Road

Link between Europe and Africa

Core activity of TIMAR, road transport is the heart of the Group's business. Over the years, thanks to a guided relationship by listening and proximity, TIMAR was able to retain its traditional customers but also to be opened to a new markets.

In addition to our standard lines of groupage from all over Europe and Turkey. TIMAR innovates with groupage and full lines to Africa.

Means to better serve you all over the world

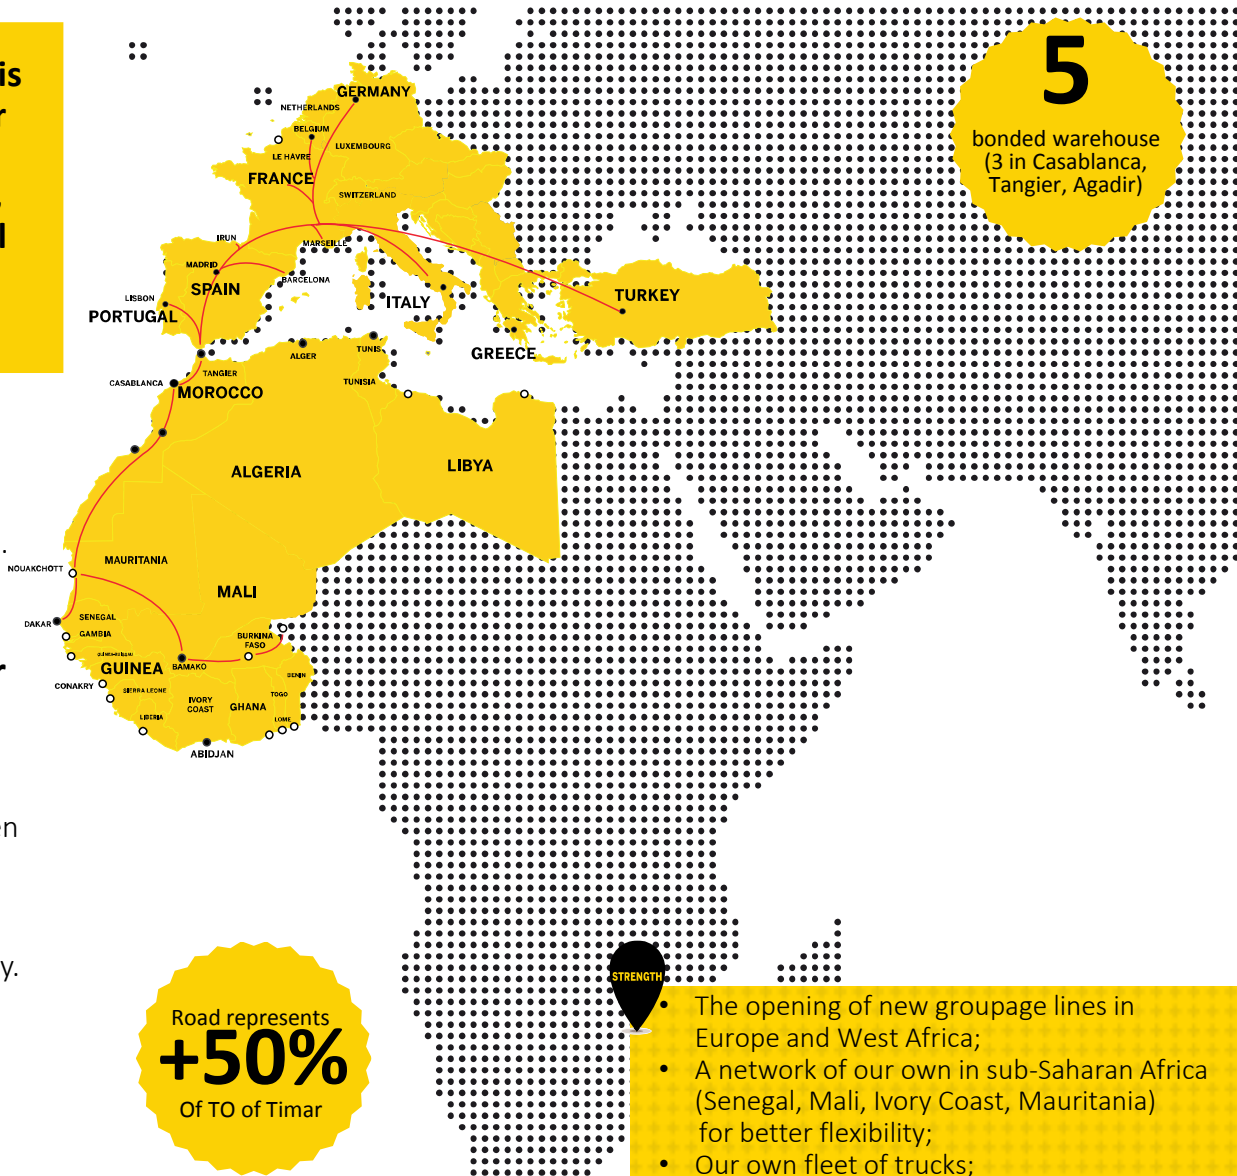

TIMAR has several Road agents across Europe. Our fleet and charter agreements with carriers allow us to guarantee optimum service between Europe and Morocco, between Morocco and West Africa and vice versa. "APTH » carriers allow us to transport your dangerous goods by road for better control delays and more security.
