CZ Technologie ručního ohýbání se v Bystřici pod Hostýnem používá od roku 1861. Dnes na tuto tradici navazujeme a propojujeme ji se současnými nápady designérů. Naše židle a stoly se tak stávají jedinečným spojením kvality, inovativních tvarů a odkazu místa, které se po generace učilo rozumět dřevu. Naše produkty najdete ve více než 60 zemích světa. V restauracích, hotelech, kavárnách, ale i kostelech, domácnostech, veřejných prostorách a na pracovištích. Inspirujte se již uskutečněnými realizacemi.

DE Die Technologie der Handbiegung wird in Bystritz am Hostein seit dem Jahr 1861 angewandt. Heute knüpfen wir an diese Tradition an und verbinden diese mit den zeitgemäßen Ideen von Designern. Unsere Stühle und Tische werden dadurch zu einer besonderen Verbindung von Qualität, innovativen Formen und dem Erbe des Ortes, der über viele Generationen hindurch gelernt hat, die Eigenschaften von Holz zu verstehen. Unsere Produkte finden Sie in mehr als 60 Ländern der Welt. In Restaurants, Hotels, Cafés, aber auch in Kirchen, Haushalten, öffentlichen Räumlichkeiten und Büros. Lassen Sie sich durch unsere realisierten Projekte inspirieren.
