**	**$5205**

Price 1 **Table**: Foundation Painted Fixed Height Post Legs, Foundation Laminate Surface with Straight Edge Trim. **Storage**: Grade 1 Painted Post, Case and Front, Foundation Laminate Top.

Price 2 **Table**: Mica Painted Height-Adjustable Post Legs, Flintwood Surface with Straight Edge Trim. **Storage**: Grade 2 Painted Post, Case and Front, Flintwood Top.

Price 3 **Table**: Chrome Stretch Legs, Natural Veneer Surface with Full Knife Edge. **Storage**: Grade 2 Painted Post, Case and Front, Natural Veneer Top.

planning applications – private office

Work Tables can be used to provide primary worksurface or "desk" requirements within a private office environment.

Other Products Shown:

- Transit Workstation 66" high
- Rectangular Table (AQRE)
- Origami Combination Storage Cabinet (ZOSCC) & Storage Locker (ZOSSL40)
- Savara Task Chair (NSAY)
- Taiga Wood Guest Chairs (NTAG)
- Privacy Screen (TPSF)

introduction

where to find the information you need

Teknion provides an array of tools and information resources to help you get things done simply and easily. From product pricing to application guidelines to online planning suggestions, you will find what you need when you need it.

guide contents

This guide contains all the information you need to order this product through your specification software. The Introduction section provides everything you need to get started, including an index for product reference. The Application Guide section contains detailed specification guidelines, application and planning information to help you plan your project correctly. The Price Guide sections provide detailed pricing and specification information by product type. Available online at www.teknion.com.

Xpress The Xpress symbol is displayed beside products that are offered in Teknion's Xpress Program. Available online at www.teknion.com.

where to find the information you need

All Teknion marketing materials are available online at www.teknion.com, including:

price & product guide

application guide

planning tool

installation guides

fabrics & finishes

product photography & drawings

weights & volumes

order forms

warranty/terms & conditions of sale

xpress program guide

teknion forms

The following forms are available online at www.teknion.com, to help you specify and place your order if required:

teknipaint

If you require a custom paint color match, you must submit a TekniPaint form.

using your own material (COM)

If you wish to use your own material on fabric-covered products, you must submit a completed COM form including a sample upholstery and safety testing. A COM Order Information Sheet must also be submitted. This form captures all relevant ordering and tracking information. A COM Request for Yardage Calculation form may be sent to Teknion for preliminary yardage requirements.

placing a manual order

Complete an Order Cover Sheet with the information we need to fill your order. This is the most important step. If the Order Cover Sheet is not complete and correct, the order may be delayed.

key requirements

If you require that certain pieces share the same locks you will need to specify Set of Keys Alike (SOKL) located in the Price and Product Guide.

user feedback

How is our marketing material working for you?

Feedback from the user is very important to the quality of Teknion's marketing material. We ask that if you have suggestions on how you think we could improve content OR if you have found an error, that you contact your Teknion Technical Services department.

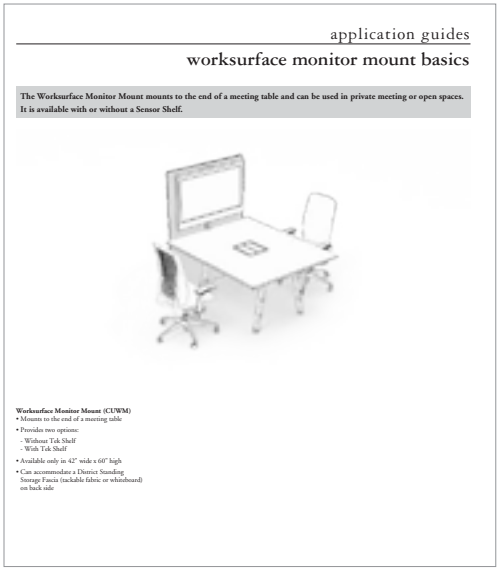
understanding application guide pages

This application guide will include the following types of pages.



application guides

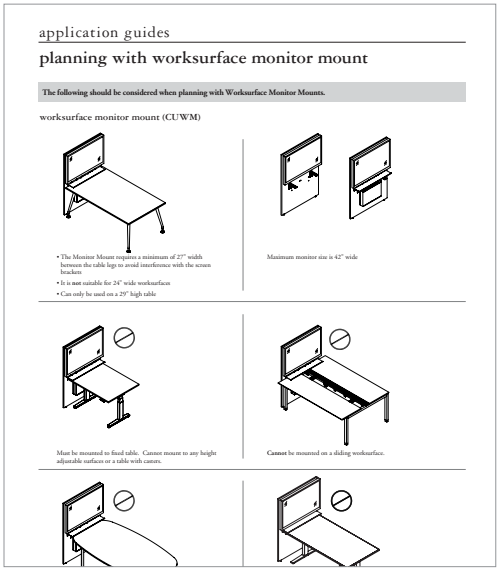
worksurface monitor mount basics

The Worksurface Monitor Mount mounts to the end of a meeting table and can be used in private meeting or open spaces. It is available with or without a Sensor Shelf.

Worksurface Monitor Mount (CUWM)
- Mounts to the end of a meeting table
- Provides two options:
  - Without Tek Shelf
  - With Tek Shelf
- Available only in 42" wide x 60" high
- Can accommodate a District Standing Storage Fascia (tackable fabric or whiteboard) on back side

basics pages

Used to describe the details of each individual product including:
- Product codes
- Dimensions
- Options
- Features
- Links to the price page



application guides

planning with worksurface monitor mount

The following should be considered when planning with Worksurface Monitor Mounts.

worksurface monitor mount (CUWM)

- The Monitor Mount requires a minimum of 27" width between the table legs to avoid interference with the screen brackets
- It is **not** suitable for 24" wide worksurfaces
- Can only be used on a 29" high table

Maximum monitor size is 42" wide

Must be mounted to fixed table. Cannot mount to any height adjustable surfaces or a table with casters.

Cannot be mounted on a sliding worksurface.

planning pages

Used to outline the rules and restrictions that should be considered when planning with products.

work tables

work tables

WORK TABLE BASICS 50

FINISH PROTOCOL 51

EDGE TRIM STYLE OVERVIEW 52

USER EDGE & GRAIN DIRECTION 53

WOOD FINISH DETAILS 53

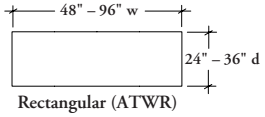
GROMMET LOCATIONS 53

work tables basics

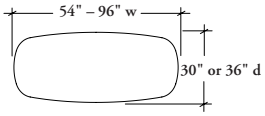
Work Tables are ideally designed to support static or mobile table needs within a systems or private office environment.

Rectangular and Oval Work Tables (ATWR, ATWV)

- Offered in four base options (see below)
- Can be specified with casters or levelers
- Can be specified with a modesty panel, ordered separately
- Can be specified with a Grommet (left (GL), right (GR), or centered (GC)) for wire management



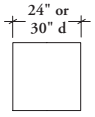
Rectangular (ATWR)



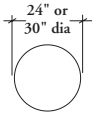
Oval (ATWV)

Square and Circular Work Tables (ATWS, ATWC)

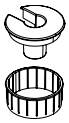
- Include a 5 point star base with casters
- Are available with a Swivel or Non-Swivel base
- Do not offer power and data options

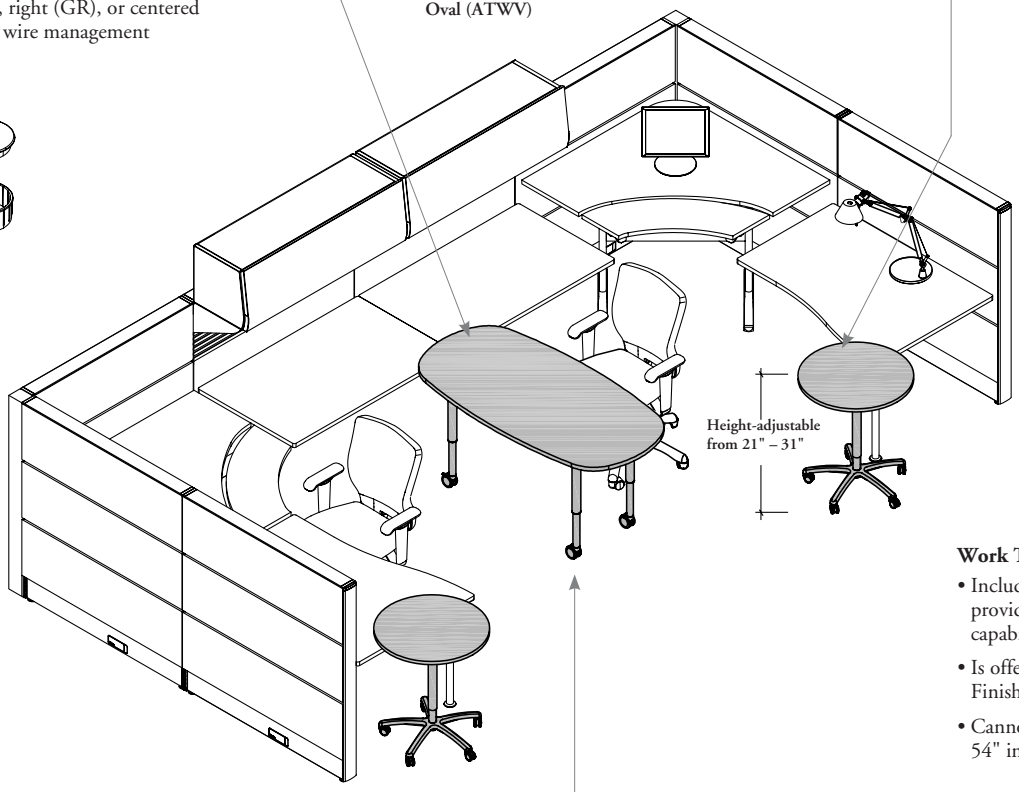


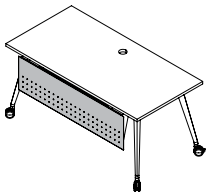
Square (ATWS)



Circular (ATWC)







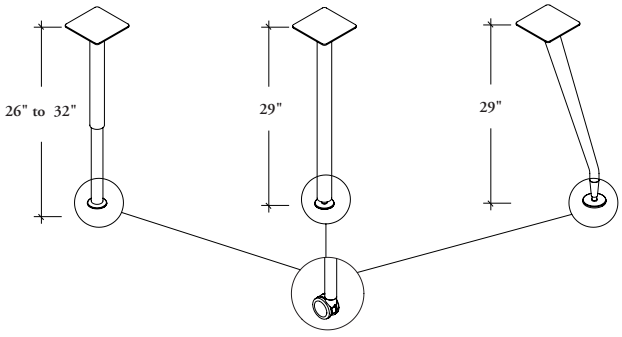
Work Table Modesty Panel (ATMP)

- Includes a 4" deep cable tray providing wire management capabilities
- Is offered in eight patterns (see Finish Protocol)
- Cannot be applied to tables less than 54" in width

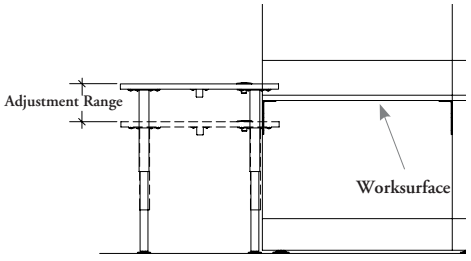
Height Adjustable Post Leg (H)
Leveling range is 1/2"

Fixed Height Post Leg (P)
Leveling range is 1/2"

Stretch Leg (S)
Leveling range is 3/4"



Casters (75 mm)
2 locking, 2 swivel

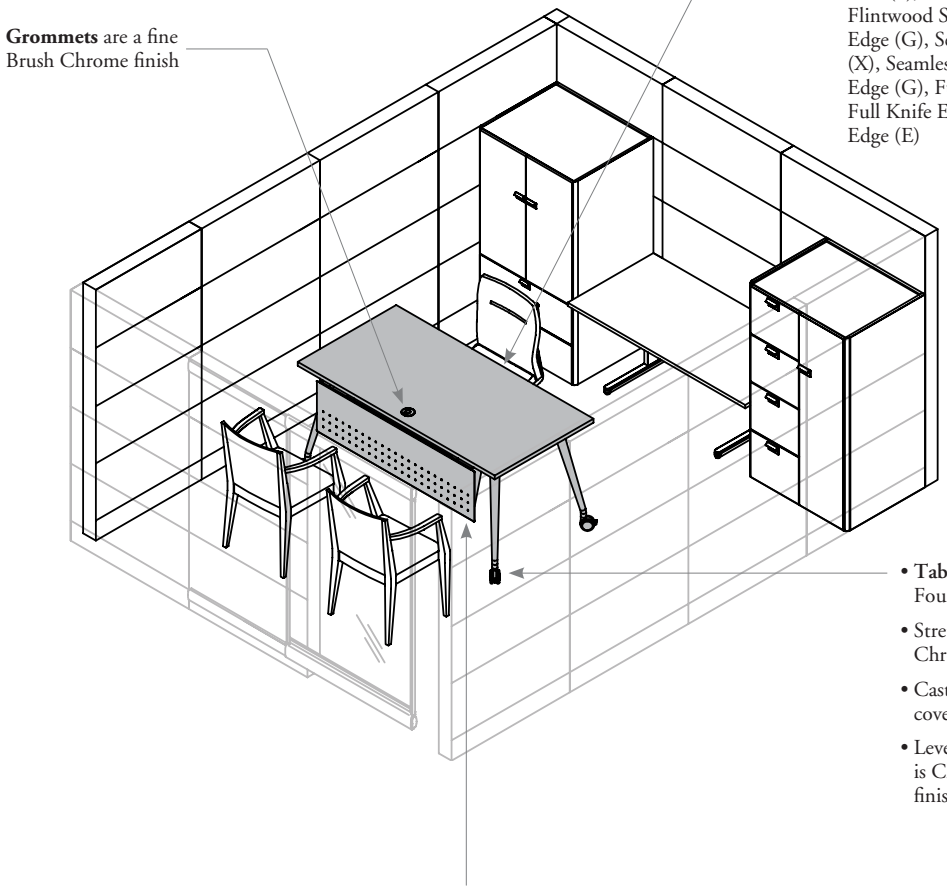


Adjustment Range allows Work Table surfaces to sit above or below systems work surface heights

finish protocol

Finishes and edge details for Work Tables co-ordinate with all Teknion systems.

Straight Trims (6) and Bullnose Trims (2) are available in a variety of Edge Trim Colors. Flintwood, Seamless and Natural Veneer surfaces will include edges that match the surface color.

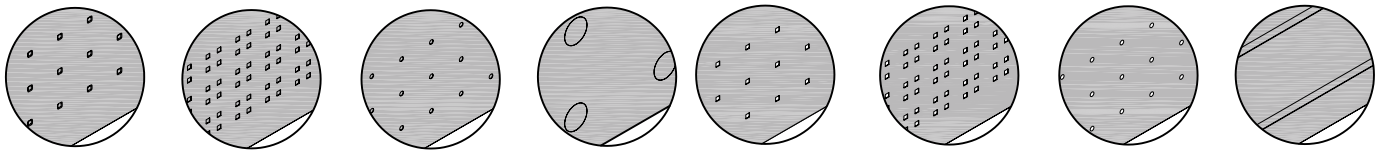


Grommets are a fine Brush Chrome finish

- **Worksurfaces** are available in Foundation Laminates, Seamless Colors, Flintwood stains or Natural Veneers
- **Edges** can be specified in Straight trim (6), Bullnose Trim (2), Flintwood Straight (7), Seamless Flat Edge (G), Seamless Full Knife Edge (X), Seamless Eased Edge (E), Flat Edge (G), Full Knife Edge (H), Solid Full Knife Edge (X), Solid Eased Edge (E)

- **Table bases** are available in Foundation or Mica colors
- Stretch Legs are also available in Chrome
- Casters are Black with Platinum covers and collars
- Leveler is Chrome and leveler collar is Chromed or Painted to match leg finish selected

Modesty Panels are offered in eight patterns that can be specified in Foundation or Mica colors



Embossed Square Solo | Embossed Square Collective | Embossed Dot Solo | Embossed Large Dot | Perforated Square Solo | Perforated Square Collective | Perforated Dot Solo | Embossed Louvered Solo

edge trim style overview

The chart below indicates which edge trim styles can be specified with all Work Table surface finishes.

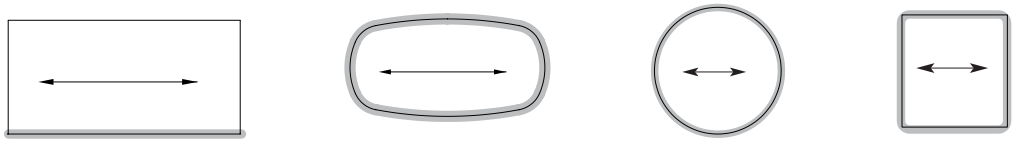
- All edge finishes will automatically default to match the surface finish selected with the exception of the Straight Trim (6) and Bullnose Trim (2) which requires that an edge trim color be chosen
- Work Table worksurfaces are 1" thick

	Foundation Laminate Surface	Seamless Color Surface	Flintwood Surface	Natural Veneer	Non-User Edge
Straight Trim (6) **All Edges**		n/a	n/a	n/a	Straight Trim (6)
Bullnose Trim (2) **User Edge Only**		n/a	n/a	n/a	Finished in a coordinating Flat Trim
Flintwood Straight Trim (7) **All Edges**	n/a	n/a		n/a	Flintwood Straight Trim (7)
Seamless Flat Edge (G)  **All Edges**	n/a		n/a	n/a	Seamless Flat Edge (G)
Seamless Full Knife Edge (X)  **User Edge Only**	n/a		n/a	n/a	Finished in a coordinating Flat Edge
Seamless Eased Edge (E)  **User Edge Only**	n/a		n/a	n/a	Finished in a coordinating Flat Edge
Flat Edge (G)  **All Edges**	n/a	n/a	n/a		Flat Edge (G)
Full Knife Edge (H)  **User Edge Only**	n/a	n/a	n/a		Finished in a coordinating Flat edge
Solid Full Knife Edge (X)  **User Edge Only**	n/a	n/a	n/a		Finished in a coordinating Flat edge
Solid Eased Edge (E)  **User Edge Only**	n/a	n/a	n/a		Finished in a coordinating Flat edge

user edge & grain direction

The illustrations below highlight locations of the user edges and wood grain direction for Work Tables.

Shading indicates user edge



Rectangular (ATWR) | Oval (ATWV) | Circular (ATWC) | Square (ATWS)

wood finish details

The following provides details on Teknion's Flintwoods and Natural Veneers.

flintwood & natural veneer

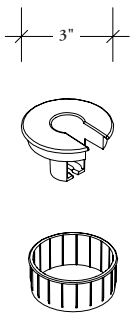
Different wood species offer unique texture and grain. Due to the natural properties of wood, grain pattern and finish color variation can be expected. Teknion provides a coordinated color match between individual product lines.

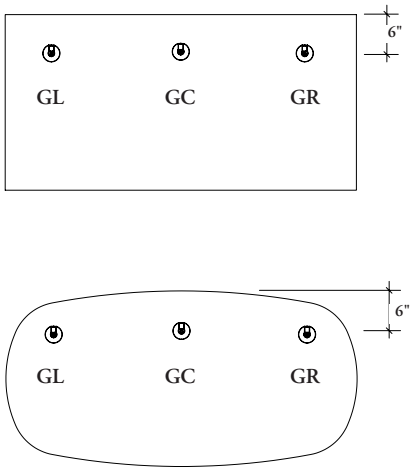
The variation in technology between Teknion's wood manufacturing facilities and the veneers that are utilized will cause fluctuation in the fill rates and sheen levels. All Flintwood worksurfaces and storage tops are closed pore. All Flintwood used in a vertical application is open pore (Table base infill, Storage Units Case, Focus Board). Natural Veneer in all applications is open pore.

Exposure to direct sunlight should be avoided as UV rays may cause the veneer color to change. Adding new product to an existing installation might result in color variations due to light exposure and aging of the original product. For more information on Teknion wood and cleaning instructions please see Teknion's Fabrics and Finishes program.

grommet locations

Grommets on Work Tables are located along one width of the Work Table surface and are ideally suited for single person usage of the table. In shared applications, Grommets are not recommended.





Grommet Right (GR)
Grommet Centered (GC)
Grommet Left (GL)

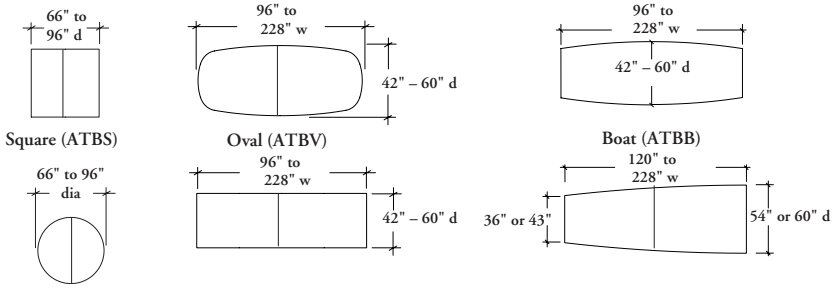
audience® boardroom tables basics

***Audience* Boardroom Tables provide a meeting area for up to 16 people and are available in a variety of shapes, base options and finishes**

***Audience* Boardroom Tables (ATBS, ATBC, ATBV, ATBR, ATBB, ATVC)**

- Include Pedestal Base or Stretch Legs
- Available in a variety of Power/Data options



Power/Data Options

Square and Circular Tables

- Centered Grommet (GC)
- Double Grommet (GD)
- Centered Recessed (RC/HC)*
- Single-Offset Recessed (RS/HS)*
- Double Recessed (RD/HD)*
- Quad Recessed (RQ/HQ)*

Rectangular, Oval, Boat and Video Conference Tables

- Centered Grommet (GC)
- Double Grommet (GD)
- Triple Grommet (GT)
- Centered Recessed (RC/HC)*
- Double Recessed (RD/HD)*
- Triple Recessed (RT/HT)*
- Quad Recessed (RQ/HQ)*
- CALA Recessed Center (CC)
- CALA Recessed Double (CD)
- CALA Recessed Triple (CT)
- CALA Recessed Quad (CQ)

* For Recessed Power/Data Modules, "R" represents the Plug-in option and "H" represents the Hard wired option

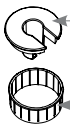
audience® boardroom tables finish protocol

***Audience* Boardroom Tables co-ordinate with all Teknion finishes.**

- Storage products can be found in the Storage section.
- Straight Trims (6) is available in a variety of Edge Trim Colors. Flintwood and Natural Veneer surfaces will come with edges that match the surface color.

Power & Data Options



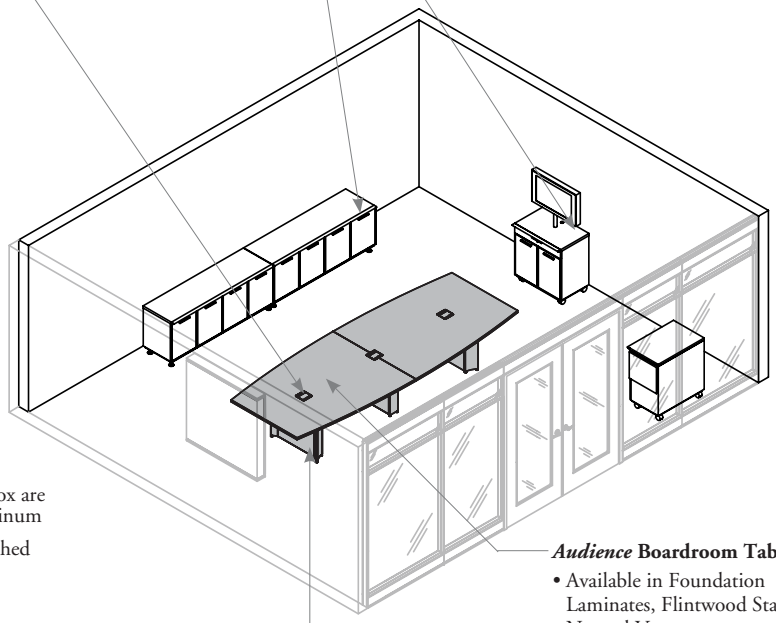
Grommet is a fine brush Chrome finish

Grommet Ring is Silver

Grommet

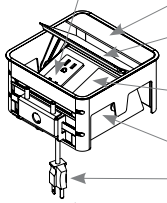
***Audience* Boardroom Storage**

- **Cases** are finished in Source laminate, Flintwood, or Natural Veneer
- **Top** is finished in Foundation Laminate, Seamless color, Flintwood and Natural Veneer



***Audience* Boardroom Tables**

- Available in Foundation Laminates, Flintwood Stains and Natural Veneers
- 144" & 156" Widths are not available in Flintwood Cathedral
- Widths from 108" to 156" are not available in Wood Print Foundation Laminates
- Edges can be specified in Straight trim (6), Flintwood Straight (7), Flat Edge (G), Full Knife Edge (H), Solid Full Knife Edge (X), Solid Eased Edge (E), Bullnose are not available



Recessed Power/Data Module

One top-accessed duplex power outlet

-Standard outlet finish is grey
-CALA outlet finish is black

Top Plate and Data/Electrical Box are finished in clear Anodized Aluminum

Pivoting Retractable door is finished in clear Anodized Aluminum

Blank cover for Communication Opening is finished in Platinum Grey

Frame is finished in powder coat Platinum

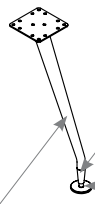
Power Cord Lengths:

Standard 10'
CALA 1800 mm

Power Cord Finish:

Black

Stretch Leg (S)

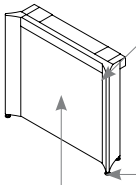


Collar is available in Mica, Foundation or Chrome (depending on leg finish selected)

Leveler is Chrome

Leg is available in Foundation or Mica colors or Chrome

Pedestal Base (P)

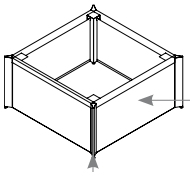


Leg is available in Foundation or Mica colors or Clear Anodized

Levelers are Chrome

Panel is available in metal (Foundation or Mica colors), Foundation Laminates, Flintwood stains or Natural Veneers. CALA electrics are not available on tables with a Pedestal Base.

Quad Pedestal Base (Q)



Panel is available in metal (Foundation or Mica colors), Foundation Laminates, Flintwood Stains or Natural Veneers

Leg is available in Foundation or Mica colors or with a Clear Anodized finish

audience® boardroom tables edge trim style overview

The chart below indicates which edge trim styles can be specified with all *Audience* Boardroom surface finishes.

- All edge finishes will automatically default to match the surface finish selected, with the exception of the Straight Trim (6) which requires that an edge finish be chosen
- *Audience* Boardroom Table worksurfaces are 1 1/4" thick

	Foundation Laminate Surface	Seamless Color Surface	Flintwood Surface	Natural Veneer	Non-User Edge

	60x216	4 pieces	4	
	60x228	4 pieces	4	

wood finish details

The following provides details on Teknion's Flintwoods and Natural Veneers.

flintwood & natural veneer

Different wood species offer unique texture and grain. Due to the natural properties of wood, grain pattern and finish color variation can be expected. Teknion provides a coordinated color match between individual product lines.

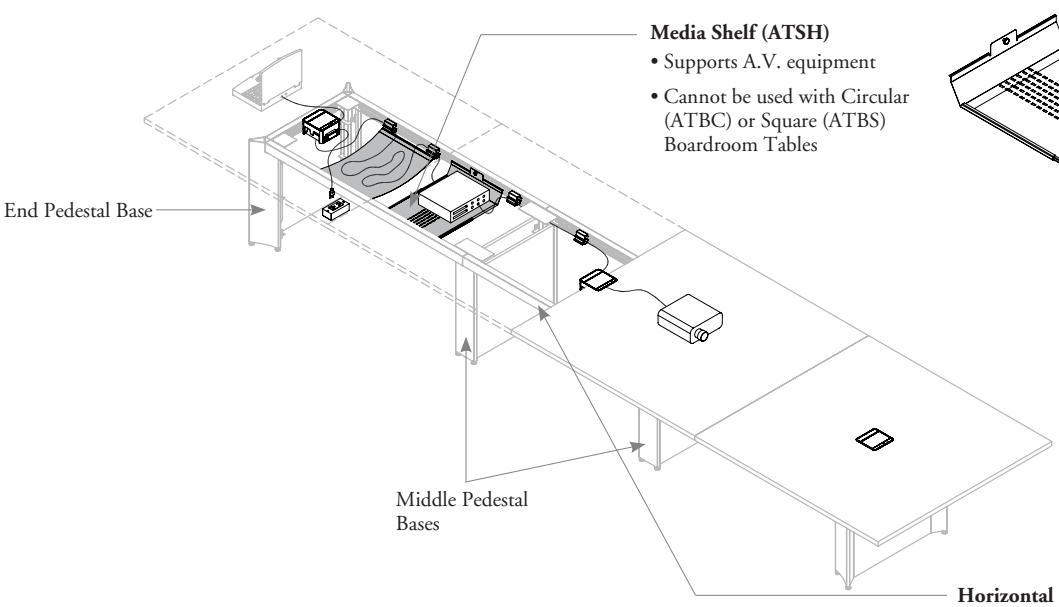
The variation in technology between Teknion's wood manufacturing facilities and the veneers that are utilized will cause fluctuation in the fill rates and sheen levels. All Flintwood worksurfaces and storage tops are closed pore. All Flintwood used in a vertical application is open pore (Table base infill, Storage Units Case, Focus Board). Natural Veneer in all applications is open pore.

Exposure to direct sunlight should be avoided as UV rays may cause the veneer color to change. Adding new product to an existing installation might result in color variations due to light exposure and aging of the original product. For more information on Teknion wood and cleaning instructions please see Teknion's Fabrics and Finishes program.

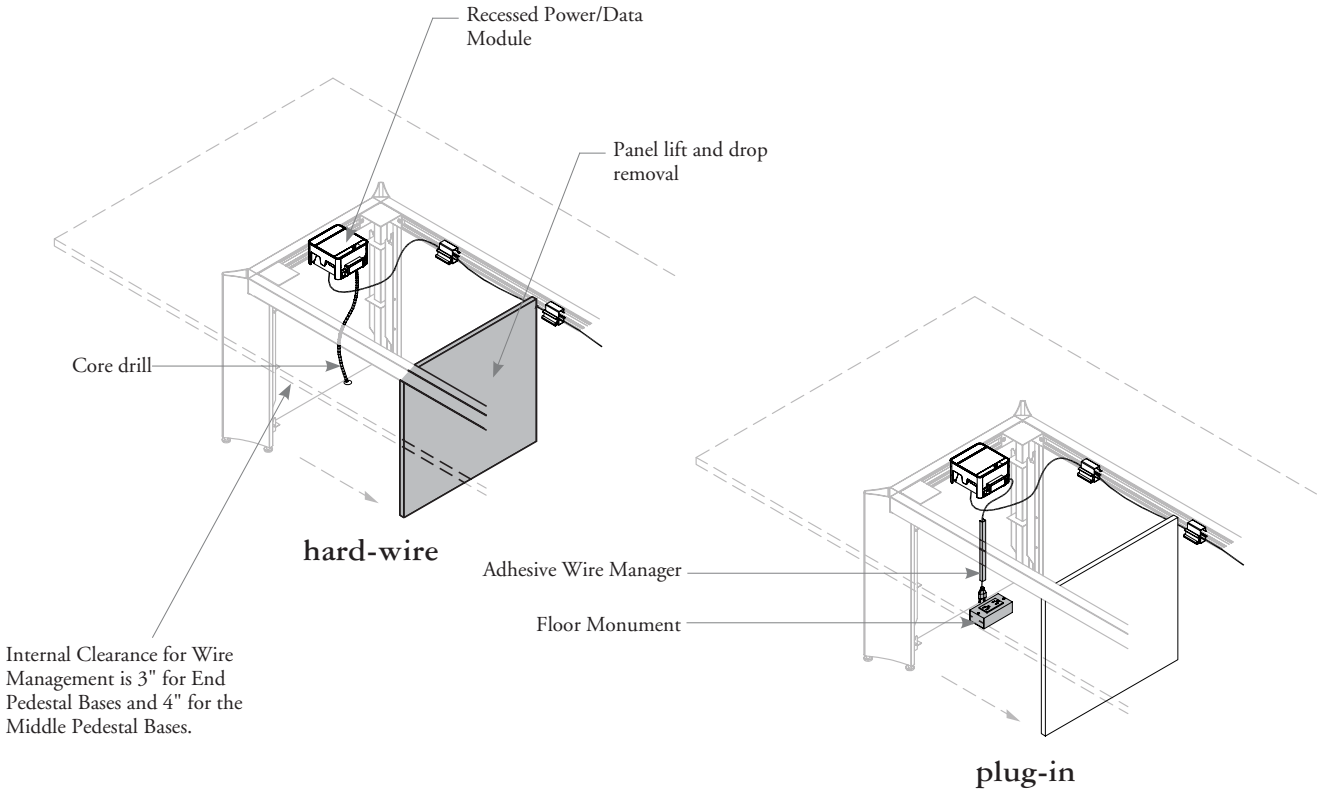
power & data basics

The illustration below shows how Power/Data is incorporated into the *Audience* Boardroom Tables.

horizontal wire management



vertical wire management (pedestal base)



power and data basics (continued)

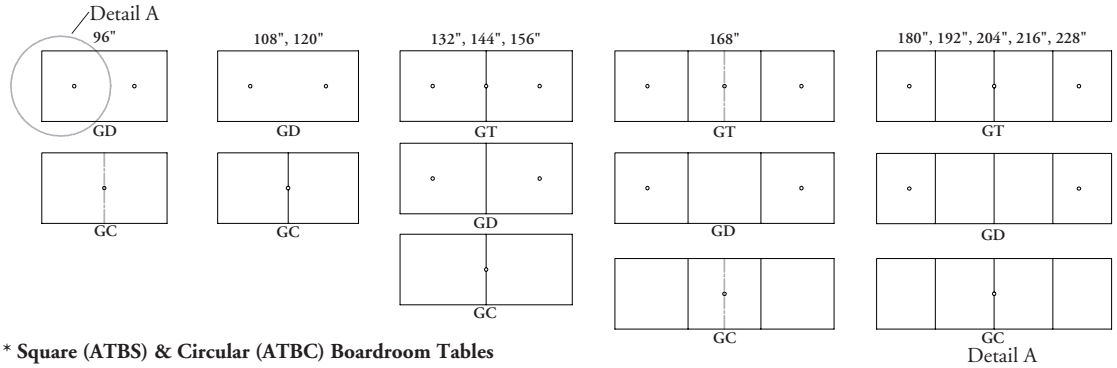
electrical layouts for *audience*® boardroom tables

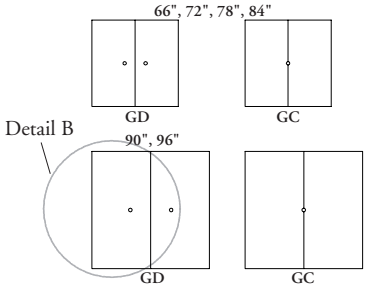
The illustration below indicates Power/Data options and placement by surface shape and sizes. See Product Pages for details.

grommet

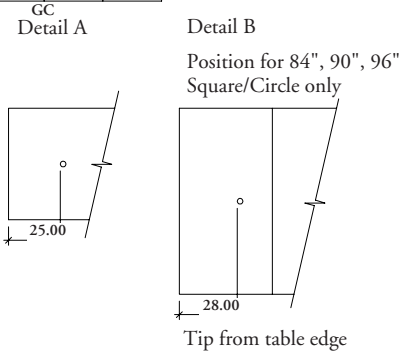
*** Rectangular (ATBR), Oval (ATBV), Boat (ATBB) and Video Conference (ATVC) Boardroom Tables**



*** Square (ATBS) & Circular (ATBC) Boardroom Tables**



*** Please refer to Basics Page for details on offering.**



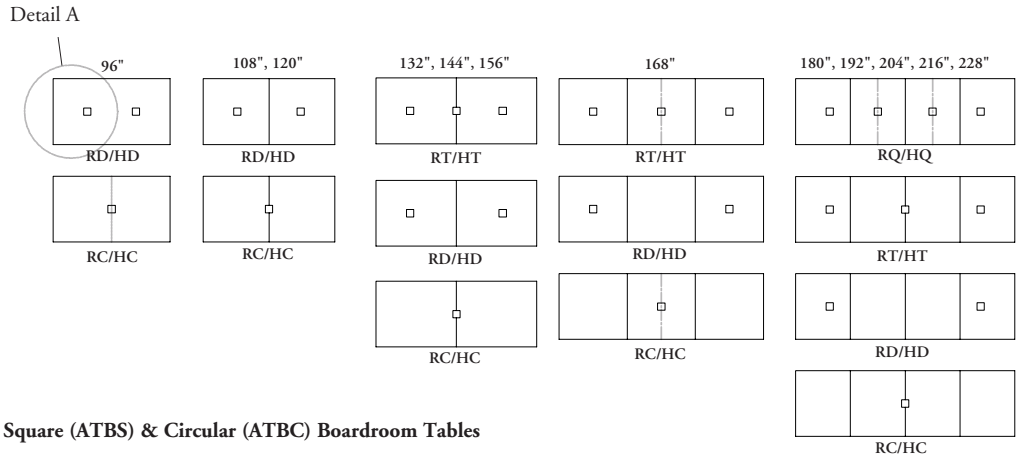
electrics layouts for *audience*® boardroom tables (continued)

The Recessed Power/Data Module is available in both a Plug-In or a Hard-Wire version.

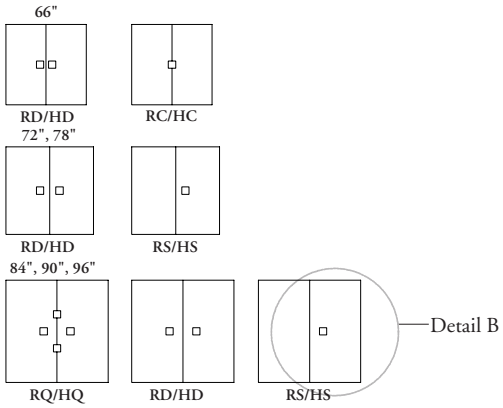
- "R" represents the Recessed "Plug-In" option.
- "H" represents the Hard Wire version HC, HS, HD, HQ.

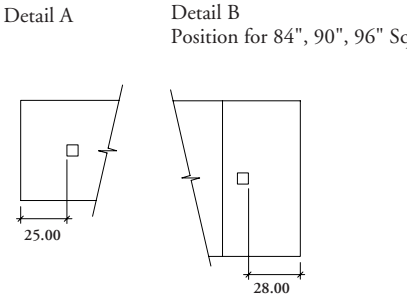
recessed power/data module

*** Rectangular (ATBR), Oval (ATBV), Boat (ATBB) and Video Conference (ATVC) Boardroom Tables**



*** Square (ATBS) & Circular (ATBC) Boardroom Tables**

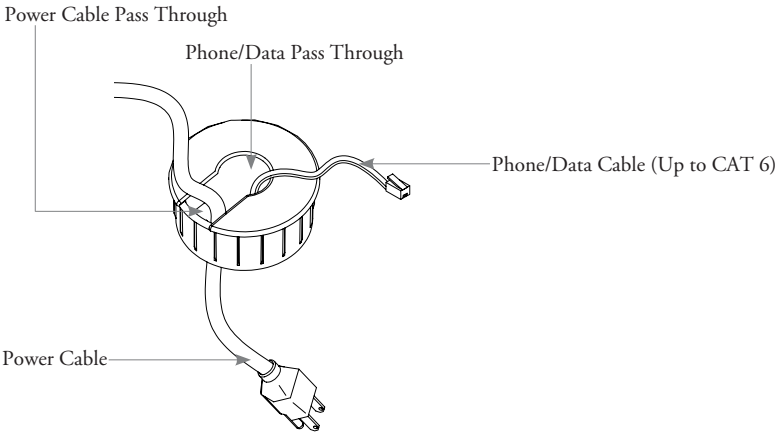


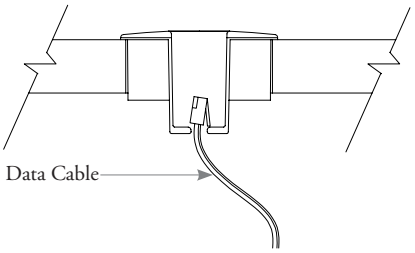


*** Please refer to Basics Page for details on offering.**

power/data grommet details

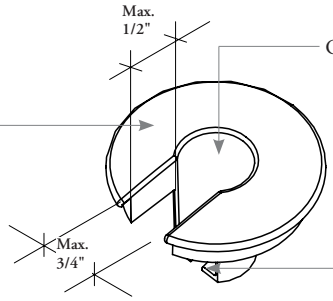
The following illustrations provide details of the Grommet.





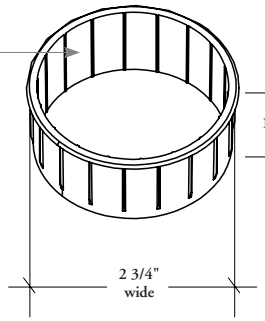
Nests down into grommet and is easy to pull-out

Grommet Cap is 3" wide x 2" high, Material is Die Cast Zinc and is finished in a fine brush Chrome finish



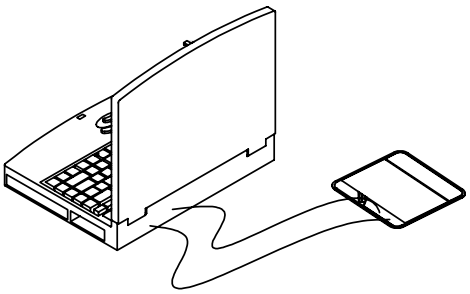
- **Phone/Data Jack Nest** is for ease of retrieval for laptops, etc
- Data cable can stay nested in grommet cap when not in use
- Data Nest can be used with data cables up to CAT 6 (approximately 1/4")
- Pass through can accommodate power cables up to (1/2")

- **Grommet Ring** fits in hole in table
- Hole can be cut in the field with 2 3/4" hole saw
- Material is Polycarbonate (Plastic) finished in Silver

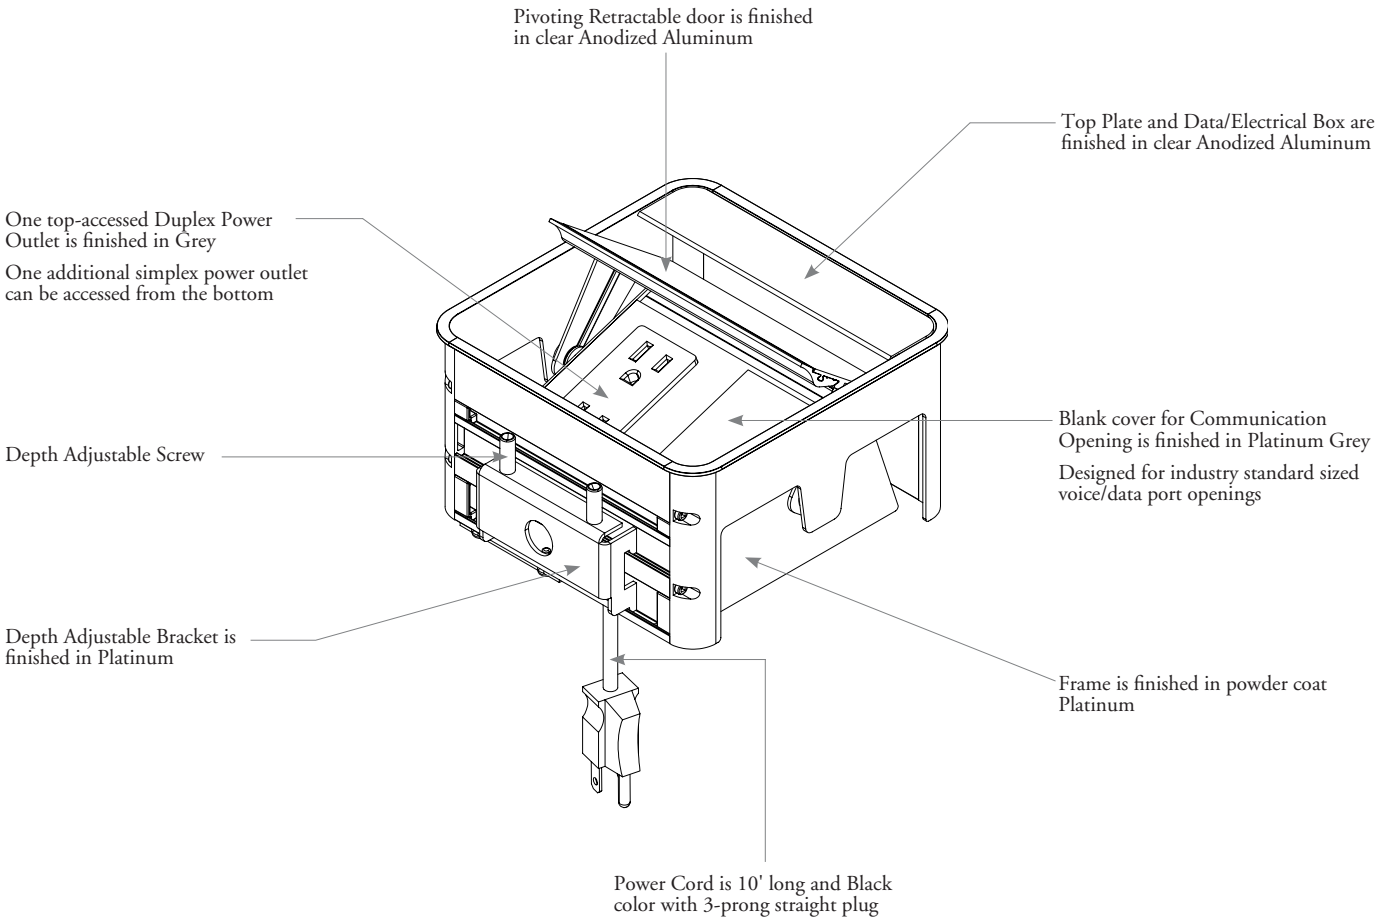


recessed power/data module details

A Recessed Power and Data Module is a flush fitting power and data solution for Meeting and Boardroom Tables.



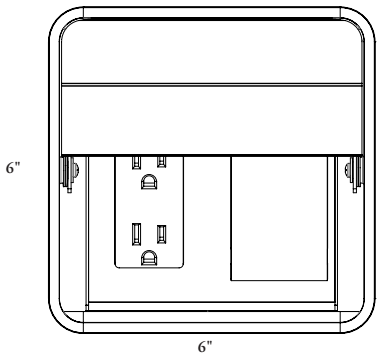
- As a special item, this unit can be customized to meet customers special data/communication and power needs including audio/video controls or extra power outlets
- Standard offering has three power outlets and a covered communication opening that can accommodate a variety of data connectors (not included)
- The communication opening is 2.72" x 1.38" for single gang mounting plates which will accommodate kits from AMP, Panduit, Hubbell, Leviton, Northern Telecom, AT&T, lucent and others
- Module is 6.125" wide x 6.125" deep x 3.5" high

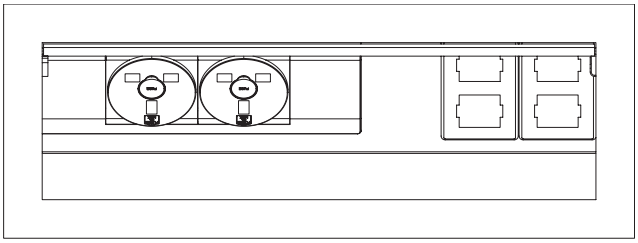


planning with recessed power/data modules

The Recessed Power/Data Module can be customized to accommodate desired Power/Data needs as well as required A/V controls.

standard unit

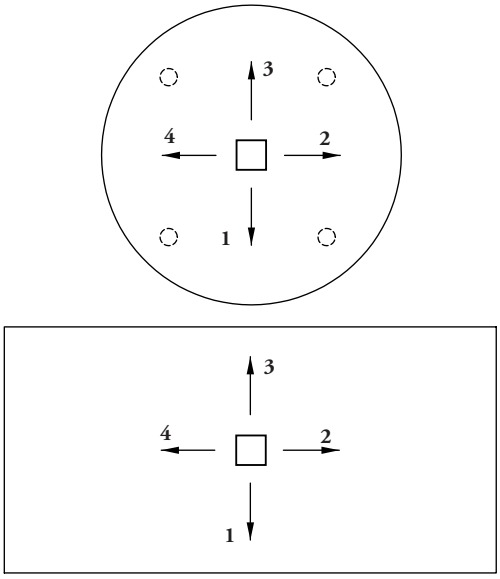




Standard and CALA unit can be field-installed using the template provided with the product, but tables can be ordered with the recessed power/data cut out pre-cut

Special configuration recessed modules are available up on special request

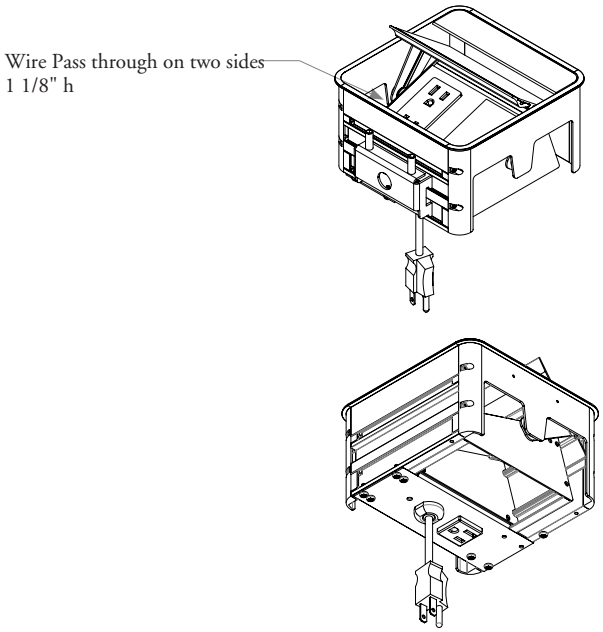
module orientation in table



- As cut out in table for recessed power/data module is 6"/6" square, unit may be oriented in 1 of 4 directions as shown at left
- Unit can be re-oriented easily with only one tool (screw driver)
- If unit is field installed, a template is provided with the product. A 6" by 6" hole must be drilled

planning with recessed power/data modules (continued)

data port configuration options



Communications Opening can accommodate data plates and connectors from many manufacturers such as Amp, Panduit, Hubbell, Leviton, Northern Telecom, AT&T/Lucent and others to have up to four data ports

- Data cables may be exited from unit on right side of frame (1) or on bottom (2)
- Bottom-Mounted outlet can accommodate large brick-style plugs with integrated transformers (3)
- Voice/Data Face plates, Jacks and Cables are not included and must be field-supplied and installed

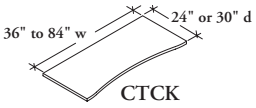
training worksurface and support basics

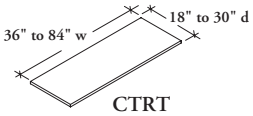
The following diagrams highlight Worksurface Support and Modesty Panel options for the Training Tables

Please refer to the Work Tools section for Focus Wall products and Storage section for Storage Products.

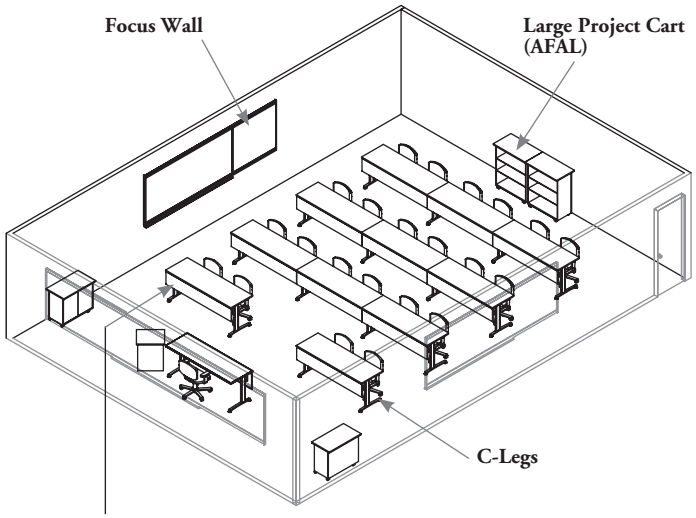
Rectangular Worksurface (CTRT) and Cockpit Worksurface (CTCK)

Are ideally suited for classroom or training room like configurations





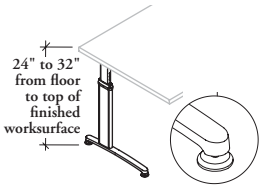
Fixed-Height Legs



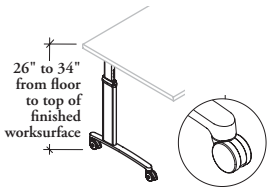
Support Options

- Four leg styles are available for use with Training Tables
- All can be used on their own or in shared applications
- For compatibility between worksurfaces and legs, please refer to compatibility chart

	C-Leg	T-Leg	Int Leg	Adjustable Height Option
Standard (D)				n/a
Arched (A)				
Slender (S)				
Post Leg (P)	n/a	n/a	n/a	
- Casters and levelers can be specified on all legs except Intermediate Legs
  - – Post Leg has a 75 mm caster
  - – C-Legs and T-Legs have a 60 mm caster
- Levelers have a leveling range of 1" for the Standard (D) and Slender Legs (S) and 1/2" for the Arched Leg (A). When casters are specified, one caster is lockable
- All except Standard Legs are available in an Adjustable Height version (1" increments) that includes a securing device

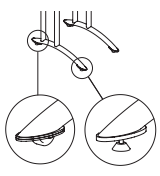


with levelers



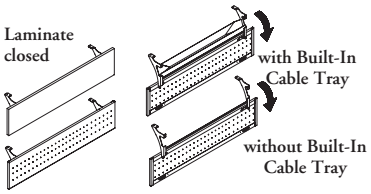
with casters

- A concealed roller (1 caster, 1 leveler) is offered for the Arched Leg style. The roller option includes one leveler and one unlockable roller. This permits movement when the worksurface is lifted at one end and keeps the worksurface stationary when at rest



Modesty Panels (CTLM, CTMM)

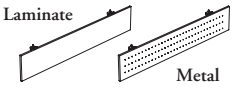
- Used with most worksurfaces; see Compatibility Chart for application to the various shapes of worksurfaces
- Available in Laminate or Metal
- Metal is available in Solid or Embossed
- Available with or without a built-in cable tray; the Cable Tray (CTWT) or Electrical Tray (CTET) can also be specified separately, the latter is not compatible with built-in tray
- When specifying the Modesty Panel, select the width to match the width of the worksurface to which it is being applied. Actual width will differ depending on the leg type
- Access door can be secured using a screw supplied on the modesty panel assembly



Also Available:

Modesty Panels for Flip-Top Table (CTLMF, CTMMF)

- Used with Flip-Top Table (CTFT) only
- Available in Laminate or Metal
- Metal is available in Solid or Embossed
- Cable Tray (CTWT) or Electrical Tray (CTET) can be specified separately
- When specifying the Modesty Panel, select the width to match the width of the table to which it is being applied; actual width will be smaller
- Includes a securing device



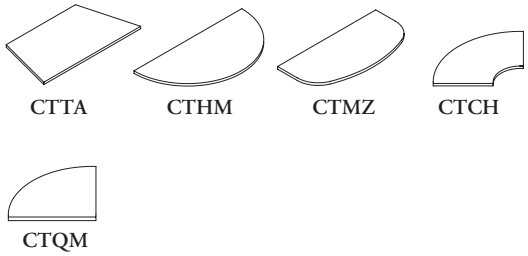
training worksurface & support basics (continued)

The following diagrams highlight worksurface shapes, linking options, and Power/Data alternatives for the training tables.

Please refer to the Storage section for *Audience* Storage products and the Work Tools section for Focus Wall products.

Worksurface Shapes

Are provided in order to be able to plan collaborative work environments

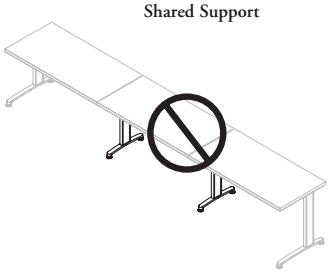


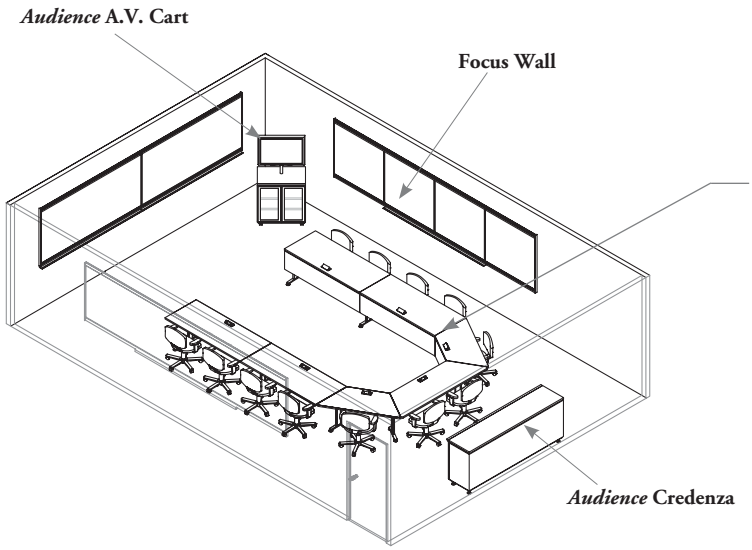
Intermediate Legs

- Specified only as a secondary support for specific worksurfaces
- May be used as a shared support to create corner configurations, but **cannot** be used to support a worksurface independently or to create rows of linked worksurfaces

Secondary Support

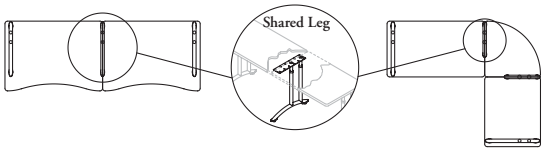
Shared Support

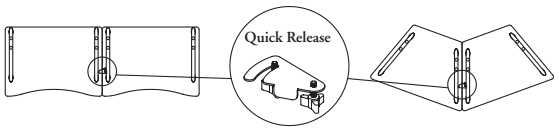




Linking Tables

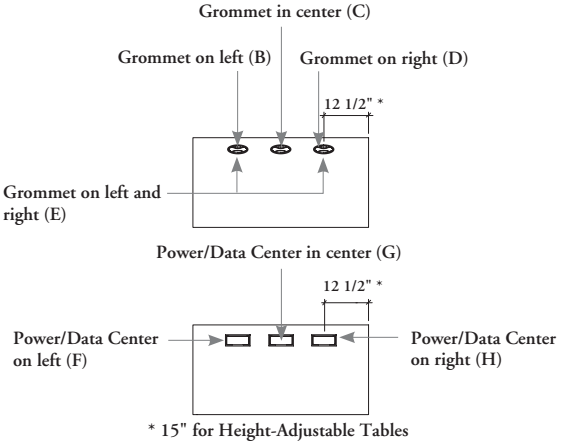
- For permanent configurations, worksurfaces can be linked together using a shared leg
- For more temporary or casual applications, tables can either be casually clustered together on their own or with the use of the Quick Release Linking System (CAQR)





Grommets or Power/Data Center

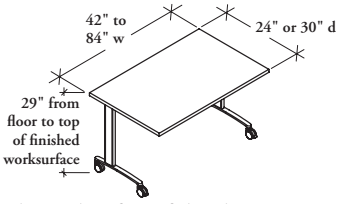
- Can be specified when worksurfaces or tables are ordered. The surface will come with pre-drilled holes for easy installation on site
- When applicable, eight options are available
- Additional Grommets (CTGM) or Power/Data Centers (CLMC) can be field-installed and must be specified separately
- The Power/Data Center provided with worksurfaces and tables has 2 Power / 2 USB / 1 Data configuration (221) and a 120" long cord

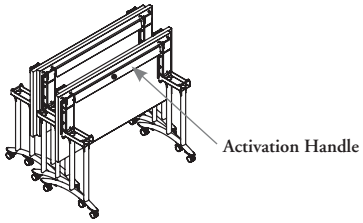


training table basics

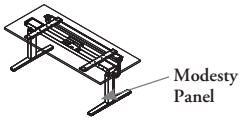
Within the training tables offering, several table options can be specified for more casual use.

- All Training Tables are sold as complete tables but are shipped knocked down
- All Training Tables can be specified with Grommets
- Only CTFT or CTHT Training Tables can be specified with Power/Data Centers



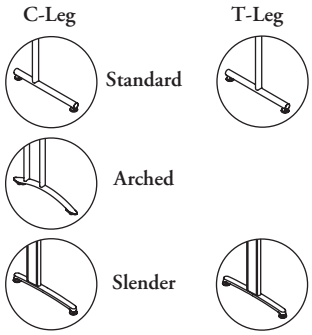


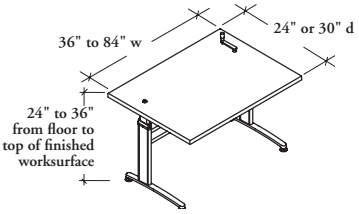
The worksurface of the Flip-Top Tables (CTFT) lock in both flat and upright positions. An activation handle is standard underneath the surface at the back edge and can be operated with one hand at any point along the surface. When a modesty panel (CTLMF, CTMMF) is installed, it activates the handle



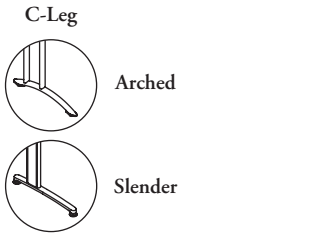
- This table accepts the Modesty Panel for Flip-Top Table (CTLMF, CTMMF) only. Can also accept the Electrical Tray (CTET) or Cable Tray (CTWT) at the same time as the modesty panel
- Can be nested together for storage. For example six tables will store into a space 53" wide

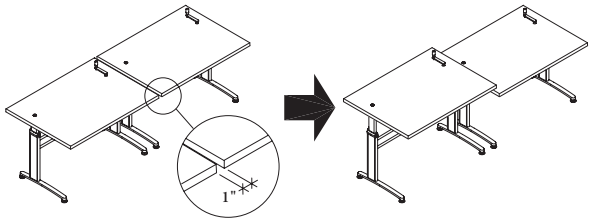
- Available in fixed height leg styles and options shown on the right
- Come with two lockable and two non-lockable casters

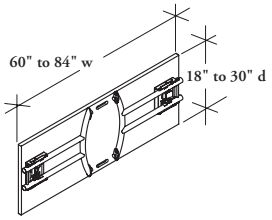




- **Rectangular Height-Adjustable Tables (CTHT)**
- Provide crank height adjustment from 24" to 36"
- Widths dimensions are 1" shorter than specified to allow for height-adjustment clearance and cable management
- Low-torque mechanism allows for minimal effort with only five turns per inches of adjustment. The mechanism can be operated on each side of worksurface (left or right)
- Available in fixed height leg styles and options shown on the right
- Are not offered with casters
- Arched Leg is available with an optional concealed roller (1 caster/1 leveler)

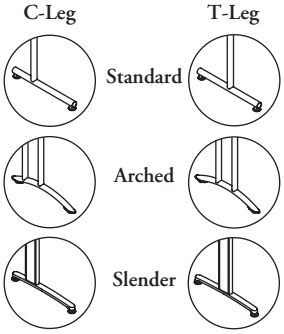


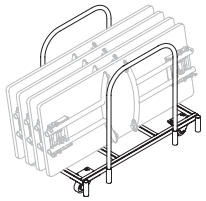




Rectangular Folding Tables (CTFL) and Lightweight Rectangular Folding Tables (CTLF)

- Are available with C-Legs or T-Legs
- Three fixed height (29") Leg Styles are available Standard (D), Arched (A) and Slender (S)
- Casters or Levelers can be specified on each of the leg styles
- Include two lockable casters when casters are specified
- The lightweight version comes with two integrated handles
- Arched Leg is available with an optional concealed roller
- Do not accept accessories





Mobile Table Trolley (CTMT)

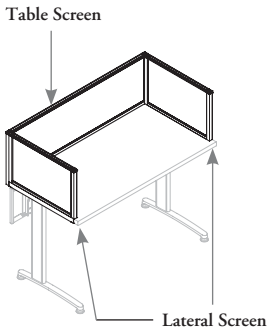
- Available to store or move up to 7 (1,000 lbs) Folding Tables stored vertically
- Finished in Black

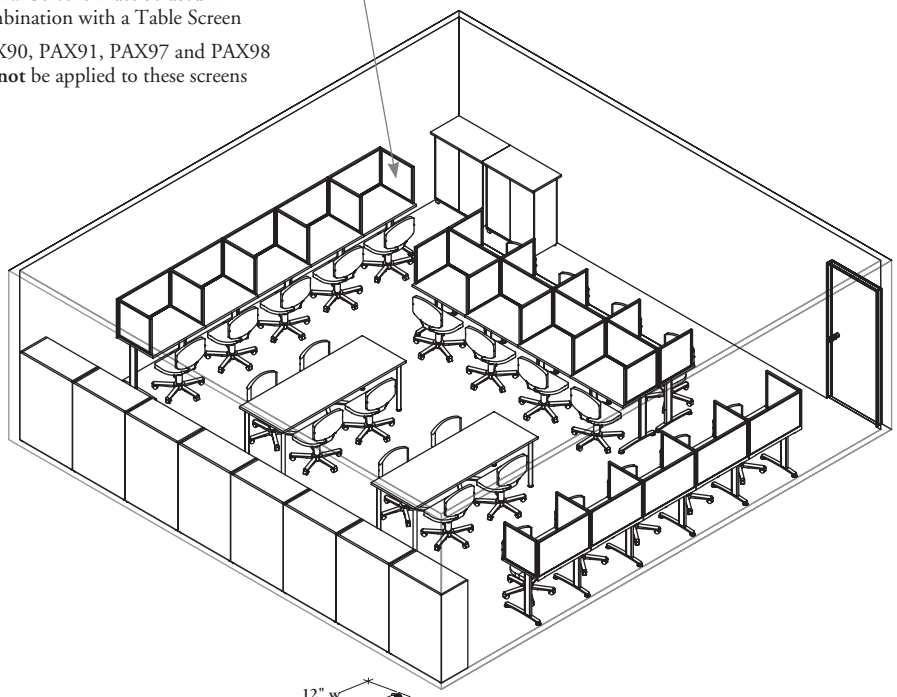
accessory basics

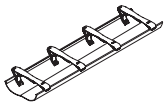
The following diagrams highlight Screens, Electrical Trays and Accessories available within the Training Table offering.

Table Screens (CTDS) and Lateral Screens (CTLS)

- Can only be applied to Rectangular and Cockpit Worksurfaces and the Rectangular Height-Adjustable Table (CTHT)
- **Cannot** be applied when T-Legs are specified
- **Cannot** be applied to 18" deep worksurfaces
- 22" in height **cannot** be used when casters have been specified
- Fabric is not tackable
- Lateral Screens must be used in combination with a Table Screen
- PAX90, PAX91, PAX97 and PAX98 **cannot** be applied to these screens

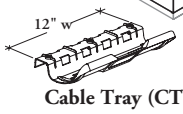






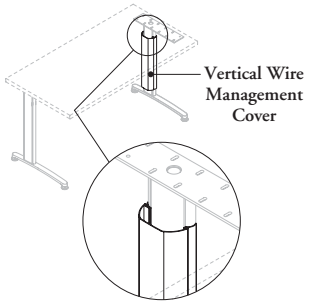
Electrical Tray (CTET)

- Can be used with a Modesty Panel (without built-in cable tray)
- Allows for front or user access to Power and Data
- Several electrical components such as the Under-Worksurface Plug-In Power Bar (RLPP), the Under- Worksurface Power Outlet (CLWP), the Splitter Box (RLBX) or the Data Box (CLDB) can be attached directly to the electrical tray
- Support Configuration (H) for application on a Height-Adjustable Table (CTHT) and Flip-Top Table (CTFT)
- See Compatibility chart for application to the various shapes of Worksurfaces



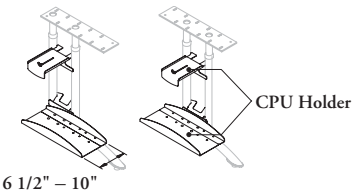
Cable Tray (CTWT)

- Can be placed on any product
- Is mounted below a worksurface to manage cables coming from the worksurface level
- Under-Worksurface Plug-In Power Bar (RLPP) can be attached to the Cable Tray



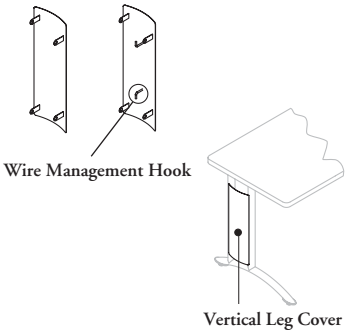
Vertical Wire Management Covers (CTWC)

Are 15" in height and are used only on the Slender Leg Style



CPU Holder (CTLP)

- Can only be installed on the Arched Leg Style
- Low-profile bottom provides appropriate venting for most CPU's. However, if vents are located on the side of the CPU, 1" should be allowed on either side for sufficient air flow
- **Cannot** be applied in combination with Folding Tables (CTFL, CTLF) and Flip-Top Tables (CTFL)
- If Vertical Leg Covers (CTVL) are mounted on Arched Leg Styles, the inside cover must be removed prior to mounting the CPU Holder



Vertical Leg Covers (CTVL)

- Vertical Leg Covers can only be mounted on the Arched Leg Style
- Vertical Leg Covers can be mounted to both sides of an Arched Leg Style to hide exposed cables
- If leg covers (CTVL) or Wire Management Covers (CTWC) are required for Folding Tables, they must be removed before folding under the worksurface
- When Specifying Vertical Leg Covers with cable management, only one cover gets cable management hooks

edge trim style & overview

The chart below indicates which edge trim styles can be specified with Training Tables surface finishes.

- The Flintwood Straight Trim (7) will automatically default to match the surface finish color selected.
- Training Table worksurfaces are 1 3/16" thick

	Foundation Laminate Surface	Flintwood Surface	Non-User Edge
Straight Trim (6)  **All Edges**		n/a	Straight Trim (6)
Flintwood Straight Trim (7) **All Edges**	n/a		Flintwood Straight Trim (7)

user edge & grain direction

Shading indicates user edge.

support compatibility chart

The chart below shows the compatibility between worksurface shapes and supports within the Training offering.

Legs		Worksurfaces: Rectangular (CTRT)	Cockpit (CTCK)	Trapeze Angular (CTTA)	Half-Moon (CTHM)	Mezzanine (CTMZ)	Curved Hatchet (CTCH)	Quarter-Moon (CTQM)
C-Leg (CTCL)	Fixed Height	3, 6, A	6, A	4, B	3, 6	3, 6	3, 6	3, 4
	Adjustable Height	3, A	A	B	3	3	3	3
T-Leg (CTTL)	Fixed Height			B	5	5		4
	Adjustable Height			B	5	5		
Intermediate Leg (CTST)	Fixed Height				1, 2	1, 2	1	1, 4
	Adjustable Height				1, 2	1, 2	1	1
Post Leg (CTPL)	Fixed Height	C		B				
	Adjustable Height	C		B				

A The Arched Leg style with Two Casters **cannot** be mounted on worksurface narrower than 42".

B Leg styles with casters **cannot** be mounted on trapeze worksurface.

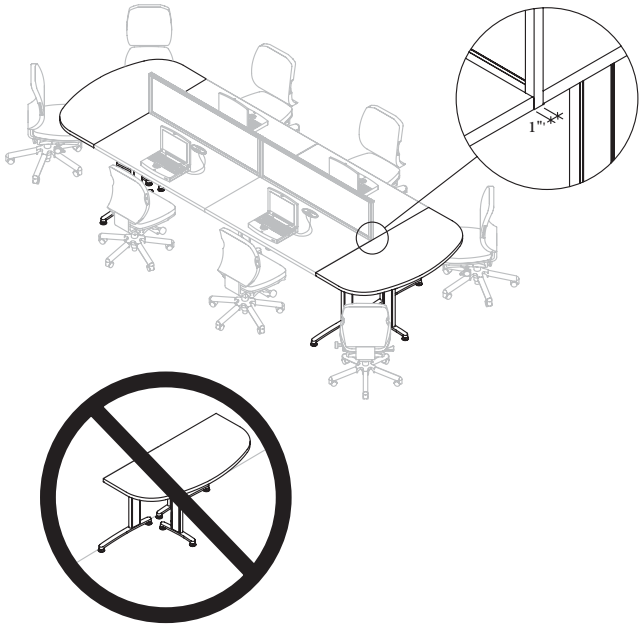
C Post Leg with Casters **cannot** be mounted on 18" deep worksurface.

Compatible
Not Compatible

1 = The Intermediate Leg may only be used when worksurfaces are linked.
2 = The Intermediate Leg may be used as a secondary non-linking support (only for 24" and 30" deep worksurfaces).
3 = Available for 24" and 30" deep worksurfaces only.
4 = The Standard Leg style **cannot** be installed on this worksurface.
5 = The 18" T-Leg can be used as a secondary non-linking support.
6 = The Standard Leg style can only be installed on 24" deep worksurfaces.

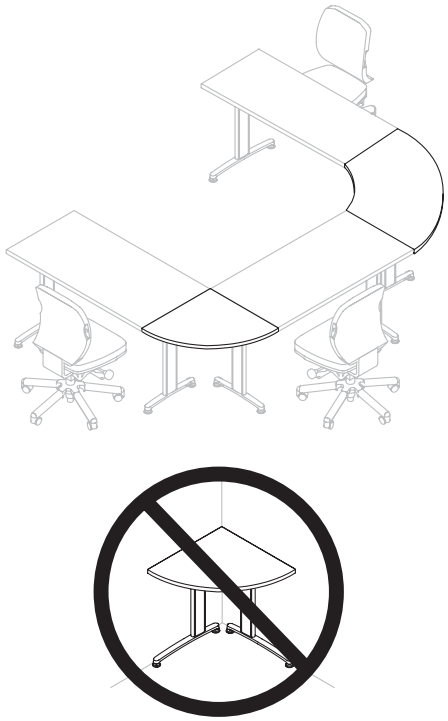
collaborative worksurface shapes

The following illustrations demonstrate how to use many of the Worksurface shapes in shared applications.



Half-Moon & Mezzanine Worksurfaces

- Must be linked to other worksurfaces of the same width using shared supports
- These products **cannot** be used as a stand alone worksurface
- An Intermediate Leg or T-Leg must be specified as a third support
- These worksurfaces do not accept any accessories
- For back-to-back screen applications, please specify 1" wider
- Three Post Legs can be used to support these worksurfaces (2 in shared position plus 3rd post leg)



Curved Hatchet & Quarter-Moon Worksurfaces

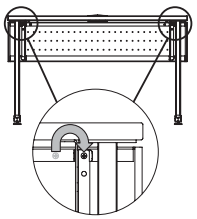
- Must be linked to other worksurfaces of the same width using shared supports
- These products **cannot** be used as a stand alone worksurface
- These worksurfaces do not accept any accessories
- The Quarter-Moon worksurface does not accept the "Standard" Leg Style

modesty panel details

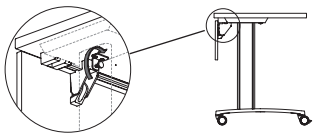
Training offers modesty panels mounted under the worksurface between supports to provide seated privacy.

- To determine compatibility between Modesty Panels and Worksurfaces, please refer to the Accessory Compatibility Chart in this section
- Modesty panels do not provide structural support
- Modesty Panels **cannot** be mounted on 18" deep tables with casters
- Other stability restrictions apply, refer to the Accessory Stability Chart

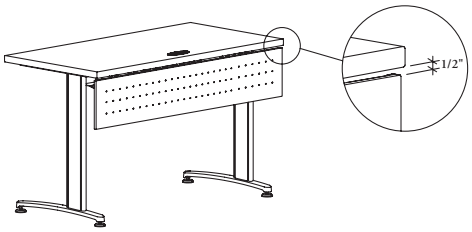
Modesty Panels (CTLM, CTMM)



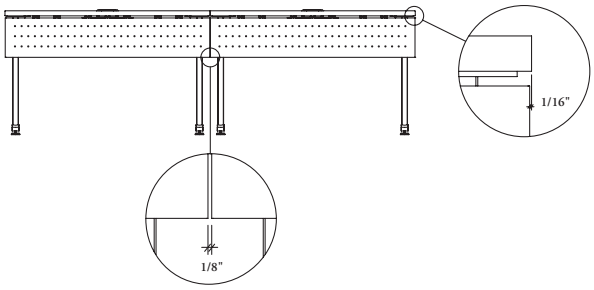
Modesty Panels for Flip-Top Table (CTLMF, CTMMF)



Securing Device



• Provide a 1/2" gap for cable access between the Modesty Panel and the worksurface

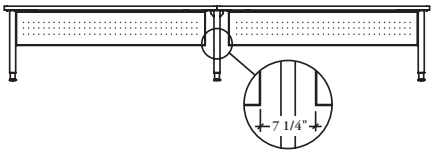


Modesty Panels (CTLM, CTMM):

- Support configuration must be specified to ensure that the correct actual width is provided
  - (H) for application on a Height-Adjustable Table (CTHT) only
  - (P) for application on tables with Post Legs
  - (S) for application on tables with C-Legs, T-Legs or Intermediate Legs
- Training electrical products (RLPP, CLWP, RLBX) can be installed on a Modesty Panel wider than 42" with built-in cable tray
- Not compatible with Flip-Top Table

Modesty Panels for Flip-Top Table (CTLMF, CTMMF):

- The width specified must be equal to the worksurface width; actual width will be smaller



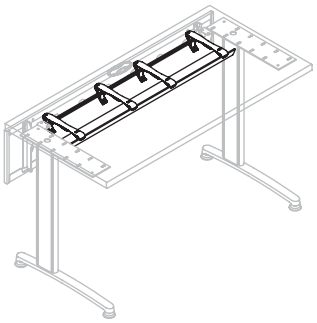
• Shared configuration **cannot** be achieved with Modesty Panels for Flip-Top Table (CTLMF, CTMMF)

electrical tray & cable tray details

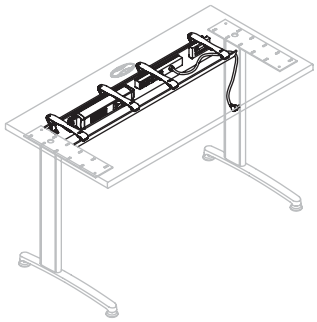
Training offers products that provide easy cable management on tables with or without modesty panel.

To determine compatibility between Electrical Trays, Cable Trays and Worksurfaces, please refer to the Accessory Compatibility Chart in this section

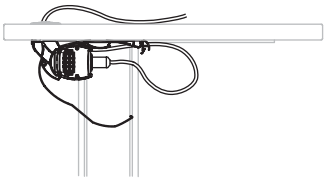
Electrical Tray Application



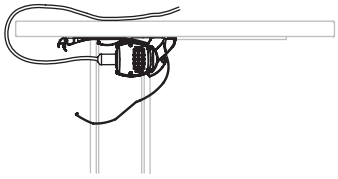
With Modesty Panel



Without Modesty Panel



User Access

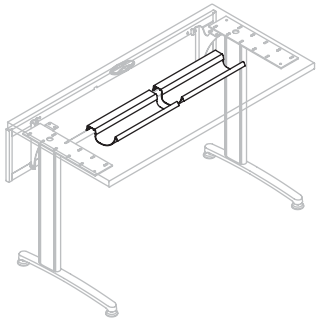


Back Access

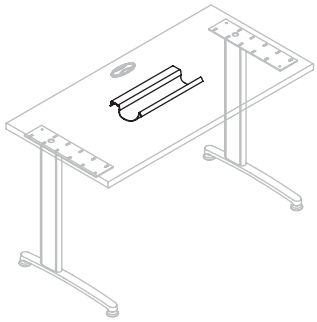
Electrical Tray (CTET):

- Can be installed for user or back access; if a power module is installed, only back access is possible
- Support configuration must be specified to ensure that the correct actual width is provided
  - (H) for application on a Height-Adjustable Table (CTHT) and Flip-Top Table (CTFT)
  - (P) for application on tables with Post Legs
  - (S) for application on tables with C-Legs, T-Legs or Intermediate Legs
- Electrical components such as the Under-Worksurface Plug-in Power Bar (RLPP), the Under-Worksurface Power Outlet (CLWP), the Splitter Box (RLBX) and the Data Box (CLDB) can be fixed directly into the electrical clips that support the tray cover

Cable Tray Application



With Modesty Panel

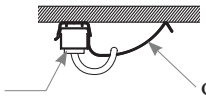


Without Modesty Panel

Cable Tray (CTWT):

- Value alternative to a Electrical Tray (CTET)
- More than one tray can be specified under the same table

  Only Under-Worksurface Plug-in Power Bar (RLPP) can be attached directly to this product



modesty panel & electrical tray compatibility chart

The chart below will help determine compatibility between Modesty Panels, Electrical Trays and Worksurfaces.

accessory widths

worksurface/table widths		Electrical Tray (CTET)	Modesty Panels (CTLM, CTMM)	Modesty Panels (CTLMF, CTMMF)

	84"	66"	60"	48"	48"	n/a

Accessories listed above are not compatible with:

- Half-Moon Worksurface (CTHM)
- Curved Hatchet Worksurface (CTCH)
- Mezzanine Worksurface (CTMZ)
- Quarter-Moon Worksurface (CTQM)
- Small-Convex Worksurface (CTQM)
- Rectangular and Lightweight Rectangular Folding Table (CTFL and CTLF)

planning with table screens & lateral screens

Table Screens (CTDS) and Lateral Screens (CTLS) can be installed on Rectangular (CTRT) and Cockpit Worksurfaces (CTCK) or the Rectangular Height-Adjustable Table (CTHT) and are offered in Fabric, Metal and Translucent finishes that finish both sides of the screen.

- Do not accept PAX90, PAX91, PAX97 or PAX98
- Fabric screens are not tackable
- Please refer to the Accessory Compatibility Chart in this section for details
- Other stability restrictions apply, refer to the Accessory Stability Chart

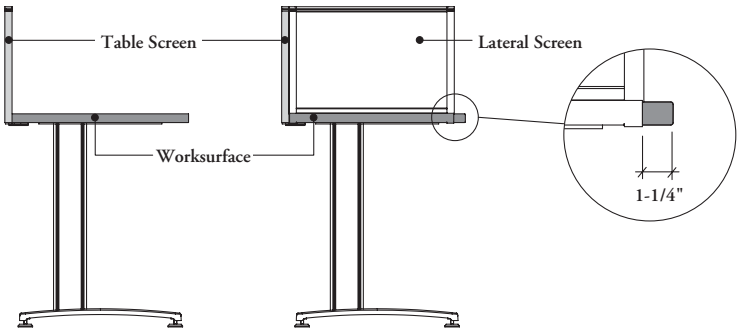

Table Screens are installed in front of the back edge without any gap

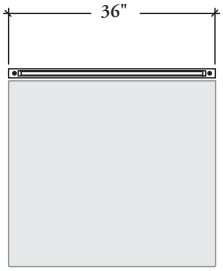
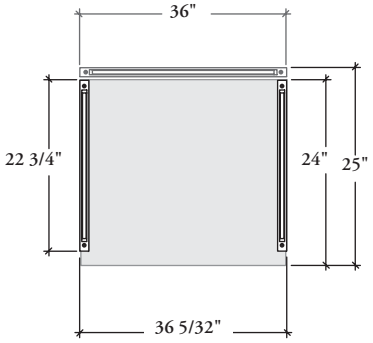
Full Size – Back
(screen matches width of the worksurface)

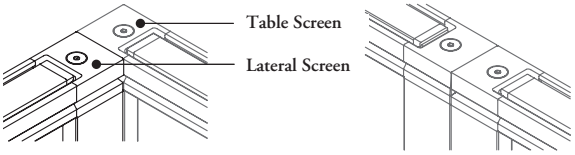


Recessed Size – Lateral
(specify the screen the same depth of the worksurface)



Can be linked screens using the supplied linking piece. Please see the different configurations below:

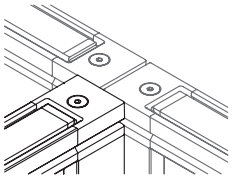
Double Configuration



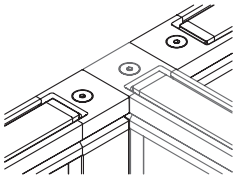
1x Table Screen
1x Lateral Screen

2x Table Screen

Triple Configuration

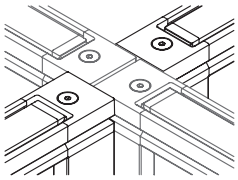


2x Table Screen
1x Lateral Screen

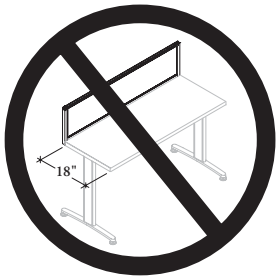


1x Table Screen
2x Lateral Screen

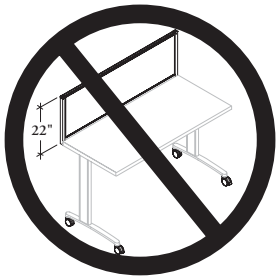
Quadruple Configuration



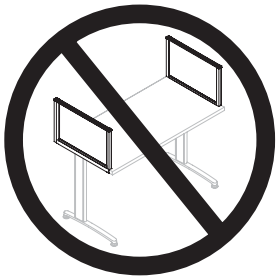
2x Table Screen
2x Lateral Screen



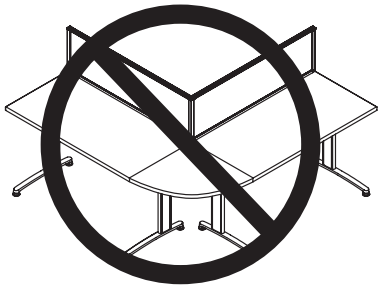
Cannot be applied to 18" deep worksurfaces or tables



22" height **cannot** be used with worksurfaces where the legs are installed with casters



The Lateral Screen **cannot** be used alone. It must be linked to a Table Screen



Two Table Screens **cannot** be installed in 90º configurations

accessory compatibility chart

* Must be used with the same worksurface width.

*Modesty Panel with 22" high screens could be used only when placed against a wall or back-to-back

lighting, electrics & communications basics

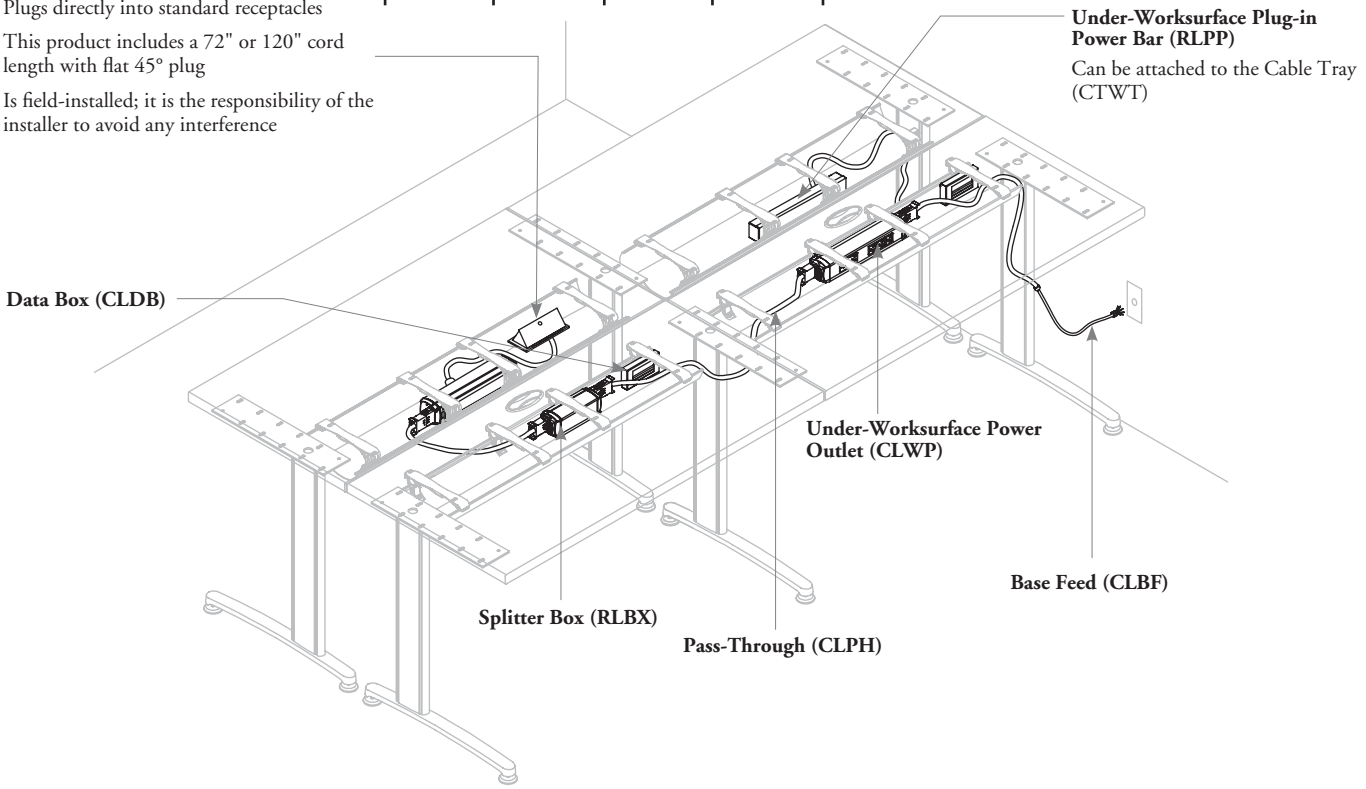
Training offers several ways to organize cabling and electrics under tables and worksurfaces.

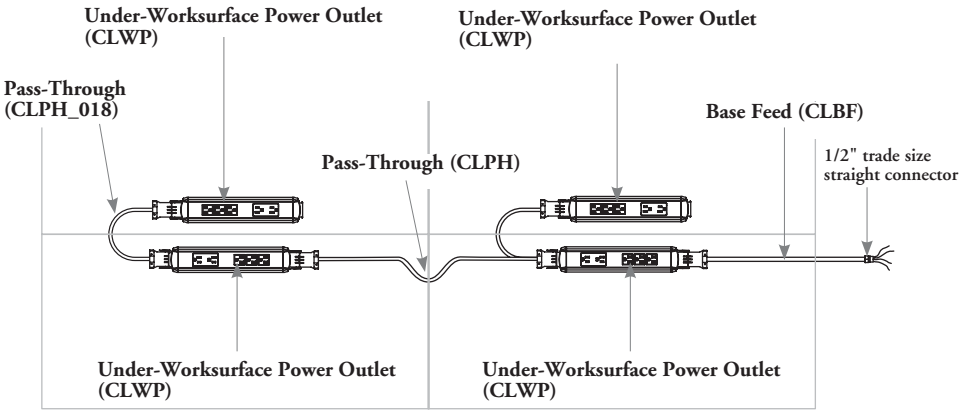
All electrical products can be installed into the Electrical Tray (CTET) or lay into modesty panels with built-in cable tray (CTLM, CTMM)

Power/Data Center (CLMC)

- Can be placed on any product
- Voice/Data jacks are not included and must be field supplied and installed
- Plugs directly into standard receptacles
- This product includes a 72" or 120" cord length with flat 45° plug
- Is field-installed; it is the responsibility of the installer to avoid any interference

Power Simplex Receptacle	USB	Communi-cation Opening	Configu-ration
2	2	1	221
3	0	1	301





- When needed, two Under-Worksurface Power Outlets (CLWP) can be connected together
- To specify the correct length of the Pass-Through, calculate the dimension from the center of the worksurface to the center of the adjacent worksurface minus 12"
- All worksurfaces and tables must be linked together when electrical & communication products are installed

finish protocol

The following diagrams show the various Teknion Fabrics and Finishes available on Training Tables.

- Each worksurface has metal inserts to accommodate the installation of worksurface supports and modesty panels
- Pre-drilled holes are done to accommodate screen and Electrical Tray installation
- Surfaces wider than 54" include 1 or 2 reinforcing bars
- Straight Trims (6) are available in a variety of Edge Trim Colors. Flintwood surfaces will come with edges that match the surface color

Worksurfaces and Table Tops

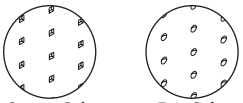
- Are available in Foundation Laminates and Flintwood stains
- Constructed of high-pressure laminate applied to a 1 1/8" thick baseboard for a total surface thickness of 1 3/16" (except for the Lightweight Rectangular Folding Table CTLF)

Edge Trims

- Are offered in Straight Trim (6) or Flintwood Straight Trim (7) available in a selection of Edge Trim colors or Flintwood Stains (where applicable)
- Flintwood Straight Trim (7) is only available with Flintwood worksurfaces – Edge trim will match the worksurface color

Modesty Panels – Metal (CTMM) and Modesty Panels for Flip-Top Table – Metal (CTMMF)

- Can be specified in Foundation, Accent or Mica colors
- Offered in Solid or Embossed
- Embossed is offered with two patterns:

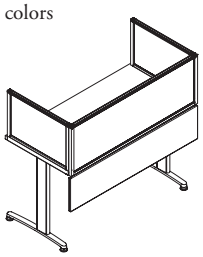


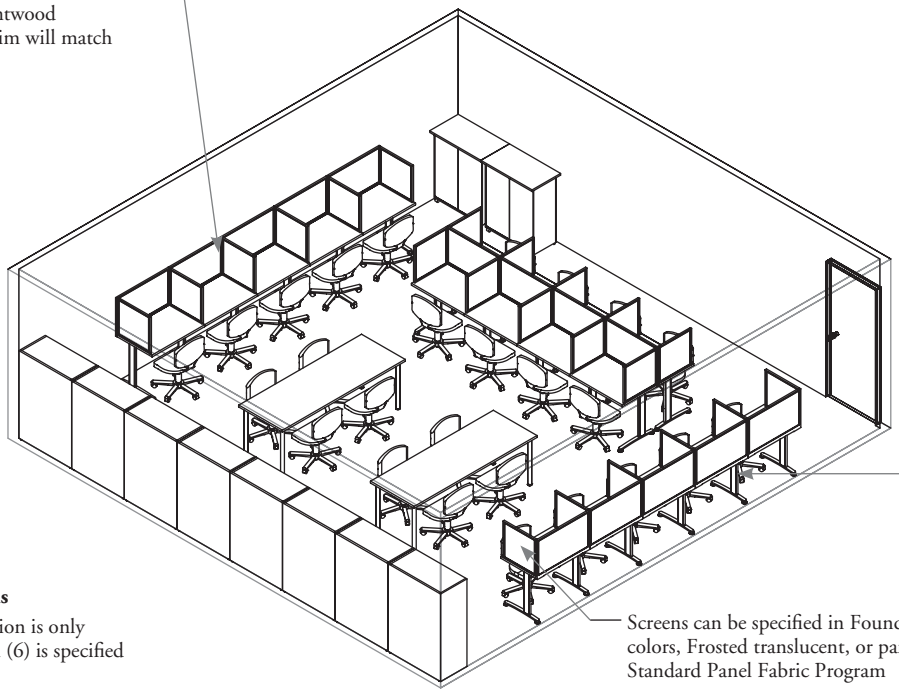
Square Solo (201)

Dot Solo (401)

Modesty Panels – Laminate (CTLM) and Modesty Panels for Flip-Top Table – Laminate (CTLMF)

- Can be specified in Source Laminates, Foundation Laminates or Flintwood stains
- Hardware is available in Foundation or Mica colors



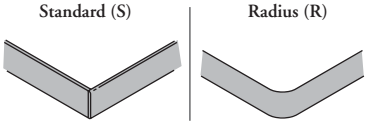


C-Legs (CTCL), T-Legs (CTTL), Intermediate Legs (CTST), and Post Legs (CTPL)

- Are available in Foundation or Mica colors
- Levelers are Black
- Casters are Black with Platinum covers

Worksurface Corner Details

Radius (R) Corner detail option is only available when Straight Trim (6) is specified



Standard (S) | Radius (R)

Grommets (CTGM)

Are available in Source Laminates (Wood Prints only) or Foundation and Mica color

Power/Data Center (CLMC)

Available in Soft Gris (B) or Ebony (E) colors

Screens can be specified in Foundation, Mica or Accent metal colors, Frosted translucent, or panel fabric from Teknion's Standard Panel Fabric Program

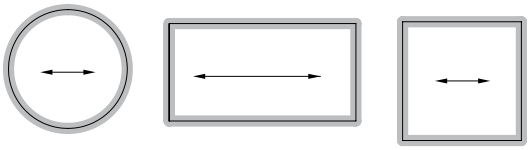
user edge & grain direction

Illustrations below show grain direction and user edges both with and without solid edges.

Shading indicates user edge



wood finish details

The following provides details on Teknion's Flintwoods and Natural Veneers.

flintwood & natural veneer

Different wood species offer unique texture and grain. Due to the natural properties of wood, grain pattern and finish color variation can be expected. Teknion provides a coordinated color match between individual product lines.

The variation in technology between Teknion's wood manufacturing facilities and the veneers that are utilized will cause fluctuation in the fill rates and sheen levels. All Flintwood worksurfaces and storage tops are closed pore. All Flintwood used in a vertical application is open pore (Table base infill, Storage Units Case, Focus Board). Natural Veneer in all applications is open pore.

Exposure to direct sunlight should be avoided as UV rays may cause the veneer color to change. Adding new product to an existing installation might result in color variations due to light exposure and aging of the original product. For more information on Teknion wood and cleaning instructions please see Teknion's Fabrics and Finishes program.

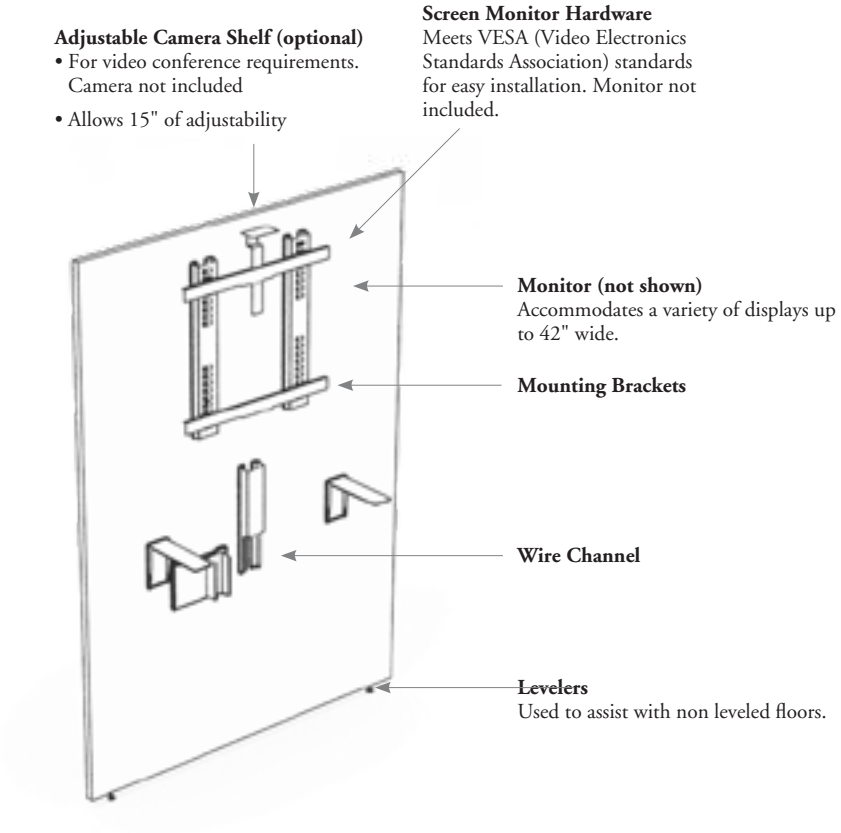
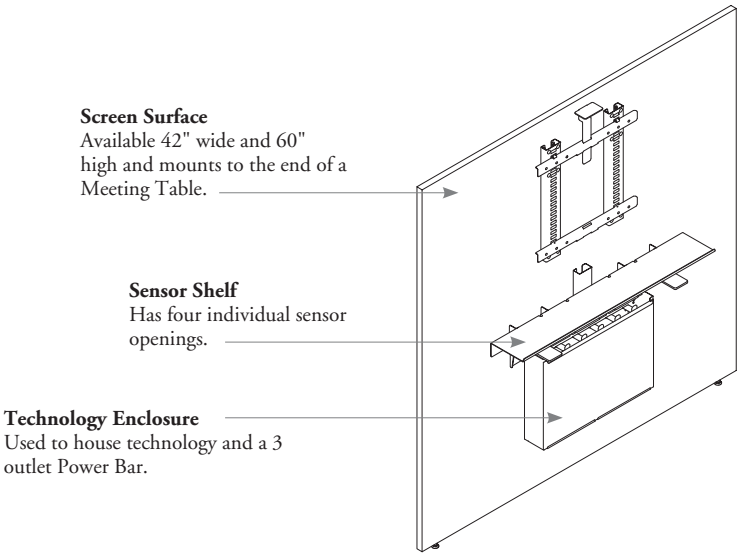
worksurface monitor mount component overview

The following outlines components and features of the Worksurface Monitor Mount.





worksurface monitor mount basics

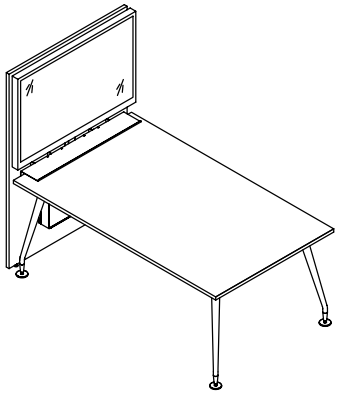
The Worksurface Monitor Mount mounts to the end of a meeting table and can be used in private meeting or open spaces. It is available with or without a Sensor Shelf.

Worksurface Monitor Mount (CUWM)
- Mounts to the end of a meeting table
- Provides two options:
  - Without Tek Shelf
  - With Tek Shelf
- Available only in 42" wide x 60" high
- Can accommodate a District Standing Storage Fascia (tackable fabric or whiteboard) on back side

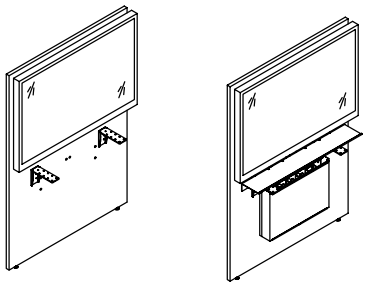
planning with worksurface monitor mount

The following should be considered when planning with Worksurface Monitor Mounts.

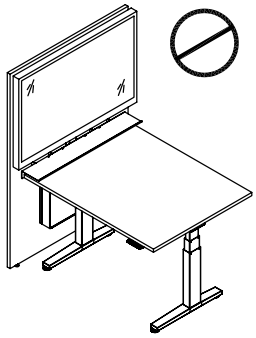
worksurface monitor mount (CUWM)



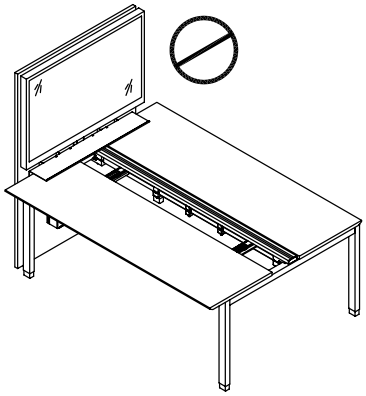
- The Monitor Mount requires a minimum of 27" width between the table legs to avoid interference with the screen brackets
- It is **not** suitable for 24" wide worksurfaces
- Can only be used on a 29" high table



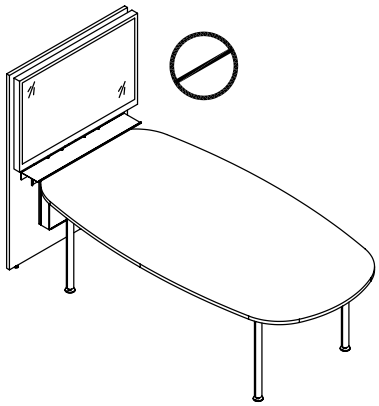
Maximum monitor size is 42" wide



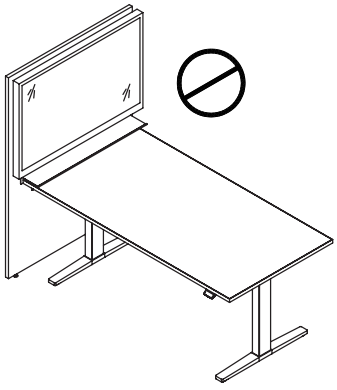
Must be mounted to fixed table. Cannot mount to any height adjustable surfaces or a table with casters.



Cannot be mounted on a sliding worksurface.



Cannot be mounted on a oval table

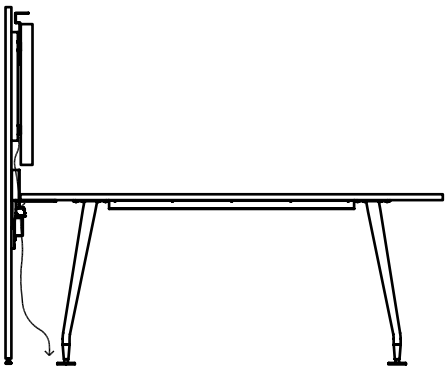


- **Cannot** be used as a table supporting structural member only as an add on piece
- **Cannot** be used where there is a spreader between table legs (example District Legs)

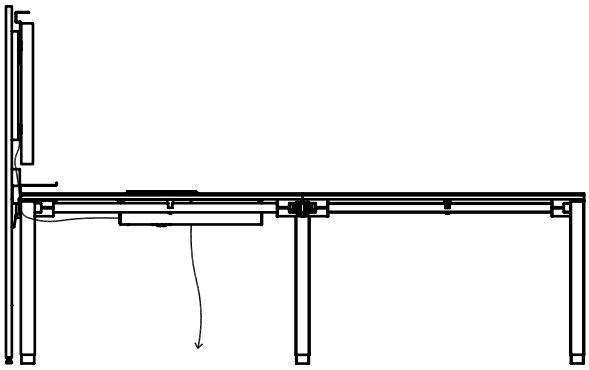
planning with worksurface monitor mount (continued)

power routing

Power routing can be done by three options:



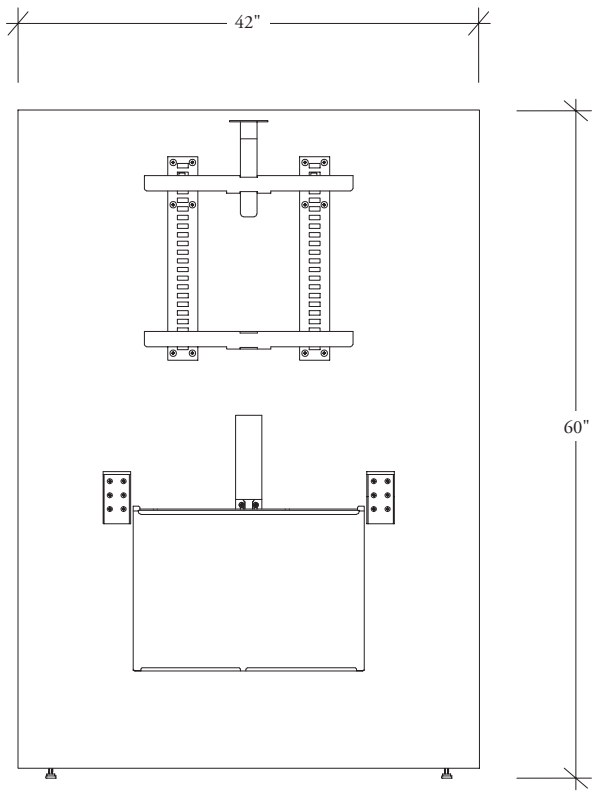
Power is routed down the front of the screen directly to the floor



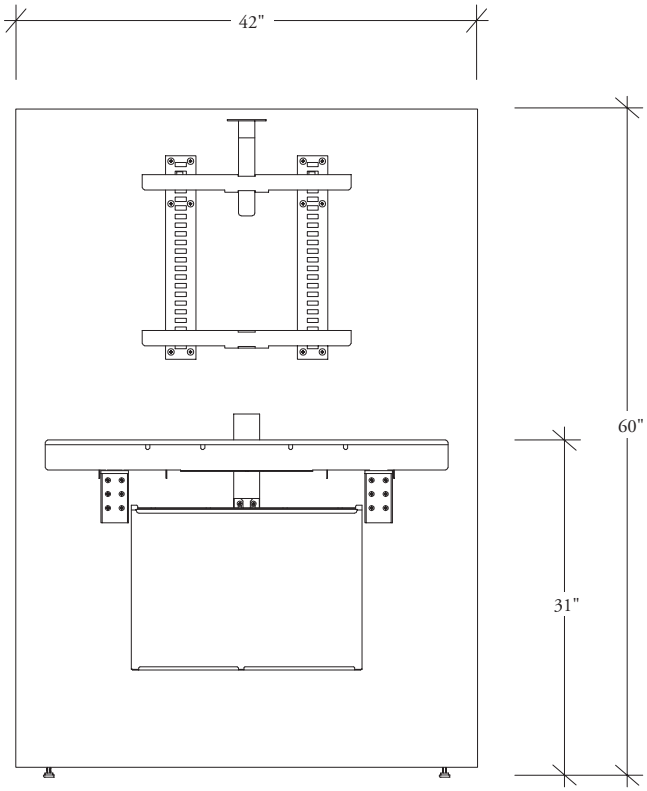
Power is routed down the front of the screen, along the bottom of the Interpret table, routes through CLUBtalk

planning with worksurface monitor mount (continued)

dimensions



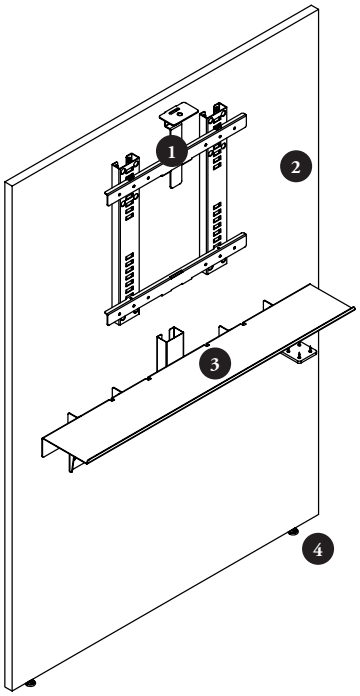
Without Tek Shelf



With Tek Shelf

CLUBtalk finishes

The following outlines the finish options available for Worksurface Monitor Mount and 13" Modular Table.



1. Mounting Brackets: Platinum only
2. Screen: Source Laminate, Seamless Color, Flintwood, Natural Veneer
3. Tek Shelf: Foundation, Mica
4. Levelers: Foundation, Mica

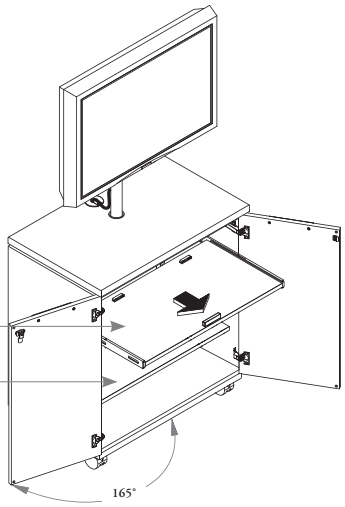
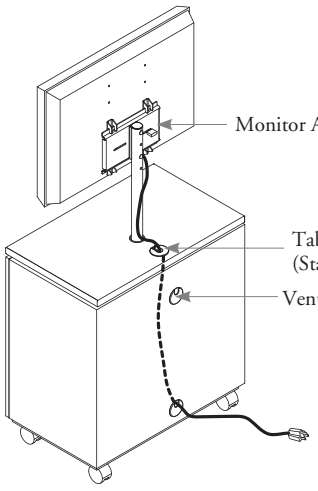
- Laminate Carts are available in a selection of Source Laminates
- Flintwood Carts are available in a selection of Flintwood stains
- Solid Doors will be finished to match the case
- Glass Doors are Frosted (FT) and finished in a clear Anodized frame





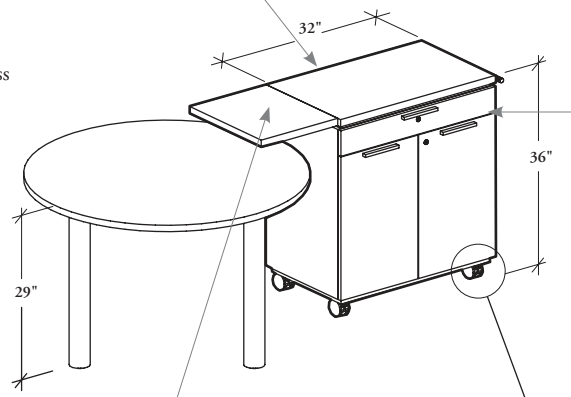
audience® hospitality cart basics

The *Audience* Hospitality Cart is a mobile server that compliments all *Audience* storage table products.

- Locks can be keyed alike or keyed random (not available on glass doors)
- An optional Waste Receptacle can be specified with all *Audience* Hospitality Carts (not available on glass doors)

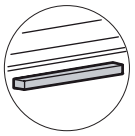
***Audience* Hospitality Carts (AFMV, AFML, AFMF)**

- Available in Laminate, Veneer or Flintwood
- Can be specified with doors or a combination of doors and drawers (Combination shown)
- Doors can be specified solid or glass in finishes to match the *Audience* Credenzas and A.V. Carts



Handle Style

- Not available on glass doors
- Available in Platinum or Ebony colors



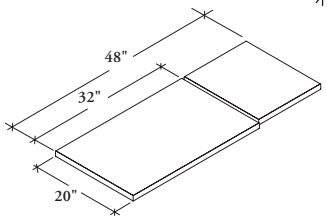
Rectangular (B)

Contemporary (C)

Come with Casters

Finishes

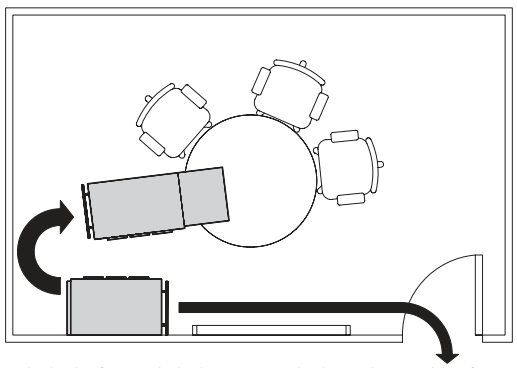
- Veneer Carts are available in a selection of Natural Veneers
- Laminate Carts are available in a selection of Source Laminates
- Flintwood Carts are available in a selection of Flintwood stains
- Solid Doors and drawer will be finished to match the case
- Glass Doors are Frosted (FT) and finished in a clear Anodized frame



Hospitality Cart Top (AFMT)

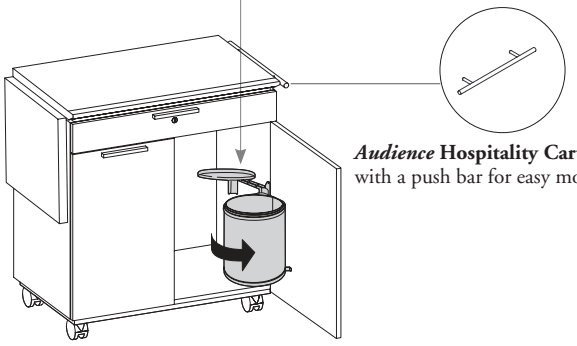
- To be used in conjunction with the *Audience* Hospitality Carts (AFML, AFMF or AFMV)
- Must be specified separately for every *Audience* Hospitality Cart specified
- Can be specified in Foundation Laminates, Seamless Colors, Flintwood stains and Natural Veneers

- Edge trims can be specified in Straight (6), Flintwood Straight (7), Seamless Flat Edge (G), Seamless Full Knife Edge (X), Seamless Eased Edge (E), Flat Edge (G), Full Knife Edge (H), Solid Full Knife Edge (X) or Solid Eased Edge (E)



- With the leaf extended, the unit can be brought to tables for easy serving
- When parked in a corner the hospitality cart acts as a small credenza ideal for smaller meeting rooms
- The unit can be wheeled out when further space is needed

- The optional **Waste Receptacle Unit** when specified, opens when the door is opened
- It is mounted by the user via instructions supplied
- Finished in Aluminum
- Also available in Credenzas



***Audience* Hospitality Carts** come with a push bar for easy mobility

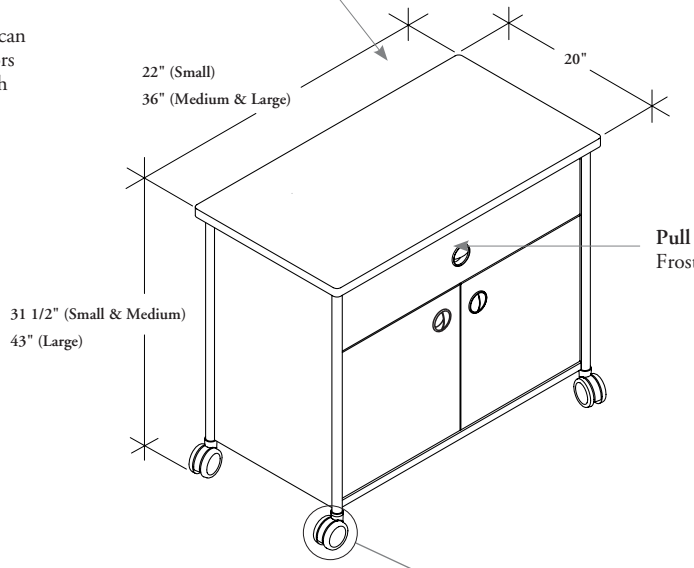
project storage basics

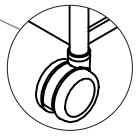
Project storage units are constructed of metal and are offered in a variety of sizes and configurations that can be used within workstations or collaborative spaces.

Locks can be keyed alike or keyed random

Project Carts (AFAS, AFAM, AFAL)

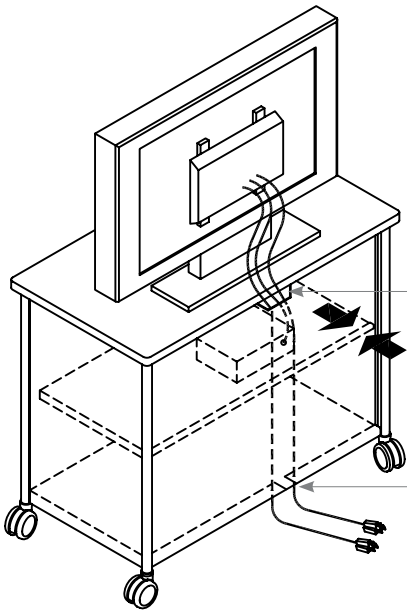
- Three sizes are offered: small, medium and large
- Small Project Carts can be specified open or with doors
- Medium and Large Project Carts can also be specified open or with doors however, can also be specified with combination doors and drawers





- 2 locking and 2 swivel casters are included
- Finished in Platinum with Black wheels

Caster



Finishes

- Post, case and front finishes are available in a selection of Satin, Satin Mica, Textured or Textured Mica colors
- Shelf will be finished to match the case
- Top surface can be specified in Foundation Laminates, Seamless Colors, Flintwood stains or Natural Veneers
- Edge trims can be specified in Flat Trim (8), Flintwood Straight (7), Seamless Flat Edge (G), Seamless Full Knife Edge (X), Seamless Eased Edge (E), Flat Edge (G), Full Knife Edge (H), Solid Full Knife Edge (X) or Solid Eased Edge (E)

wood finish details

The following provides details on Teknion's Flintwoods and Natural Veneers.

flintwood & natural veneer

Different wood species offer unique texture and grain. Due to the natural properties of wood, grain pattern and finish color variation can be expected. Teknion provides a coordinated color match between individual product lines.

The variation in technology between Teknion's wood manufacturing facilities and the veneers that are utilized will cause fluctuation in the fill rates and sheen levels. All Flintwood worksurfaces and storage tops are closed pore. All Flintwood used in a vertical application is open pore (Table base infill, Storage Units Case, Focus Board). Natural Veneer in all applications is open pore.

Exposure to direct sunlight should be avoided as UV rays may cause the veneer color to change. Adding new product to an existing installation might result in color variations due to light exposure and aging of the original product. For more information on Teknion wood and cleaning instructions please see Teknion's Fabrics and Finishes program.

FOCUS WALL™ BASICS 126

DRYWALL RESTRICTIONS 127

ADJACENCY CONDITIONS 128

FOCUS WALL™ LINKING STRIPS 129

FOCUS BOARD™ BASICS 130

focus wall™ basics

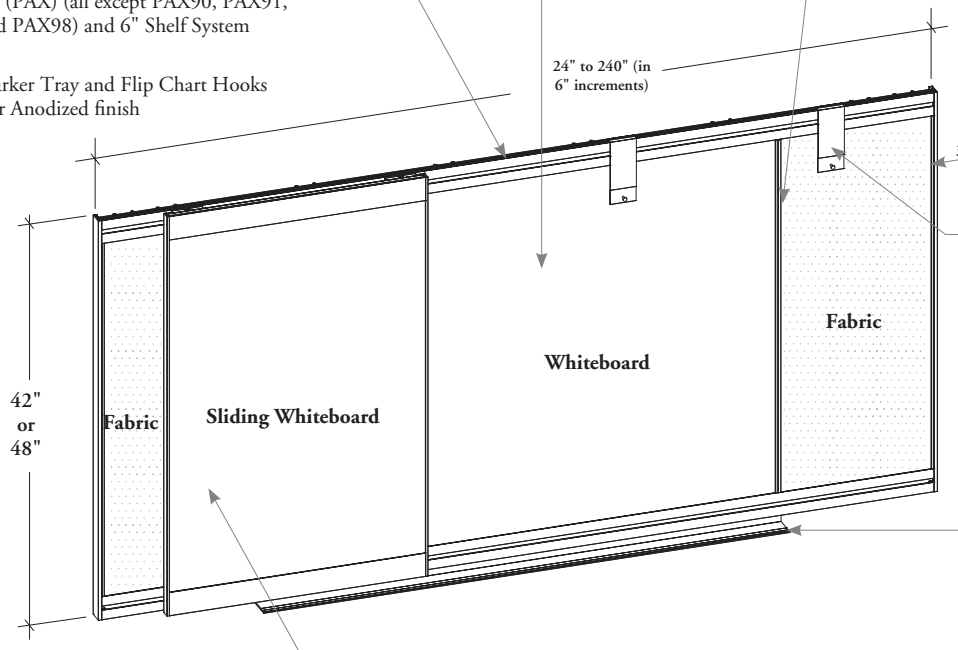
Focus Walls provide a vertical writable or tackable surface for collaborative environments.

- The 48" height matches up with the datum heights of the Altos working wall for applications where dry wall meets perpendicular to an Altos wall
- The 42" height is most appropriate for use in private dry wall offices and can be mounted from worksurface height to line up with casegood datum lines

Focus Wall Frame (AFWF)
- Package of all pieces necessary to make an empty frame in which to hold a whiteboard, tackboard or combination
- Frame is required for every Focus Wall. The Whiteboard (AFWW) or Tackboard (AFWT) cannot be used on their own
- The Focus Wall is for application onto drywall. It cannot be applied to an Altos Wall
- Designed to support compatible Personal Organizers (PAX) (all except PAX90, PAX91, PAX97 and PAX98) and 6" Shelf System (FMS)
- Frame, Marker Tray and Flip Chart Hooks have a clear Anodized finish

Focus Wall Whiteboard (AFWW)
- Fits into the Focus Wall Frame in order to provide an erasable message board
- Must be specified in the same height and width as the Focus Wall Frame if a full Whiteboard is desired
- Whiteboard is a high quality Porcelain:
  - This product accepts magnets
  - Only dry erase markers can be used

Focus Wall Tackboard (AFWT)
- Fits into the Focus Wall Frame in order to provide a tackable work tool
- Must be specified in the same height and width as the Focus Wall Frame
- Combination Whiteboard/Tackboard, the total sum should equal the width of the Focus Wall Frame in which the Whiteboard/ Tackboard is being applied
- Available in all Teknion Panel Fabrics



Must be a minimum of 3" from the wall. See Wall Location restrictions in this chapter

Focus Wall Flip Chart Hooks (AFWC)

Mount to the Focus Wall Frame or to the Sliding Whiteboard to allow for the hanging of flip charts

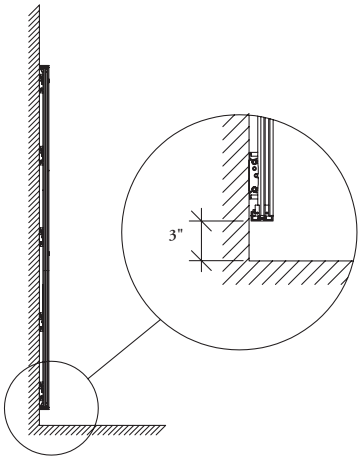
Focus Wall Marker Tray (AFWM)

Fits to the underside of the Focus Wall Frame to provide storage space for markers and brushes

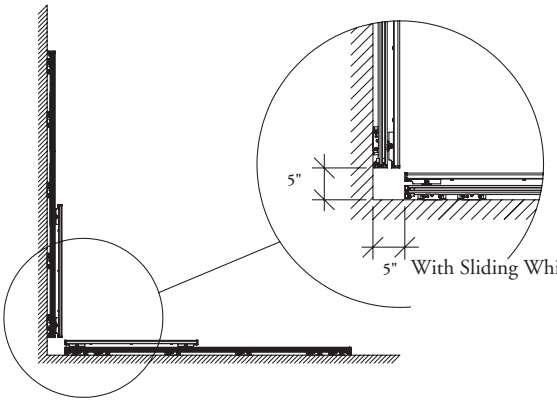
Focus Wall Sliding Whiteboard (AFWS)
- Fits onto the Focus Wall Frame to provide a Sliding, second level writing surface
- The total width should not exceed half of the Focus Wall Frame width

drywall restrictions

The following illustrations demonstrate installation restrictions and are necessary to know in order to accurately specify Focus Wall lengths appropriate for each room and conditions.



The distance between the end of the Focus Wall and the perpendicular wall should be a minimum of 3"



When two Focus Walls are mounted on perpendicular walls, both must be placed a minimum of 5" from the wall

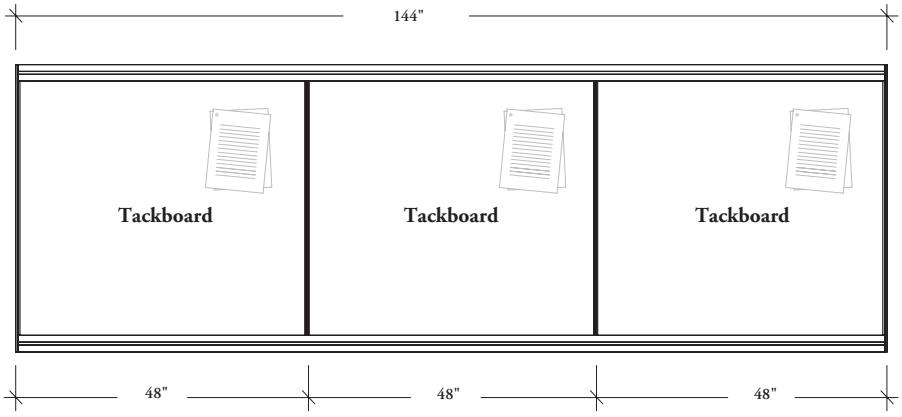
adjacency conditions

Focus Walls can be specified with a variety of combinations of Tackboards and Whiteboards.

When specifying the Focus Wall Tackboard (AFWT), adjacency conditions must be specified to ensure that the appropriate amount of linking strips are provided for the application desired

Full Tackboard

When a full tackboard is desired, Adjacency Condition "N" (Not adjacent to another Whiteboard or Tackboard) should be selected



* Linking Strips provided if 144" Tackboard (AFWT144) is selected

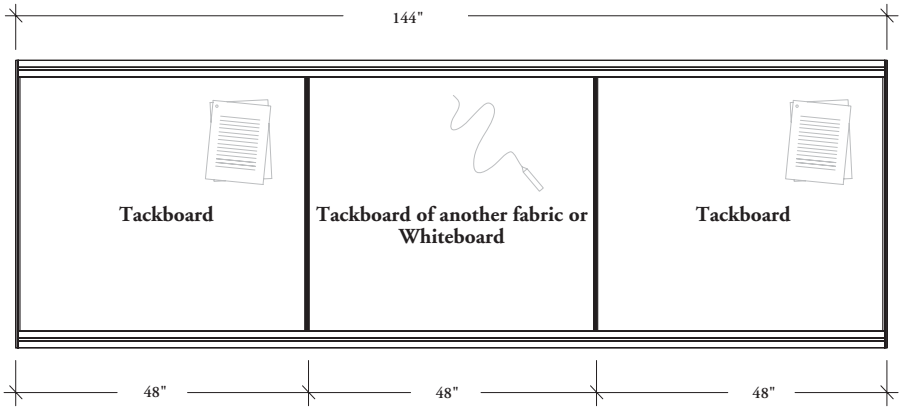
AFWF48144 (Frame)

AFWT48144_N (Tackboard)

Tackboard/Whiteboard Combination (or Tackboard/Tackboard combination of two different fabrics)

When a combination Tackboard/Whiteboard/Tackboard is desired (with Whiteboard the middle), Adjacency condition "S" (Adjacent to one Whiteboard or Tackboard of another fabric) should be selected for each tackboard.

Note: When separated by a Whiteboard, each tackboard should be specified separately (For example 2 x 48" not 96")



AFWF48144 (Frame)

AFWW4848 (Whiteboard)

2 x AFWT4848_S (Tackboard)

or

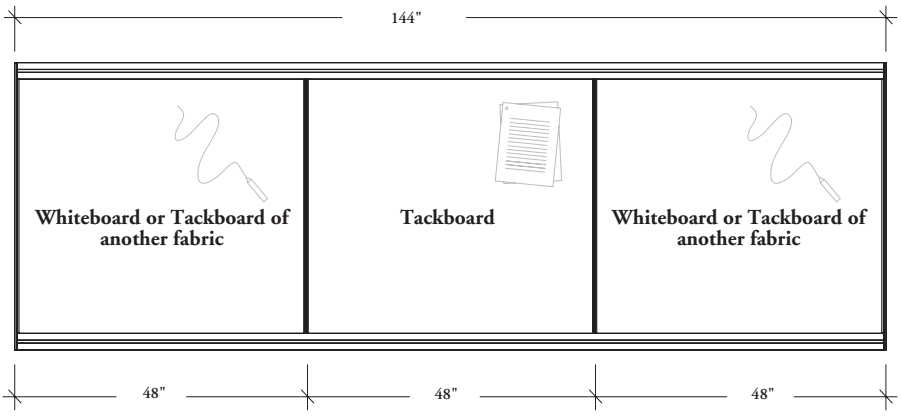
AFWF48144 (Frame)

AFWT4848_N (Tackboard with Fabric A)

2 x AFWT4848_S (Tackboard with Fabric B)

Tackboard Whiteboard Combination (or Tackboard/Tackboard combination of two different fabrics)

When a combination Whiteboard/Tackboard/Whiteboard is desired (with two Whiteboards on the ends), Adjacency condition "D" should be selected



AFWF48144 (Frame)

2 x AFWW4848 (Whiteboard)

AFWT4848_D (Tackboard)

or

AFWF48144 (Frame)

2 x AFWT4848_N (Tackboard with Fabric A)

AFWT4848_D (Tackboard with Fabric B)

focus wall™ linking strips

The following chart indicates the number of panels and linking strips provided.

Although the maximum width available for both the Focus Wall Whiteboard (AFWW) and Focus Wall Tackboard (AFWT) is 20' (240"), the maximum width of a single panel of whiteboard is 8' (96") and of a tackboard is 4' (48"): Larger sizes comprise of various sized panels totaling the width specified in the product code: Linking strips are required to connect these panels together and automatically come with the order when the Whiteboard or Tackboard is specified in sizes larger than 96" (Whiteboard) or 48" (Tackboard).

Whiteboard (AFWW)

Specified Width	Panels Provided	Linking Strips Provided
24" – 96"	1 Panel	none
102" – 192"	2 Panels of equal width	1
198" – 240"	3 Panels (middle is 96", sides are equal width)	2

Tackboard (AFWT)

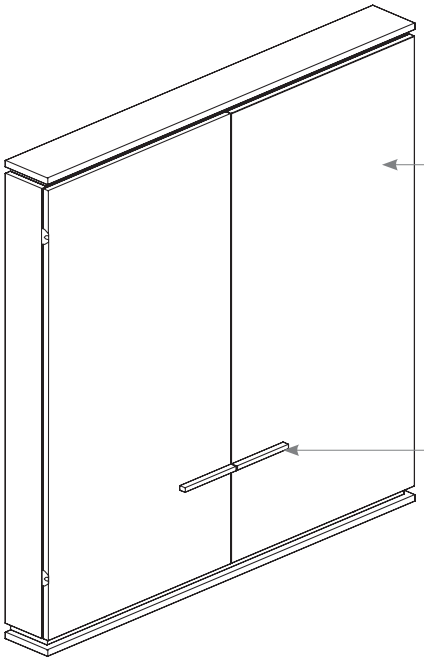
Specified Width	Panels Provided	Linking Strips Provided
12" – 48"	1 Panel	none
54" – 96"	2 Panels of equal width	1
102" – 144"	3 Panels (middle is 48", sides are of equal width)	2
150" – 192"	4 Panels (2 middles are 48", sides are of equal width)	3
198" – 240"	5 Panels (3 middles are 48", sides are equal width)	4

focus board™ basics

The Focus Board is a self-contained, closeable, whiteboard which provided a writable work tool.

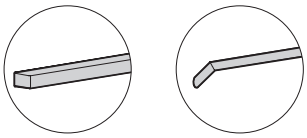
Focus Board (AFWB)

- No other components within this section (Frame, Whiteboard, Tackboard etc) need to be specified for the Focus Board to function
- A blocking arm comes on each door to lock it into a 180˚ position when open
- Has an aesthetic tie to the *Audience* Boardroom furniture

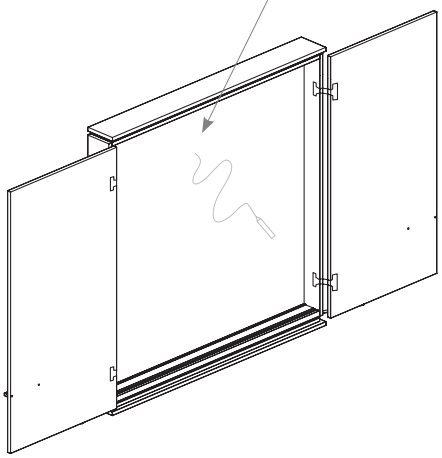


Case and door are available in Source Laminates, Flintwood stains and Natural Veneers

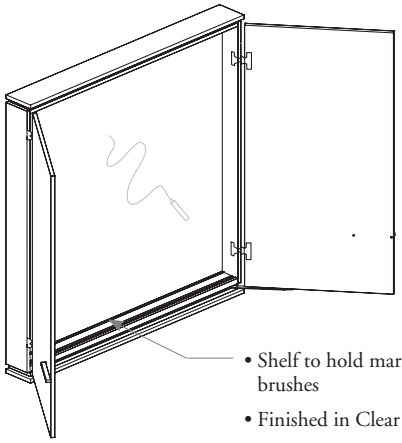
Handle Styles are available in Platinum or Ebony Colors



Rectangular (B) **Contemporary (C)**



Whiteboard is Porcelain and is magnetic



- Shelf to hold markers and brushes
- Finished in Clear Anodized

Stretch Legs

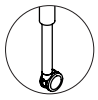
Monopod Base

Fixed Post Leg



Adjustable Post Leg

WHAT'S INCLUDED
1 table surface, base or 4 legs with casters or levelers (as specified).

NOTES
Only Stretch legs are available in a Chrome finish.

No data/electrical options are available for the Monopod base.

Recessed data/electrical is only available on 54" & 60" depths.

Casters are not available on the Monopod base.

Height-Adjustable Post Legs (H) are not available on 54" or 60" depths.

Not all support options are available on all table sizes. See pricing for exact offering.

CALA Power options are only available on the Stretch Leg Base. When CALA Recessed cutout is select, Audience CALA meeting table VBEP will need to be ordered separately.

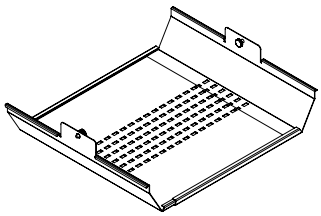
A T S H
Media Shelf



The Media Shelf is a vented metal shelf that mounts to the horizontal support rails, underneath the Boardroom Table surface, to provide a discreet shelf location for media equipment.

NOTES

Available in one size only, and is painted Platinum.

The Media Shelf is adjustable and will fit on Boardroom Tables with depths from 42" to 60". It can accommodate equipment up to 4.75" high and 16" deep.

For 42" depth tables: Will hold media equipment up to 14.25" width.

For 48" depth tables: Will hold media equipment up to 18.25" width.

For 54" depth tables: Will hold media equipment up to 20.25" width.

For 60" depth tables: Will hold media equipment up to 22" width.

PRICING

104

Rail Mount Cable Managers mount to the inside of the horizontal support rails, on Boardroom Tables, to route and manage power and data.

NOTES
2.5" length x 2" high x 1.75" width (each).

Allows for separation of power and data.

Made of plastic and are Platinum in color.

AFAL
Large Project Cart

The Large Project Cart is a mobile storage unit that can be used within workstations or collaborative spaces.

WHAT'S INCLUDED
1 cart, Locks and Keys (if applicable).

NOTES
The shelf finish will match the case finish specified.

All Trim finishes will default to the top finish except when specifying the (8) trim for laminate top.

S O K L
Set of Keys Alike

WHAT'S INCLUDED
Each set of cores include a lock & core and 2 identical keys.

NOTES
All storage furniture is shipped with the lock housing pre-installed in each unit ready to receive the required lock plug cores. Based on the product option, lock cores and keys are shipped either numbered randomly or in "keyed-alike" sets. Quantity of lock cores and keys will match the quantities required for the locking components on the order.

SPECIFICATION NOTES
Count the number of locking components in each workstation. Enter the number of locks into the Quantity column, and then assign a SET to each quantity.

Office Number	Quantity	Set #	Set Total
T1	4	SOKL - 4	1
T2	2	SOKL - 2	1
T3	4	SOKL - 4	1
T4	3	SOKL - 3	1

Total the number of SOKL (Sets of Keys Alike) quantities and transfer each total quantity to your Purchase Order.

Sets ordered in the incorrect quantities that are required for the order may result in the order being placed on hold.

Please verify the quantity by reviewing the plan carefully to ensure that all products with locks have been identified. Remember that some products may have more than one lock core per unit based on size and configuration.

For further details on how to specify locks, please see the Teknion Lock Specification Guide on our website.

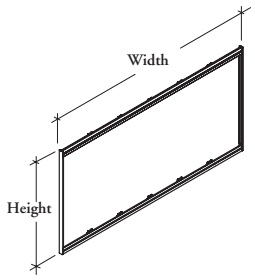
Focus Wall Frame



The Focus Wall Frame is a package of all pieces necessary to make an empty frame in which to hold a whiteboard or a tackboard or combination.

WHAT'S INCLUDED
Top and bottom extrusion (frame wider than 96" comes in more than 1 piece). Linking devices (if required, for frame wider than 96"), mounting brackets, end covers (2), hardware.

WHAT'S EXCLUDED
Focus Wall Whiteboard (AFWW), Focus Wall Tackboard (AFWT).

NOTES
Every Focus Wall requires this frame as a basis for every order with the exception of the Focus Board (AFWB).

The height and width of the frame should equal the sum of the Focus Wall Whiteboard (AFWW) and/or Focus Wall Tackboard (AFWT) which is being applied to the frame.

The Maximum width of Focus Wall Frame must be no more than 6" less than the width of the wall to which it is being applied (3" on either side).

Frame has a clear Anodized finish.

AFWW
Focus Wall Whiteboard

The Focus Wall Whiteboard fits into a Focus Wall Frame (AFWF) in order to provide a writable work tool within a collaborative environment.

WHAT'S INCLUDED
24" – 96" 1 Whiteboard at specified length

102" – 192" 2 Whiteboards of equal widths, 1 linking strip.

198" – 240" 3 Whiteboards (middle board 96", sides are of equal width), 2 linking strips.

WHAT'S EXCLUDED
Focus Wall Frame (AFWF). Focus Wall Whiteboard cannot be mounted without the frame.

NOTES
The nominal height and width of the Focus Wall Whiteboard should equal the nominal height and width of the Focus Wall Frame.

If a combination wall is desired (Whiteboard and Tackboard), the total sum of the Whiteboard (AFWW) and the Tackboard (AFWT) should equal the width of the Focus Wall Frame (AFWF).

Whiteboard is made of porcelain and accepts magnets.

Linking strips have a clear Anodized finish.

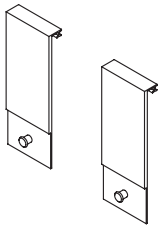
A F W C
Focus Wall Flip Chart Hooks



Focus Wall Flip Chart Hooks mount to the Focus Wall Frame (AFWF) to allow for the hanging of flip charts.

WHAT INCLUDED
2 Hooks.

NOTES
Can be mounted onto a Focus Wall Sliding Whiteboard.

When mounted directly onto the Focus Wall Frame, it will interfere with the Focus Wall Sliding Whiteboard (AFWS) and therefore may need to be temporarily removed to allow for the maximum lateral movement of the sliding whiteboard when necessary.

Flip Chart Hooks have a clear Anodized finish.

AFWB
Focus Board

The Focus Board is a self-contained, closeable whiteboard which provides a writable work tool for use in collaborative environments.

WHAT'S INCLUDED
1 Focus Board, Mounting brackets.

NOTES
Whiteboard is made of porcelain and is magnetic.

No other components within this section (Frame, Whiteboard, Tackboard etc) need to be ordered for the Focus Board to function.

A blocking arm comes on each door to lock it into a 180° position when open.
