

**FOR OVER 40 YEARS**, Unelko Corporation has manufactured specialty cleaners, coatings and surface treatments for worldwide distribution. Unelko continues to set the world's standard for quality, durability and performance without the use of harsh chemicals or abrasives.

Unelko prides itself on its innovative, proprietary cleaning and patented "Dual-Action" coating technologies for the preservation, enhancement and "preventive cleaning" of surfaces in homes, autos & public facilities. With their ongoing commitment to research & development, Unelko has once again responded to rapidly changing end-user preferences for convenient, safe and environmentally-compliant products.

With their unique product features and performance benefits, these technologies can transform ordinary surfaces into highly water & soil repellent surfaces. With these products, you can reduce the cost of unnecessary chemicals and the time devoted to cleaning. Keep your surfaces like new!

## Technology Through Research

# THE INVISIBLE SHIELD®

The inventors of the world famous RAIN-X® Rain Repellent have developed a unique, innovative line of specialty cleaners & surface treatments, aptly trademarked CLEAN-X® INVISIBLE SHIELD®.

The INVISIBLE SHIELD products clean to a streak-free shine and simultaneously 'SHIELD' surfaces with an 'INVISIBLE' water, soil & stain repellent coating. Now, you can clean easier, faster & less frequently because DIRT, GRIME & MINERALS WON'T STICK!

Invisible Shield durably seals the microscopic pores of the surface to actively repel water, soil & stains for easy removal.

Water, soil & stains stick to an untreated surface requiring harsh chemicals and abrasives for removal.

## WHY USE THE AMAZING "SHIELD" TECHNOLOGY?

- ✓ Lasts from **MONTHS TO YEARS** (Depending Upon Abrasion)
- ✓ Keeps Surfaces Sparkling
- ✓ Saves Work & Ends Scrubbing
- ✓ Protects Against Resoiling
- ✓ Prevents Build-Up for Easier Cleaning
- ✓ Cleans Without Harsh Chemicals
- ✓ 100% SATISFACTION GUARANTEED

# THE CLEAN-X® INVISIBLE SHIELD LINE

## CLEANS • SHINES • PROTECTS

Whether you need to clean, shield, protect or restore your surfaces, Invisible Shield products offer high-tech, time-saving solutions that you can count on!

**For Showers, Tubs, Tile, Sinks, Mirrors, Counters, Toilets & More!**

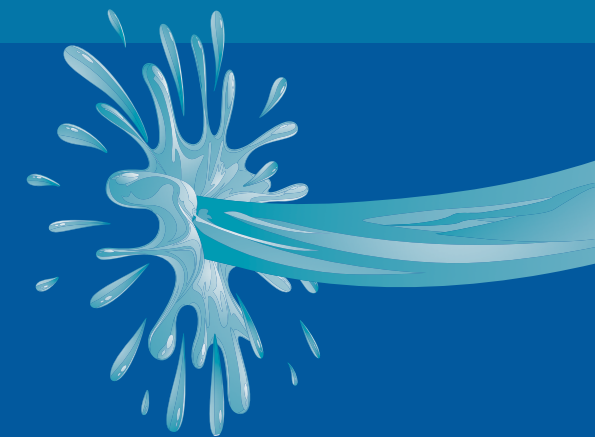

## HERE'S HOW INVISIBLE SHIELD WORKS:

Water, soil, calcium, rust, minerals & stains combine to penetrate the pores and buildup on untreated surfaces.

On a treated surface, water & soil stay on top of the surface without bonding for easy removal without abrasive cleansers.

**DIRT, GRIME & MINERALS WON'T STICK!**
